### Table 9

- Deleted Codes - CPT<sup>®</sup>, CDT<sup>®</sup>, HCPCS, ICD-10-CM & ICD-10-PCS codes that have been discontinued effective **September 30, 2023**.

The standard global billing procedures and edits apply to the new codes unless special billing guidance is otherwise noted. Reimbursement, prior authorization (PA), and billing information apply to services delivered under the fee-for-service (FFS) delivery system. Questions about FFS PA should be directed to Iowa Medicaid Provider Services at 1-800-338-7909 or via email at [imeproviderservices@dhs.state.ia.us](mailto:imeproviderservices@dhs.state.ia.us).

Managed Care Organization (MCOs) establish and publish reimbursement, PA, and billing information within the managed care delivery system. Questions about managed care PA should be directed to the MCP with which the member is enrolled.

The **Q4 2023** code update may include modifications to descriptions for some existing HCPCS/CPT codes. These modifications are available for reference or download from the CMS website at [www.cms.gov](http://www.cms.gov).

The **Q4** code update also includes a list of deleted codes. These codes are available for reference or download from the CMS website at [cms.gov](http://cms.gov). If there is a replacement code, Iowa Medicaid has added the replacement code for which there were deleted codes effective as of **September 30, 2023**.

**Medically Unlikely Edits** are the maximum units of service that a provider would report under most circumstances for a single beneficiary on a single date of service. The **max units** listed in the tables below are derived from the quarterly [Medicaid NCCI Edits](#) released by CMS.

Iowa Medicaid will update the fee schedule as rates become available.
