STATE OF IOWA DEPARTMENT OF Health and Human services

Residential Assessment Application

Michele Baughan, HCBS Operations Manager Brooke Watson, LTSS Policy December 12, 2023

OBJECTIVES:

- 1. Provide a brief overview of the HCBS Settings Final Rule and key concepts of the rule.
- 2. Explain the general purpose of the Residential Assessment and the change from a PDF version to a direct-entry application.
- 3. Outline expectations for the completion of the Residential Assessment.
- 4. Provide instruction on accessing and using the Residential Assessment application.
- 5. Address some process questions as they relate to each section of the Residential Assessment.

HCBS Settings Final Rule

- The Centers for Medicare, and Medicaid Services (CMS) issued a final rule for Home and Community Based Services (HCBS) requiring states to ensure all settings where Medicaid HCBS are provided are or can become compliant with the HCBS Final Rule.
 - The time between the final rule establishment and the compliance deadline for all states is referred to as the "transition period."
 - Transition period ended on March 17, 2023.
- The rule attempts to better define HCBS and how funding may be used.
- The HCBS Setting Final Rule was designed to enhance the quality of HCBS, provide additional protections, and ensure full access to the benefits of community living.
- Reinforces the idea of "systems change/transformation" over the idea of "compliance". Accomplished the intent of the rule when our system has been transformed.

Key Concepts from the HCBS Settings Final Rule

Purpose of the Residential Assessment

- Was and continues to be lowa's main method of assessing residential service settings for compliance with HCBS settings requirements.
- Results are reported to CMS and used to determine whether lowa Medicaid HCBS members are truly experiencing full access to the benefits of community living.
- PDF Residential Assessment Form 470-5466, introduced in 2017.
 - Limitations of the PDF tool resulted in multiple issues with:
 - Downloading
 - Uploading
 - Proper completion of the tool
 - Several unusable key data elements for reporting to CMS.
- Therefore, a new tool for completing Residential Assessments was developed.

Requirements of the Residential Assessment

- Effective January 1, 2024 \rightarrow completed through a new application in IMPA
 - For all HCBS waiver, Habilitation, and MFP members
 - Residential Assessment Form 470-5466 will no longer be used after this date.
- A new residential assessment must be completed using the new application with all HCBS waiver, Habilitation, and MFP members by March 31, 2024.
- Ongoing, case managers must complete a residential assessment with members within 30 days of admission to a waiver, Habilitation, or MFP program and within 30 days of a move to new residence.
- Completion of this training is required before administering the Residential Assessment.
- Residential Assessments must be conducted in-person and in the member's place of residence within thirty days of admission to HCBS waiver, Habilitation, or MFP services and at least annually thereafter. The member must be present, but parents, guardians, or provider staff may participate as needed or desired by the member.

IMPA Registration

If you do not already have access to IMPA, please register here: <u>IMPA (state.ia.us)</u>

Application Roles

IMPA Administrator Role

• Adds and manages user sand roles

Assessor Role

- Creates RAs
- Searches and views created but not submitted RAs created by the assessor or others in their IMPA admin group.
- Cancels RA unless it has been submitted.
- Edits RA unless it has been submitted.
- Prints the RA

Reviewer Role

- Searches and views created but not submitted RAs created by the assessor or others in their IMPA admin group.
- Cancels RA unless it has been submitted.
- Edits RA unless it has been submitted.
- Prints the RA

Specialist Role

- Searches and views all RAs created by the those in their IMPA admin group.
- Deletes RA unless it has been submitted.
- Prints the RA

Opening the Residential Assessment Application

Once you have an account and access to the application, follow these steps to create a new Residential Assessment.

- Sign into IMPA. IMPA (state.ia.us)
- Using the navigation bar, go to Files > HCBS Residential Setting > Submit Assessment
- Assessors must enter the NPI of the organization they are registered under.
- Click select next your organization.

Part 4: Remediation

Case managers have an essential role in ensuring remediation of identified issues. "Remediation" means the action that will be taken when something needs changed or "fixed".

The goal is to resolve any immediate issues and to prevent or reduce the likelihood that the issue will reoccur. The Residential Assessment application remediation section provides a way to document the identified issues and the path for fixing them.

Potential Remediation Paths

- Member Level Remediation	
Member Level Remediation	
The following remediation or modifications are recommended. Member education regarding their rights in HCBS residential settings.	
Member education regarding available residential options. residential service options, or residential service provider options. Review and update to the member's person-centered plan.	
Review and update to the member's restrictive intervention plans or behavioral intervention plan. Addition of or changes to services, supports, assistive devices, or equipment.	- Provider Level Remediation
Other:	Provider Level Remediation
	The following remediation or modifications are recommended. Staff training or education
O Initiated	Review of the member's person-centered plan to ensure staff are following the agreed upon plan.
