Amy McDaniel, Executive Director Iowa Specialty Hospital & Clinic 403 1st Street SE Belmond, IA 50421

Dear Ms. McDaniel;

Attached is a copy of the Licensure Inspection Report completed by the Division of Behavioral Health following the licensure virtual site inspection of *Iowa Specialty Hospital & Clinic*, 403 1st Street SE, Belmond, Iowa on December 20 and 21, 2023. A one year license will be recommended to the Iowa Council on Health and Human Services, Substance Abuse and Problem Gambling Treatment Program Committee. We hope the enclosed report will be of assistance for continued and ongoing program improvement.

This report is composed of the following sections:

- Licensure Inspection Weighting Report;
- Licensure team's recommendations for licensure;
- Completed programmatic check list which identifies the degree of compliance with specific licensure standards; and
- A summary of the inspectors' basis for areas found to be in non-compliance with the licensure standards.

Your current license, which expired December 5, 2023, remains valid until final action is taken by the Substance Abuse/Problem Gambling Treatment Program Committee on this application, per Iowa Code Chapter 17A.18.

Your application for licensure will be reviewed during the Committee's teleconference meeting.

The call-in information for the electronic meeting is:

	of being informed and did the notification include the sanction or discipline order?	
155.21(9)	Child Abuse/Dependent Adult Abuse/Criminal History Background Check	
	Does the program have written policies and procedures that specify procedures that	
	address child abuse, dependent adult abuse and criminal history background checks?	1

a	Do the policies state: - prohibiting mistreatment, neglect or abuse of children and dependent adults by staff include reporting and enforcement procedures - if a staff person is found in violation of Iowa Code sections 232.67 through 232.70 by the department of human services investigation, the staff shall be subject to the program's policies concerning termination - reporting violations immediately to the program's executive director and appropriate Department of Human Services staff	1
b	For staffs working within a juvenile service area, or with dependent adults, do personnel records contain the following?  (1) Documentation of a criminal history background check with the lowa division of criminal investigation on all new staff applicants. The background check shall include asking whether the applicant has been convicted of a crime.  (2) A written, signed and dated statement furnished by a new staff applicant which discloses any substantiated report of child abuse, neglect or sexual abuse or dependent adult abuse.  (3) Documentation of a check prior to permanent acceptance of a person as staff, with the lowa central registry for any substantiated reports of child abuse, neglect or sexual abuse pursuant to lowa Code section 125.14A or substantiated reports of dependent adult abuse for all staff hired or accepted on or after July 1, 1994, pursuant to lowa Code chapter 235B.	1
С	If a record of criminal conviction or founded child abuse or founded dependent adult abuse exists for a person hired by the program, does a record exist that Iowa DHS concluded that the crime or founded child abuse or founded dependent adult abuse does not merit prohibition of employment?  Is there record of the hire having been offered the opportunity to complete and submit Form 470-2310, Record Check Evaluation?	1
d	Has each staff member completed two hours of training relating to the identification and reporting of child abuse and dependent adult abuse within six months of initial employment; and two hours of additional training every three years thereafter?	1
155.21(10)	Patient Records	
	Does the program have written policies and procedures governing patient case records that describe compilation, storage and dissemination of patient records and release or disclosure of information?	1
a	The policies and procedures shall ensure that:  (1) The program protects the patient record against loss, tampering or unauthorized disclosure of information;  (2) The content and format of patient records are uniform;  (3) All entries in the patient record are in chronological order, signed, dated and legible. When records are maintained electronically, a staff identification code number authorizing access shall be accepted in lieu of a signature;  (4) Each entry in the patient record is made in permanent ink, by typewriter, or by computer; and  (5) Entries in the patient record use language consistent with generally accepted standards of practice and do not include abstract terms, technical jargon or slang.	1
b	Does the program provide adequate physical facilities for the secure storage, processing and handling of patient records?	1
С	Is there a program policy authorizing access to appropriate patient records by staff?	1
d	Is there a written policy governing maintenance of patient records for not less than seven (7) years from the date they are officially closed and for the disposal of patient case records?	1
е	Are all paper patient records kept in a suitable locked room or file cabinet?	1

f	Do the program's written policies and procedures provide for the release or disclosure of information on individuals seeking program services or on patients in strict accordance with the Health Insurance Portability and Accountability Act (HIPAA) and state and federal confidentiality laws, rules and regulations?  (1) The confidentiality of substance use disorder patient records and information is protected by HIPAA and the regulations on confidentiality of alcohol and drug abuse patient records, 42 CFR Part 2, which implement federal statutory provisions, 42 U.S.C. 290dd-3 applicable to alcohol abuse patient records, and 42 U.S.C. 290ee-3 applicable to drug abuse patient records.  (2) The confidentiality of problem gambling patient records and information is protected by HIPAA, Iowa Code chapter 228 and Iowa Code section 22.7(35).	1
g	If the program provides services via electronic media, has it informed the patient of the limitations and risks associated with such services and documented in each patient case record that such notices have been provided?	1
h	Upon receipt of a properly executed written release of information signed by the patient, did the program release patient records in a timely manner? Exceptions are allowed for reporting information unrelated to continuum of care, if payment has not been received for such services or in the case of 321J reporting form.	1
155.21(11)	Assessment and Admission	
	Does the program have written policies and procedures that address screening, assessment, referral and admission and documentation of such activities in the patient record?	1
а	Does each patient record contain an assessment developed prior to admission unless the patient's risk factors indicate the need for immediate admission?  (1) If the program admits a patient based on a screening or initial assessment that indicates the patient requires immediate admission, that screening or initial assessment must be updated and expanded to a full assessment when the patient's current risk factors are stabilized.  (2) The assessment shall be documented in the patient record and shall be organized in a manner that supports development of a treatment plan by the program or by any program to which the patient is referred.	1
b	Has the program implemented a uniform assessment process that describes:  (1) The information to be gathered;  (2) Procedures for accepting a referral from another program, agency or organization;  (3) Procedures for referring a patient to another program, agency or organization.	0
С	Does each patient record contain an assessment that has been updated on an ongoing basis within the periods of time specified for each level of care in the management-of-care process? (continuing stay reviews)	1
d	Have the results of the assessment been explained to the patient and family if appropriate, and has the explanation been documented in the patient record?	1
е	Does the patient record contain documentation that the patient has been informed of: (1) The general nature and goals of the program; (2) Rules governing patient conduct and infractions that can lead to disciplinary action or discharge from the program; (3) The hours during which services are available; (4) The costs to be borne by the patient; (5) Patient rights and responsibilities; (6) Confidentiality laws, rules and regulations; and (7) Safety and emergency procedures.	1

155.21(12)	Treatment Plans	
, ,	Does the program have written policies and procedures that describe the program's	
	uniform process for developing individualized treatment plans based on ongoing	1
	assessment and the documentation of such plans in each patient record?	
	Was the treatment plan developed within the period of time between admission and	1
а	the review date specified for that level of care?	1
	Does the treatment plan minimally contain each of the following?	
	(1) A summary of assessment findings;	
b	(2) Patient short- and long-term goals;	0
D	(3) The type and frequency of planned treatment activities;	U
	(4) The staff responsible for the patient's treatment; and	
	(5) Culturally and environmentally specific considerations.	
	Does the treatment plan meet each of the following conditions?	
	> Is the treatment plan developed in partnership with the patient and is patient	
	participation documented in the patient record?	
С	> Is the treatment plan written in a manner clearly understandable to the patient?	1
	> Was the patient provided a copy of the treatment plan?	
	> Is there documentation that the patient and staff reviewed the treatment plan when	
	clinically indicated and within the time frames specified for this level of care?	
	Are treatment plan reviews based on ongoing assessment and do they specify the	
	indicated level of care and licensed program services and any revision of treatment plan	_
d	goals? Are the dates of the reviews and any revisions of the treatment plan	0
	documented in the patient record?	
155.21(13)	Progress Notes	
	Does the program have written policies and procedures that describe a uniform process	
	for reviewing a patent's current status and progress in meeting treatment plan goals	1
	and documenting such review in the patient record?	_
	Do progress notes contain the date each service was provided or observation made and	
а	the name and title of the staff person providing each service or documenting each	1
	observation?	
b	Is there a progress note entered following each individual session?	1
С	Is there a progress note entered at least weekly for group counseling sessions?	NA
	If the note contains a subjective interpretation of the patient's status or progress, is	
d	there a description of the behavioral observation upon which the interpretation was	1
	based?	
155.21(14)	Patient Record Contents	
	Does the program have written policies and procedures that require that a record be	_
	maintained for each patient and do they specify the contents of the patient record?	1
	Do the patient records include the following?	
	(1) Any screening;	
	(2) Each assessment;	
	(3) Results of any physical examination or laboratory test;	
	(4) Admission information;	
	(5) Any report from a referring source or outside resource;	
	(6) Notes from any case conference, consultation, care coordination or case	
а	management;	1
-	(7) Any correspondence related to the patient, including letters, electronic	
	communications and	
	telephone conversations;	
	(8) Any treatment consent form;	
	(9) Any release of information or authorization to disclose;	
	(10) Notes on any service provided; and	
	(11) Any incident report.	
	11	

b	For substance use disorder treatment programs, problem gambling treatment programs, and substance use disorder and problem gambling treatment programs, do the patient records also include each of the following?  (1) Treatment plans; (2) Management-of-care reviews; (3) Medication records, which shall allow for the monitoring of all medications administered and self-administered and detection of adverse drug reactions; (4) Progress notes; (5) Discharge summaries completed within 30 days of discharge, which shall be sufficiently detailed to identify the types of services the patient received, action taken to address specific problems identified, and plans for services and referrals post discharge.  If this program is a problem gambling treatment program or a substance abuse/problem gambling treatment program, does the patient record contain	1
С	documentation of financial counseling services that have assisted the patient in preparing a budget and addressing financial debt options including restitution and bankruptcy?	NA
155.21(15)	Drug Screening	
	Does the program have written policies and procedures addressing collection of drug-screening specimens and utilization of drug-screening results? If the program does not conduct drug screenings, does it have a policy stating such?	1
а	Are specimens collected under direct supervision and analyzed according to program policies, or does the program shall have a policy in place to reduce the patient's ability to alter the test?	1
b	If the program uses an outside laboratory to analyze drug screening, does it comply with federal and state requirements?	NA
С	If the program conducts on-site drug screenings, does the program comply with all Clinical Laboratory Improvement Act regulations?	1
d	Does the patient record reflect the manner in which the drug-screening results are utilized in treatment?	1
155.21(16)	Medical and Mental Health Services	
	Does the program have written policies and procedures to address medical and mental health services?	1
a	In addition to assessment of biomedical conditions and complications as described in the ASAM criteria, has the program taken a medical history and performed a physical examination and necessary laboratory tests as follows for patients admitted to the level of care specified?  (1) Medically managed intensive inpatient treatment and medically monitored intensive inpatient treatment: within 24 hours of admission.  (2) Clinically managed high-intensity residential treatment and clinically managed medium-intensity residential treatment: within 7 days of admission.  (3) Clinically managed low-intensity residential treatment: within 21 days of admission.  (4) Crisis stabilization services and opioid treatment program services: within 24 hours of admission.	NA
b	Have physical, laboratory work and medical histories accepted from qualified sources been completed within 90 days prior to admission?	NA
С	If the program has accepted a mental health history from a qualified source, was the history completed no more than three (3) days prior to the patient's current admission?	NA
155.21(17)	Emergency Services	
	Does the program have written policies and procedures addressing the availability of emergency services for SUD's and medical and mental health conditions?	1
a	Does the program have emergency services available 24 hours/day, 7 days/week?	1
	Fred and the control of the control	-

b	If the program does not provide emergency services, does it ensure they are available from another qualified individual, institution, facility or legal entity?	NA
С	Has the program communicated the availability of emergency services by posting notice at facilities, having a recorded message on the program's telephone system, posting notice on the program's web site and through program materials?	1
155.21(18)	Medication Control	
` .	Does the program have written policies and procedures that describe how medications are administered or self-administered in accordance with federal, state and local laws, rules and regulations?  If the program does not conduct medication administration or self-administration, does its policies and procedures state as such?	1

#### JUSTIFICATION OF VARIANCE

The following items were rated "0" (Non Compliance) and points were subtracted from the Licensure Weighting Report.

### 155.21(11) Assessment and Admission\*

B. Assessment and admission was in non-compliance because the program did not implement a uniform assessment process for referring a patient to another program, agency, or organization.

## 155.21(12) Treatment Plans\*

- B. Treatment plans was in non-compliance because the treatment plan did not include a summary of assessment findings; patient short-term goals; or the type and frequency of planned treatment activities.
- D. Treatment plans was in non-compliance because the treatment plan reviews were not based on ongoing assessment.

# 155.21(19) Management of Care and Discharge Planning\*

- A. Management of care and discharge planning was in non-compliance because the patient record does not contain documentation of care coordination to meet each patient's needs to promote effective outcomes. (This was noted as an area of non-compliance at the December 2022 inspection.)
- D. Management of care and discharge planning was in non-compliance because planning is not started at the time of admission and does not include ongoing post-discharge patient needs.
- \*Technical assistance was provided during the virtual site inspection. Licensee was provided specific technical assistance on the following areas of non-compliance:
  - Although not an area of non-compliance, licensee was provided technical assistance around documenting the full name of entities on releases of information as some consents were noted as "insurance" or only contained the first name of the individual to which the disclosure was to be made. Licensee was informed releases need to be specific and list the first and last name of who the release is for.
  - Licensee was informed referrals for more intensive levels of care were not clearly documented in patient records. During the inspection, the licensee was provided with detailed findings from the surveyor's review of patient records.

Iowa Specialty Hospital & Clinic 403 1st Street SE Belmond, IA 50421

Inspection date: December 20 and 21, 2023 (Virtual Inspection)

- Licensee was informed the treatment plan needs to include all required elements (summary of assessment findings; short-and long-term goals; type and frequency of planned treatment activities; staff responsible for the patient's treatment; and culturally and environmentally specific considerations).
- Licensee was informed the treatment plan reviews need to include updated goals based on an ongoing assessment of patient needs. During the inspection, the licensee was provided with detailed findings from the surveyor's review of patient records.
- Licensee was informed that patient records must contain any report from a referring source or outside resource. Patient records did not contain any documents or reports from the referral source other than notation that the patient was being referred to the licensee.
- Licensee was informed some patient records did not contain a thorough drug use history. Drug use histories should contain age of onset, method of use, amounts, frequency of use, and last reported use. Licensee was provided with detailed feedback for each patient record that was deficient in this area.
- Although not an area of non-compliance, licensee was provided technical assistance around the importance of utilizing screening tools to assess for substance use withdrawal potential.
- Licensee was informed patient records did not include evidence of individualized discharge planning at the time of admission. All patient records contained the same discharge plan, "when there is sustained cessation of symptoms". During the inspection, the licensee was provided with technical assistance with examples of how to individualize discharge planning.
