Remote Supports meet the HCBS Settings Rule

Person Centered

HCBS Guidelines Require Support Plans that are:

- Important **TO** the Individual
- Important **FOR** the Individual
- Directed **BY** the Individual

Remote Supports is an HCBS Service

Remote Supports

Empowers people with intellectual and developmental disabilities to live independently in their own homes and communities using a remote support staff and assistive technologies.

ALEX KOSMA

SafeinHome Remote Support Staff – An Insider Perspective

Our Remote Supports is a service, not a thing.

It is not replacing humans with technology but is a trained workforce connecting and supporting people through technology.

The Person Supported

A person-centered support service that offers:

- **Individualized Solutions** developed by the person and the care circle
- **A Learning Environment** that's supportive and safe
- **The Next Step to Independence** to support the needs and desires of each individual
- **Remote Support Staff** always available - 24/7; always supportive - never directive
