Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Adult day care services provide an organized program of supportive care in a group or individual environment to persons who need a degree of supervision and assistance on regular or intermittent basis in a day care center or in the home due to the absence of the primary caregiver. Supports provided during day care would be protective oversight, supervision, ADLs and IADLs. Included are personal cares (i.e.: ambulation, toileting, feeding, medications), behavioral support, or intermittent health-related cares, not otherwise paid under other waiver or state plan programs.

Meals provided as part of these services shall not constitute a full nutritional day; each meal is to provide 1/3 of daily dietary allowances.

Transportation is not a required element of adult day services, but when transportation is provided to and from the ADC location the cost of transportation is included in the rate paid to the ADC provider.

Adult day care does not cover therapies: OT, PT or Speech.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Adult day services have an upper rate limit if there is no Veterans Administration contract. The upper rate limits are published in 441 IAC Chapter 79. The rates are subject to change on a yearly basis.

A unit of service is 15 minutes, a half day (1 to 4 hours), a full day (4.25 to 8 hours) or an extended day (8.25 to 12 hours). When Adult Day Care services are provided to an individual member within their home, the unit of service is a 15-minute unit and the reimbursement rate is the Adult Day Care provider’s Adult Day Care rate for the 15-minute unit of service or the provider’s Specialized Respite rate not to exceed the current upper rate limit for Specialized Respite in 441 IAC 79.1(2) at the time the service is delivered, whichever applies.

The total cost of Adult Day Care provided in the member’s home may not exceed the current upper rate limit for Specialized Respite in 441 IAC 79.1(2) at the time the service is delivered.

Transportation is not a required element of adult day services but if the cost of transportation is provided and charged to Medicaid, the cost of transportation must be included in the adult day health rate.

The case manager is responsible for authorizing services based on member need and monitors the service to assure that needed services are provided.

If transportation to and from the ADC is needed (based on the ADC providers transportation), the CM will authorize and monitor the authorized transportation as needed.

Members enrolled in the waiver have access to Iowa’s Medicaid Exception to Policy option. ETPs can be requested to Iowa Administrative Code (IAC) rules but cannot be requested for Federal requirements or state law. Members needing additional services in order to ensure health, safety, or other issues can request ETPs. The request must substantiate the exceptional need and also address why no other Medicaid or waiver service can address the issue. Decisions regarding ETP requests are approved by the Department of Health and Human Services director.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Services designed to assist participants in acquiring, retaining and improving the self-help, socialization and adaptive skills necessary to reside successfully in home and community-based settings.

Components of this service include the following:

Day Habilitation means services that provide opportunities and support for community inclusion and build interest in and develop skills for active participation in recreation, volunteerism and integrated community employment. Day habilitation provides assistance with acquisition, retention, or improvement of socialization, community participation, and daily living skills.

Scope. Day habilitation activities and environments are designed to foster the acquisition of skills, positive social behavior, greater independence, and personal choice. Services focus on supporting the member to participate in the community, develop social roles and relationships, and increase independence and the potential for employment. Services are designed to assist the member to attain or the member's individual goals as identified in the member's comprehensive service plan. Services may also provide wraparound support secondary to community employment.

Day habilitation activities may include:

- (1) Identifying the member's interests, preferences, skills, strengths and contributions,
- (2) Identifying the conditions and supports necessary for full community inclusion and the potential for competitive integrated employment,
- (3) Planning and coordination of the member's individualized daily and weekly day habilitation schedule,
- (4) Developing skills and competencies necessary to pursue competitive integrated employment
- (5) Participating in community activities related to hobbies, leisure, personal health, and wellness,
- (6) Participating in community activities related to cultural, civic, and religious interests,
- (7) Participating in adult learning opportunities,
- (8) Participating in volunteer opportunities,
- (9) Training and education in self-advocacy and self-determination to support the member's ability to make informed choices about where to live, work, and recreate,
- (10) Assistance with behavior management and self-regulation,
- (11) Use of transportation and other community resources,
- (12) Assistance with developing and maintaining natural relationships in the community,
- (13) Assistance with identifying and using natural supports,
- (14) Assistance with accessing financial literacy and benefits education,
- (15) Other day habilitation activities deemed necessary to assist the member with full participation in the community.

Family training option. Day habilitation services may include training families in treatment and support methodologies or in the care and use of equipment. Family training may be provided in the member's home. The unit of service is 15 minutes.

Expected outcome of service. The expected outcome of day habilitation services is active participation in the community in which the member lives, works, and recreates. Members are expected to have opportunities to interact with individuals without disabilities in the community, other than those providing direct services, to the same extent as individuals without disabilities.

Setting. Day habilitation shall take place in community-based, nonresidential settings separate from the member's residence. Family training may be provided in the member's home.

Duration. Day habilitation services shall be furnished for four or more hours per day on a regularly scheduled basis for one or more days per week or as specified in the member's comprehensive service plan. Meals provided as part of day habilitation shall not constitute a full nutritional regimen (three meals per day).

Concurrent services. A member's comprehensive service plan may include two or more types of nonresidential habilitation services (e.g., day habilitation, individual supported employment, long-term job coaching, small-group supported employment, and prevocational services). However, more than one service may not be billed during the same period of time (e.g., the same hour).

Transportation. When transportation is provided to the day habilitation service location from the member's home and from the day habilitation service location to the member's home, the day habilitation provider may bill for the time spent transporting the member.

A unit of service may be a 15- minute unit or a full day (4.25 to 8 hours). For the family training option, a unit of service is a 15 minute unit

Meals provided as part of this service shall not constitute a full nutritional regimen of 3 meals per day. The individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

Exclusions. Day habilitation payment shall not be made for the following:

- (1) Vocational or prevocational services. Services that are available to the individual under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available to the individual for the service under these programs shall be maintained in the service plan of each member receiving day habilitation services.
- (2) Compensation to members for participating in day habilitation services.
- (3) Support for members volunteering in for-profit organizations and businesses.
- (4) Support for members volunteering to benefit the day habilitation service provider

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

Meals provided as part of this service shall not constitute a full nutritional regimen of 3 meals per day. The individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

Exclusions. Day habilitation payment shall not be made for the following:

- (1) Vocational or prevocational services. Services that are available to the individual under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available to the individual for the service under these programs shall be maintained in the service plan of each member receiving day habilitation services.
- (2) Compensation to members for participating in day habilitation services.
- (3) Support for members volunteering in for-profit organizations and businesses.
- (4) Support for members volunteering to benefit the day habilitation service provider

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

The units of family training option services are limited to a maximum of 40, 15-minute units per month. If additional family training service units are needed, an exception to policy (ETP) may be requested by the member, case manager or community based case manager. An ETP requires the Department to review and prior authorization any additional services above the 40 units. .

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition** (*Scope*):

“Prevocational services” means services that provide career exploration, learning and work experiences, including volunteer opportunities, where the member can develop non-job-task-specific strengths and skills that lead to paid employment in individual community settings.

Scope. Prevocational services are provided to persons who are expected to be able to join the general workforce with the assistance of supported employment. Prevocational services are intended to develop and teach general employability skills relevant to successful participation in individual employment. These skills include but are not limited to the ability to communicate effectively with supervisors, coworkers and customers; an understanding of generally accepted community workplace conduct and dress; the ability to follow directions; the ability to attend to tasks; workplace problem-solving skills and strategies; general workplace safety and mobility training; the ability to navigate local transportation options; financial literacy skills; and skills related to obtaining employment. Prevocational services include career exploration activities to facilitate successful transition to individual employment in the community. Participation in prevocational services is not a prerequisite for individual or small-group supported employment services.

(1) Career exploration. Career exploration activities are designed to develop an individual career plan and facilitate the member’s experientially based informed choice regarding the goal of individual employment. Career exploration may be authorized for up to 34 hours, to be completed over 90 days in the member’s local community or nearby communities and may include but is not limited to the following activities:

1. Meeting with the member, and their family, guardian or legal representative to introduce them to supported employment and explore the member’s employment goals and experiences
2. business tours,
3. informational interviews,
4. job shadows,
5. benefits education and financial literacy,
6. assistive technology assessment, and
7. other job exploration events.

(2) Expected outcome of service.

1. The expected outcome of prevocational services is individual employment in the general workforce, or self-employment, in a setting typically found in the community, where the member interacts with individuals without disabilities, other than those providing services to the member or other individuals with disabilities, to the same extent that individuals without disabilities in comparable positions interact with other persons; and for which the member is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities.

2. The expected outcome of the career exploration activity is a written career plan that will guide employment services which lead to community employment or self-employment for the member.

b. Setting. Prevocational services shall take place in community-based nonresidential settings.

c. Concurrent services. A member’s individual service plan may include two or more types of nonresidential habilitation services (e.g., individual supported employment, long-term job coaching, small-group supported employment, prevocational services, and day habilitation); however, more than one service may not be billed during the same period of time (e.g., the same hour).

Transportation provided as a component of prevocational services and the cost of transportation is included in the rate paid to providers of prevocational services.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is one hour.

Exclusions. Prevocational services payment shall not be made for the following:

- (1) Services that are available to the individual under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available to the individual for the service under these programs shall be maintained in the service plan of each member receiving prevocational services.
- (2) Services available to the individual that duplicate or replace education or related services defined in the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.).
- (3) Compensation to members for participating in prevocational services.
- (4) Support for members volunteering in for-profit organizations and businesses other than for-profit organizations, or businesses that have formal volunteer programs in place (e.g. hospitals, nursing homes), and support for members volunteering to benefit the service provider is prohibited.
- (5) The provision of vocational services delivered in facility-based settings where individuals are supervised for the primary purpose of producing goods or performing services or where services are aimed at teaching skills for specific types of jobs rather than general skills.
- (6) A prevocational service plan with the goal or purpose of the service documented as maintaining or supporting the individual in continuing prevocational services or any employment situation similar to sheltered employment.

Limitations.

- (1) Time limitation for members starting prevocational services. For members starting prevocational services after May 4, 2016, participation in these services is limited to 24 calendar months. This time limit can be extended to continue beyond 24 months if one or more of the following conditions apply:

1. The member who is in Prevocational Services is also working in either individual or small group community employment for at least the number of hours per week desired by the member, as identified in the member's current service plan; or
2. The member who is in Prevocational Services is also working in either individual or small group community employment for less than the number of hours per week the member wants, as identified in the member's current service plan, but the member has services documented in his/her current service plan, or through another identifiable funding source (e.g. IVRS), to increase the number of hours the member is working in either individual or small group community employment; or
3. The member is actively engaged in seeking individual or small group community employment or individual self-employment, and services for this are included in his/her current service plan, or services funded through another identifiable funding source (e.g. IVRS) are documented in the member's service plan; or
4. The member has requested supported employment services from Medicaid and IVRS in the past 24 months and has been denied and/or placed on a waiting list by both Medicaid and IVRS; or
5. The member has been receiving Individual Supported Employment service (or comparable services available through IVRS) for at least 18 months without obtaining seeking individual or small group community employment or individual self-employment.
6. The member is participating in career exploration activities

- (2) Time limitation for members enrolled in prevocational services. For members enrolled in prevocational services on or before May 4, 2016, participation in these services is limited to 90 business days beyond the completion of the career exploration activity including the development of the career plan. This time limit can be extended as stated in paragraphs "1" through "6." If the criteria in paragraphs 1" through "6" do not apply, the member will not be reauthorized to continue prevocational services.

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Residential-based supported community living services are medical or remedial services provided to children under the age of 18 while living outside their home in a residential-based living environment furnished by the residential-based supported community living service provider. The services eliminate barriers to family reunification or develop self-help skills for maximum independence.

a. Allowable service components are the following:

(1) Daily living skills development. These are services to develop the child's ability to function independently in the community on a daily basis, including training in food preparation, maintenance of living environment, time and money management, personal hygiene, and self-care.

(2) Social skills development. These are services to develop a child's communication and socialization skills, including interventions to develop a child's ability to solve problems, resolve conflicts, develop appropriate relationships with others, and develop techniques for controlling behavior.

(3) Family support development. These are services necessary to allow a child to return to the child's family or another less restrictive service environment. These services must include counseling and therapy sessions that involve both the child and the child's family at least 50 percent of the time and that focus on techniques for dealing with the special care needs of the child and interventions needed to alleviate behaviors that are disruptive to the family or other group living unit.

4) Counseling and behavior intervention services. These are services to halt, control, or reverse stress and social, emotional, or behavioral problems that threaten or have negatively affected the child's stability. Activities under this service include counseling and behavior intervention with the child, including interventions to ameliorate problem behaviors.

b. Residential-based supported community living services must also address the ordinary daily-living needs of the child, excluding room and board, such as needs for safety and security, social functioning, and other medical care.

c. Residential-based supported community living services do not include services associated with vocational needs, academics, day care, Medicaid case management, other case management, or any other services that the child can otherwise obtain through Medicaid. The services under the Intellectual Disability Waiver, including the RBSCS service, are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with the waiver objectives of avoiding institutionalization. The member's case manager is responsible for assuring state plan services, including EPSDT, are appropriately authorized in the member's services plan as needed.

d. Room and board costs are not reimbursable as residential-based supported community living services.

e. The scope of service shall be identified in the child's service plan pursuant to 441—paragraph 77.37(23)“d.”

f. Residential-based supported community living services shall not be simultaneously reimbursed with other residential services provided under an HCBS waiver or otherwise provided under the Medicaid program

The cost of transportation services is provided through the tiered rate fee schedule funding and is used to conduct business errands and essential shopping, travel to and from work or day programs, and to reduce social isolation. Transportation, the waiver service, is not available to members accessing RBSCS services. Transportation to and from school are not reimbursable under the RBSCS service.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is a day. The maximum number of units of residential-based supported community living services available per child is 365 daily units per state fiscal year, except in a leap year when 366 daily units are available.

The services under the Intellectual Disabilities Waiver, including RBSCS services, are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Category 1:**

**Sub-Category 1:**

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that time period. The purpose of respite is to enable the member to remain in the member's current living situation. Staff to member ratios shall be appropriate to the member's needs as determined by the member's interdisciplinary team. The interdisciplinary team shall determine if the member shall receive basic individual respite, specialized respite or group respite. Basic individual respite means respite provided on a staff-to-member ratio of one to one to members without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse; group respite is respite provided on a staff to member ratio of less than one to one; specialized respite means respite provide on a staff to member ratio of one to one to members with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

The state of Iowa allows respite services to be provided in variety of settings and by different provider types. All respite services identified in Appendix J fall within the definition of basic, specialized or group respite. For reporting purposes in Appendix J, the following provider types are listed as separate respite service:

- Home Health Agency (HHA) may provide basic, group, and specialized respite
- Residential Care Facility for persons with Intellectual Disabilities (RCF/ID) may provide basic, group or specialized respite
- Homecare and Non-Facility based providers may provide basic, group and specialized respite
- Hospital or Nursing Facility – skilled, may provide basic, group and specialized respite
- Organized Camping programs (residential weeklong camp, group summer day camp, teen camp, group specialized summer day camp) may provide basic, group and specialized respite
- Child Care Centers may provide basic, group and specialized respite
- Nursing Facility may provide basic, group or specialized respite
- Intermediate Care facilities for persons with Intellectual Disabilities (ICF/ID) may provide basic, group or specialized respite

The payment for respite is connected to the staff to member ratio. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when provided in a residential 24 hours camp program.

Federal Financial Participation is not claimed for the cost of room and board except when provided as part of respite care furnished in a facility approved by the State that is not a private residence.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Services provided outside the member’s home, such as a licensed facility, shall not be reimbursable if the living unit where the respite is provided is reserved for another person on a temporary leave of absence. Respite may be provided in facilities (RCF/ID, ICF/ID etc.). This language is in the Iowa Administrative Code for respite services and is included in the renewal application to avoid the duplication of payment between Medicaid and the facility. Facilities are paid for reserved bed days as part of the facility per diem payment rate. Facilities are paid for days when the member is out of the facility for hospitalization, home visits, vacations, etc. ID waiver funds cannot be used to pay for a person to stay in the facility in a bed that is being paid for as a reserved bed day.

- a. Staff-to-consumer ratios shall be appropriate to the individual needs of the member as determined by the member’s interdisciplinary team.
- b. A unit of service is a 15 minute unit.
- c. Payment for respite services shall not exceed \$7,334.62 per the member’s waiver year.
- d. The service shall be identified in the member’s individual comprehensive plan.
- e. Respite services shall not be simultaneously reimbursed with other residential or respite services, HCBS ID waiver supported community living services, Medicaid or HCBS ID nursing, or Medicaid or HCBS ID home health aide services.
- f. Respite care is not to be provided to persons during the hours in which the usual caregiver is employed except when the member is attending a 24 hour residential camp. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member. The current IME policy identifies that respite is not appropriate for a paid caregiver. If respite is needed, another CDAC provider can be employed. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in rule 441-83.60(249A).
- h. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.
- i. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

The individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

**Service Name: Respite**

**Provider Category:**

Agency

**Provider Type:**

Agency

**Provider Qualifications**

**License** (*specify*):

**Certificate** (*specify*):

Agencies certified by the department to provide respite in a member's home that meet the organizational standards set forth in 441 IAC 77.39(1), 77.39(3) through 77.39(7)

**Other Standard** (*specify*):

Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name. In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.
2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.
  - c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.
  - d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation in these locations shall not exceed 72 continuous hours.

Facility- Nursing Facility

**Provider Qualifications**

**License** (*specify*):

Licensed by the Department of Inspections and Appeals 481 IAC Chapters 58 and 61.

**Certificate** (*specify*):

**Other Standard** (*specify*):

Conditions of participation for nursing facilities. All nursing facilities shall enter into a contractual agreement with the department which sets forth the terms under which they will participate in the program.

(1) Procedures for establishing health care facilities as Medicaid facilities. All survey procedures and certification process shall be in accordance with Department of Health and Human Services publication "State Operations Manual."

- a. The facility shall obtain the applicable license from the department of inspections and appeals and must be recommended for certification by the department of inspections and appeals.
- b. The facility shall request an application, Form 470-0254, Iowa Medicaid Provider Enrollment Application, from the Iowa Medicaid provider services unit.
- c. Iowa Medicaid provider services unit shall transmit an application form and a copy of the nursing facility provider manual to the facility.
- d. The facility shall complete its portion of the application form and submit it to Iowa Medicaid provider services unit.
- e. Iowa Medicaid provider services unit shall review the application form and verify with the department of inspections and appeals that the facility is licensed and has been recommended for certification.
- f. Prior to requesting enrollment, the facility shall contact the department of inspections and appeals to schedule a survey. The department of inspections and appeals shall schedule and complete a survey of the facility.
- g. The department of inspections and appeals shall notify the facility of any deficiencies and ask for a plan for the correction of the deficiencies.
- h. The facility shall submit a plan of correction within ten days after receipt of written deficiencies from the health facilities division department of inspections and appeals. This plan must be approved before the facility can be certified.
- i. The department of inspections and appeals shall evaluate the survey findings and plan of correction and either recommend the facility for certification or recommend denial of certification. The date of certification will be the date of approval of the plan of corrections.
- j. When certification is recommended, the department of inspections and appeals shall notify the department recommending a provider agreement.

(2) Medicaid provider agreements. The health care facility shall be recommended for certification by the department of inspections and appeals for participation as a nursing facility before a provider agreement may be issued. All survey procedures and certification process shall be in accordance with Department of Health and Human Services publication "Providers Certification State Operations Manual." The effective date of a provider agreement may not be earlier than the date of certification. Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name. In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.
  2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
  3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
  4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.
- c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.
  - d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the

interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent’s, guardian’s or primary caregiver’s signature is required to verify receipt of notification.
2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility’s licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer’s home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Individual supported employment services are services provided to, or on behalf of, the member that enable the member to obtain and maintain an individual job in competitive employment, customized employment or self-employment in an integrated work setting in the general workforce.

Expected outcome of service. The expected outcome of this service is sustained employment, or self-employment, paid at or above the minimum wage or the customary wage and level of benefits paid by an employer, in an integrated setting in the general workforce, in a job that meets personal and career goals. Successful transition to long-term job coaching, if needed, is also an expected outcome of this service. An expected outcome of supported self-employment is that the member earns income that is equal to or exceeds the average income for the chosen business within a reasonable period of time.

Setting. Individual supported employment services shall take place in integrated work settings. For self-employment, the member's home can be considered an integrated work setting. Employment in the service provider's organization (not including a sheltered workshop or similar type of work setting where members are paid for the production of goods or services) can be considered employment in an integrated work setting in the general workforce if the employment occurs in a work setting where interactions are predominantly with coworkers or business associates who do not have disabilities or with the general public.

Individual employment strategies include but are not limited to: customized employment, individual placement and support, and supported self-employment. Service activities are individualized and may include any combination of the following:

1. Benefits education
2. Career exploration (e.g., tours, informational interviews, job shadows).
3. Employment assessment.
4. Assistive technology assessment.
5. Trial work experience.
6. Person-centered employment planning.
7. Development of visual/traditional résumés.
8. Job-seeking skills training and support.
9. Outreach to prospective employers on behalf of the member (e.g., job development; negotiation with

prospective employers to

customize, create or carve out a position for the member; employer needs analysis).

10. Job analysis (e.g., work site assessment or job accommodations evaluation).
11. Identifying and arranging transportation.
12. Career advancement services (e.g., assisting a member in making an upward career move or seeking

promotion from an existing

employer).

13. Re-employment services (if necessary due to job loss).
14. Financial literacy and asset development.
15. Other employment support services deemed necessary to enable the member to obtain employment.
16. Systematic instruction and support during initial on-the-job training including initial on the job training to stabilization.
17. Engagement of natural supports during initial period of employment.
18. Implementation of assistive technology solutions during initial period of employment.
19. Transportation of the member during service hours.

Self-employment. Individual employment may also include support to establish a viable self-employment opportunity, including home-based self-employment. An expected outcome of supported self-employment is that the member earns income that is equal to or exceeds the average income for the chosen business within a reasonable period of time. In addition to the activities listed assistance to establish self-employment may include:

1. Aid to the member in identifying potential business opportunities.
2. Assistance in the development of a business plan, including identifying potential sources of business financing and other assistance in developing and launching a business.
3. Identification of the long-term supports necessary for the individual to operate the business.

Long-term job coaching. Long-term job coaching is support provided to, or on behalf of, the member that enables the member to maintain an individual job in competitive employment, customized employment or self-employment in an integrated work setting in the general workforce.

Scope. Long-term job coaching services are provided to or on behalf of members who need support because of their disabilities and who are unlikely to maintain and advance in individual employment absent the provision of supports. Long-term job coaching services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention and advancement.

Expected outcome of service. The expected outcome of this service is sustained employment paid at or above the minimum wage in an integrated setting in the general workforce, in a job that meets the member's personal and career goals. An expected outcome of supported self-employment is that the member earns income that is equal to or exceeds the average income for the chosen business within a reasonable period of time.

Setting. Long-term job coaching services shall take place in integrated work settings. For self-employment, the member's home can be considered an integrated work setting. Employment in service provider's organization (not including a sheltered workshop or similar type of work setting) can be considered employment in an integrated work setting in the general workforce if the employment occurs in a work setting where interactions are predominantly with coworkers or business associates who do not have disabilities, or with the general public, and if the position would exist within the provider's organization were the provider not being paid to provide the job coaching to the member.

Service activities. Long-term job coaching services are designed to assist the member with learning and retaining individual employment, resulting in workplace integration, and which allows for the reduction of long-term job coaching over time. Services are individualized and service plan are adjusted as support needs change and may include any combination of the following activities with or on behalf of the member:

1. Job analysis.
2. Job training and systematic instruction.
3. Training and support for use of assistive technology/adaptive aids.
4. Engagement of natural supports.
5. Transportation coordination.
6. Job retention training and support.
7. Benefits education and ongoing support.
8. Supports for career advancement.
9. Financial literacy and asset development.
10. Employer consultation and support.
11. Negotiation with employer on behalf of the member (e.g., accommodations; employment conditions; access to natural supports; and wage and benefits).
12. Other workplace support services may include services not specifically related to job skill training that enable the waiver member to be successful in integrating into the job setting.
13. Transportation of the member during service hours.
14. Career exploration services leading to increased hours or career advancement.

Self-employment long-term job coaching. Self-employment long-term job coaching may include support to maintain a self-employment opportunity, including home-based self-employment. In addition to the activities listed under subparagraph 78.27(10)“b”(4), assistance to maintain self-employment may include:

1. Ongoing identification of the supports necessary for the individual to operate the business;
2. Ongoing assistance, counseling and guidance to maintain and grow the business; and
3. Ongoing benefits education and support.

The hours of support tier assignment for long-term job coaching is based on the identified needs of the member as documented in the member's comprehensive service plan and adjusted when higher support needs are determined.

Small-group supported employment. Small-group supported employment services are training and support activities provided in regular business or industry settings for groups of two to eight workers with disabilities. The outcome of this service is sustained paid employment experience, skill development, career exploration and planning leading to referral for services to obtain individual integrated employment or self-employment for which an individual is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities.

Small-group supported employment services must be provided in a manner that promotes integration into the workplace and interaction between members and people without disabilities (e.g., customers, coworkers, natural supports) in those workplaces. Examples include but are not limited to mobile crews and other business-based workgroups employing small groups of workers with disabilities in employment in integrated business settings; and small-group activities focused on career exploration, or development of strengths and skills that contribute to successful participation in individual community employment.

Expected outcome of service. Small-group supported employment services are expected to enable the member to make reasonable and continued progress toward individual employment. Participation in small-group supported employment services is not a prerequisite for individual supported employment services. The expected outcome of the service is sustained paid employment and skill development which leads to individual employment in the community.

Setting. Small-group supported employment services shall take place in integrated, community-based nonresidential settings separate from the member's residence.

Service activities. Small-group supported employment services may include any combination of the following activities:

1. Employment assessment.
2. Person-centered employment planning.
3. Job placement (limited to service necessary to facilitate hire into individual employment paid at minimum wage or higher for a member in small-group supported employment who receives an otherwise unsolicited offer of a job from a business where the member has been working in a mobile crew or enclave).
4. Job analysis.
5. On-the-job training and systematic instruction.
6. Job coaching.
7. Transportation planning and training.
8. Benefits education.
9. Career exploration services leading to career advancement outcomes.
10. Other workplace support services may include services not specifically related to job skill training that enable the waiver member to be successful in integrating into the individual or community setting.
11. Transportation of the member during service hours.

Providers delivering this service via the Telehealth service delivery option must demonstrate policies and procedures that include:

- HIPAA compliant platforms;
- Client support given when client needs include: accessibility, translation, or limited auditory or visual capacities are present;
- Have a contingency plan for provision of services if technology fails;
- Professionals do not practice outside of their respective scope; and
- Assessment of clients and caregivers that identifies a client's ability to participate in and outlines any accommodations needed while using Telehealth.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service for Individual Supported Employment is 15 minutes

A unit of service for Small group Employment is 15 minutes

A unit of service for Long-Term Job Coaching is a monthly unit of service. The hours of support tier assignment for long-term job coaching is based on the identified needs of the member as documented in the member's comprehensive service plan and adjusted when higher support needs are determined based on the hours of support the member requires each month.

Service requirements for all supported employment

- (1) Community transportation options (e.g., transportation provided by family, coworkers, carpools, volunteers, self or public transportation) shall be identified by the member's interdisciplinary team and utilized before the service provider provides the transportation to and from work for the member. If none of these options are available to a member, transportation between the member's place of residence and the employment or service location may be included as a component part of supported employment services.
- (2) Personal care or personal assistance and protective oversight may be a component part of supported employment services, but may not comprise the entirety of the service.
- (3) Activities performed on behalf of a member receiving long-term job coaching or individual or small-group supported employment shall not comprise the entirety of the service.
- (4) Concurrent services. A member's individual service plan may include two or more types of nonresidential services (e.g., individual supported employment, long-term job coaching, small-group supported employment, prevocational services, and day habilitation); however, more than one service may not be billed during the same period of time (e.g., the same hour).
- (5) Integration requirements. In the performance of job duties, the member shall have regular contact with other employees or members of the general public who do not have disabilities, unless the absence of regular contact with other employees or the general public is typical for the job as performed by persons without disabilities.
- (6) Compensation. Members receiving these services are compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals without disabilities. For supported self-employment, the member earns income that is equal to or exceeds the average income for the chosen business within a reasonable period of time. For small-group supported employment, if the member is not compensated at or above minimum wage, the compensation to the member shall be in accordance with all applicable state and federal labor laws and regulations.

Limitations. Supported employment services are limited as follows:

- (1) In the ID waiver, the total monthly cost of all supported employment services may not exceed \$3,029.00 per month.
- (2) Individual supported employment is limited to 240 units per calendar year.
- (3) Long-term job coaching is limited in accordance with 441—subrule 79.1(2), which states that the total monthly cost for all supported employment services not to exceed \$3,059.29 per month.

Exclusions. Supported employment services payments shall not be made for the following:

- (1) Services that are available to the individual under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that the service is not available to the individual under these programs shall be maintained in the service plan of each member receiving individual supported employment or long-term job coaching services.
- (2) Incentive payments, not including payments for coworker supports, made to an employer to encourage or subsidize the employer's participation in a supported employment program.
- (3) Subsidies or payments that are passed through to users of supported employment programs.
- (4) Training that is not directly related to a member's supported employment program.
- (5) Services involved in placing and stabilizing members in day activity programs, work activity programs, sheltered workshop programs or other similar types of vocational or prevocational services furnished in specialized facilities that are not a part of the general workplace.
- (6) Supports for placement and stabilization in volunteer positions or unpaid internships. Such volunteer learning and unpaid training activities that prepare a person for entry into the general workforce are addressed through prevocational

services and career exploration activities.

(7) Tuition for education or vocational training.

(8) Individual advocacy that is not related to integrated individual employment participation or is not member-specific.

(9) Medicaid funds may not be used to defray the expenses associated with starting up or operating a business.

For member's choosing the Consumer Choices Option, the individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Home health aide services are an extension of the State Plan and are personal or direct care services provided to the member, which are not payable under Medicaid as set forth in Iowa Administrative Code rule 441—78.9(249A). All state plan services, including EPSDT, must be accessed before seeking payment through the waiver. This waiver service is only provided to individuals age 21 and over. All medically necessary Home Health Aide services for children under age 21 are covered in the state plan pursuant to the EPSDT benefit. The scope and nature of waiver home health services do not differ from home health aid services furnished under the State Plan. Services are defined in the same manner as provided in the approved State Plan. Skilled nursing care is not covered. The provider qualifications specified in the State plan apply.

Components of the waiver home health service include:

- (1) Observation and reporting of physical or emotional needs.
- (2) Helping a member with bath, shampoo, or oral hygiene.
- (3) Helping a member with toileting.
- (4) Helping a member in and out of bed and with ambulation.
- (5) Helping a member reestablish activities of daily living.
- (6) Assisting with oral medications ordered by the physician which are ordinarily self-administered.
- (7) Performing incidental household services which are essential to the member’s health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

Home health services are provided under the Medicaid State Plan services until the limitations have been reached. Where there is a potential for overlap, services must first be exhausted under IDEA or the Rehabilitation Act of 1973.

Overlapping of state plan and waiver services is avoided by the use of a case manager who manages all services and the entry of the service plan into the IoWANS system. All medically necessary Home Health Aide services for children under age 21 are covered in the state plan pursuant to the EPSDT benefit.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Services shall include unskilled medical services and shall exceed those services provided under HCBS ID waiver supported community living or the Medicaid state plan home health aide benefit. Instruction, supervision, support or assistance in personal hygiene, bathing, and daily living shall be provided under supported community living.

- a. Services shall be included in the consumer's individual comprehensive plan.
- b. A unit is one hour.
- c. A maximum of 14 units are available per week. If additional home health aide service is needed, a request for an exception to policy may be submitted to the Department for review.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Nursing care services are services which are included in the plan of treatment approved by the physician and which are provided by licensed nurses to consumers in the home and community. The services shall be reasonable and necessary to the treatment of an illness or injury and include all nursing tasks recognized by the Iowa board of nursing. Nursing services under the Medicaid State Plan must be exhausted first. Nursing Care Services differ only in duration of services from Medicaid State Plan. Nursing Care Services under the waiver do not need to show an attempt to have a predictable end.

Overlapping of services is avoided by the use of a case manager who manages all services and the entry into the IoWANS system. This service is only provided to members age 21 and over. All medically necessary nursing services for children under age 21 are covered in the state plan pursuant to the EPSDT benefit. Where there is a potential for overlap, services must first be exhausted under IDEA or the Rehabilitation Act of 1973.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is an hour. A maximum of ten units are available per week.

The individuals service plan will show how the consumer health care needs are being met. Services must be authorized in the service plan. The Iowa Dept. of Human Services' case manager will monitor the plan.

This waiver service is only provided to individuals age 21 and over. All medically necessary Nursing services for children under age 21 are covered in the state plan pursuant to the EPSDT benefit.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

The Financial Management Service (FMS) is necessary for all members choosing the self-direction option, and will be available only to those who self direct. The FMS will enroll as a Medicaid Provider. The FMS will receive Medicaid funds in an electronic transfer and will pay all service providers and employees electing the self-direction option. The FMS services are provided to ensure that the individualized budgets are managed and distributed according to the budget developed by each member and to facilitate the employment of service workers by members. The Iowa Department of Health and Human Services will designate the Financial Management Service entities as Organized health care delivery system.

Responsibilities of the financial management service. The financial management service shall perform all of the following services:

- (1) Receive Medicaid funds in an electronic transfer.
- (2) Process and pay invoices for approved goods and services included in the individual budget.
- (3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.
- (4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).
- (5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.
- (6) Verify for the member an employee's citizenship or alien status.
- (7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:
  1. Verifying that hourly wages comply with federal and state labor rules.
  2. Collecting and processing timecards.
  3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.
  4. Computing and processing other withholdings, as applicable.
  5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.
  6. Preparing and issuing employee payroll checks.
  7. Preparing and disbursing IRS Forms W-2 and W-3 annually.
  8. Processing federal advance earned income tax credit for eligible employees.
  9. Refunding over-collected FICA, when appropriate.
  10. Refunding over-collected FUTA, when appropriate
- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

The FMS currently has an upper payment limit of \$66.95 a month.

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Independent Support Brokerage service is necessary for all members who chose the self-direction option. This is a service that is included in the member's Budget. The Independent Support Brokerage will be chosen and hired by the member. The ISB will work with the member to guide them through the person centered planning process and offer technical assistance and expertise for selecting and hiring employees and/or providers and purchasing supports.

The independent support broker shall perform the following services as directed by the member or the member's representative:

- (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.
- (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
- (3) Complete the required employment packet with the financial management service.
- (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.
- (5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.
- (6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.
- (7) Assist the member with negotiating with entities providing services and supports if requested by the member.
- (8) Assist the member with contracts and payment methods for services and supports if requested by the member.
- (9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.
- (10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.
- (11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

This service is necessary for members who choose the self-direction option at a maximum of 30 hours a year. When a member first initiates the self-direction option, the Independent Support Broker will be required to meet with the member at least monthly for the first four months and quarterly after that. If a member needs additional support brokerage service, the member will need prior authorization from the state.

**Provider Category:**

Individual

**Provider Type:**

Individual Support Broker

**Provider Qualifications****License (specify):****Certificate (specify):****Other Standard (specify):**

Members who elect the consumer choices option shall work with an independent support broker who meets the following qualifications:

- The broker must be at least 18 years of age.
- The broker shall not be the member's guardian, conservator, attorney in fact under a durable power of attorney for health care, power of attorney for financial matters, trustee, or representative payee.
- The broker shall not provide any other paid service to the member.
- The broker shall not work for an individual or entity that is providing services to the member.
- The broker must consent to a criminal background check and child and dependent adult abuse checks. The results shall be provided to the member.
- The broker must complete independent support brokerage training approved by the department.

**Verification of Provider Qualifications****Entity Responsible for Verification:**

The member, Financial Management System (FMS) Provider and The Department of Health and Human Services, Iowa Medicaid are responsible for the verification of provider qualifications. The member verifies that employees hired have the skills and training needed to provide direct services. The FMS is responsible for the employer tasks such as completing employee background checks, verify employee citizenship or alien status, and assuring wages are within the Department of Labor standards. The Department verifies the employee criminal and abuse background checks.

**Frequency of Verification:**

Once initially trained, the Individual Support Broker is placed on an Independent Support Brokerage registry that is maintained at the Iowa Department of Health and Human Services Iowa Medicaid.

## Appendix C: Participant Services

---

### C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

**Service Type:**

Supports for Participant Direction

The waiver provides for participant direction of services as specified in Appendix E. Indicate whether the waiver includes the following supports or other supports for participant direction.

Support for Participant Direction:

Other Supports for Participant Direction

Alternate Service Title (if any):

Individual Directed Goods and Services

HCBS Taxonomy:

Category 1:

Sub-Category 1:

Category 2:

Sub-Category 2:

Category 3:

Sub-Category 3:

Category 4:

Sub-Category 4:

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

Service is included in approved waiver. There is no change in service specifications.

Service is included in approved waiver. The service specifications have been modified.

Service is not included in the approved waiver.

Service Definition (Scope):

Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member’s service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member’s budget without compromising the member’s health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member’s needs.
6. Not be available through another source.

Participants (or guardians) who have chosen the self-direction program must be willing to take on the responsibility of employee supervision and training. Participants or their guardians must review all time cards to ensure accuracy and work with their case manager and ISB to budget services. If a participant is not satisfied with the work of their employee, they have full authority to terminate them as a provider of services.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

Specify applicable (if any) limits on the amount, frequency, or duration of this service:

Individual directed goods and services must be documented on the individual budget. The individual budget limit will be based on the service plan and the need for the services available to be converted. A utilization adjustment rate is applied to the individual budget amount. Please see Section E- 2- b ii for details on how the CCO budget is created.

The following goods and services may not be purchased using a self-directed budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

**Sub-Category 1:**

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager. Services may include payment for social skills development, career placement, vocational planning, and independent daily living activity skill development. The outcome of this service is to maintain integrated living in the community or to sustain competitive employment at or above the minimum wage in an integrated setting in the general workforce, in a job that meets personal and career goals. Federal financial participation is not claimed for incentive payments, subsidies, or unrelated vocational training expenses such as the following: 1) incentive payments made to an employer to encourage or subsidize the employer's participation in supported employment; or 2) payments that are passed through to users of supported employment services.

Transportation may be covered for members from their place of residence and the employment site as a component of this service and the cost may be included in the rate.

The following are examples of supports a member can purchase to help the member live and work in the community:

- o Career counseling
- o Career preparation skills development
- o Cleaning skills development
- o Cooking skills development
- o Grooming skills development
- o Job hunting and career placement
- o Personal and home skills development
- o Safety and emergency preparedness skills development
- o Self-direction and self-advocacy skills development
- o Social skills development training
- o Supports to attend social activities
- o Supports to maintain a job
- o Time and money management
- o Training on use of medical equipment
- o Utilization of public transportation skills development
- o Work place personal assistance

Participants (or guardians) who have chosen the self-direction program must be willing to take on the responsibility of employee supervision and training. Participants or their guardians must review all time cards to ensure accuracy and work with their case manager and ISB to budget services. If a participant is not satisfied with the work of their employee, they have full authority to terminate them as a provider of services.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Community support and employment services must be identified on the individual budget plan. The individual budget limit will be based on the member’s authorized service plan and the need for the services available to be converted to the CCO budget. The ID waiver allows for the following eight ID waiver services to be converted to create a CCO budget:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.
3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Supported community living.
7. Supported employment.
8. Transportation.

Once authorized in the monthly CCO budget, the member must use the budget to get their assessed needs met. It is the responsibility of the member’s case manager or community-based case manager to monitor the member’s CCO use to assure that the member is using the budget to get their service needs met.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition** (Scope):

Self-directed personal care services are services and/or goods that provide a range of assistance in the member’s home or community that they would normally do themselves if they did not have a disability; activities of daily living and incidental activities of daily living that help the person remaining the home and in their community. This assistance may take the form of hands-on assistance (actually performing a task for a person) or cuing to prompt the participant to perform a task. Personal care may be provided on an episodic or on a continuing basis.

The member will have budget authority over self-directed personal care services. The dollar amount available for this service will be based on the needs identified on the service plan. Overlapping of services is avoided by the use of a case manager who manages all services and the entry into the IoWANS system. The case manager and interdisciplinary team determine which service is necessary and authorize transportation for both HCBS and self-directed services.

Participants (or guardians) who have chosen the self-direction program must be willing to take on the responsibility of employee supervision and training. Participants or their guardians must review all time cards to ensure accuracy and work with their case manager and ISB to budget services. If a participant is not satisfied with the work of their employee, they have full authority to terminate them as a provider of services.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Self-directed personal care services need to be identified on the individual budget plan. The individual budget limit will be based on the service plan and the need for the services available to be converted. A utilization adjustment rate will be applied to the individual budget amount. Transportation costs within this service is billed separately and not included in the scope of personal care. Please see Section E-2- b ii. Authorization of this service must be made after assuring that there is no duplication or overlapping of state plan services.

The services under the Intellectual Disability Waiver are limited to the additional services not otherwise covered under the state plan, including EPSDT, but consistent with the waiver objectives of avoiding institutionalization.

**Service Type:**

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

**Service Title:**

Consumer Directed Attendant Care (CDAC) - skilled

**HCBS Taxonomy:**

**Category 1:**

**Sub-Category 1:**

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

*Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :*

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Consumer Directed Attendant Care skilled activities may include helping the member with any of the following skilled services while under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. This service may be provided in the private residence or assisted living. Skilled CDAC is not skilled nursing care, but is care provided by a lay person who has been trained to provide the specific service needed by the member.

The licensed nurse or therapist shall retain accountability for actions that are delegated. The licensed nurse or therapist shall ensure appropriate assessment, planning, implementation, and evaluation. The licensed nurse or therapist shall make on-site supervisory visits every two weeks with the provider present. The nurse is responsible for overseeing the care of the Medicaid member but is not the service provider. The cost of the supervision provided under state plan funding and is not provided under the waiver.

Skilled CDAC service is not duplicative of HHA or nursing. The case manager through the service plan authorization specifies the services and providers to provide waiver services and precludes duplication of services.

Covered skilled service activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, reteaching the activities of daily living, respiratory care and breathing programs, reality orientation, reminiscing therapy, re-motivation, and behavior modification.
- (8) Colostomy care.
- (9) Care of out of control medical conditions which includes brittle diabetes, and comfort care of terminal conditions.
- (10) Post-surgical nursing care.
- (11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensive, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.
- (12) Preparing and monitoring response to therapeutic diets.
- (13) Recording and reporting of changes in vital signs to the nurse or therapist.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is a 15 - minute unit provided by an individual or an agency. The member's plan of care will address how the member's health care needs are being met. The case manager will monitor the plan.

Community Action Agency

**Provider Qualifications**

**License (specify):**

**Certificate (specify):**

**Other Standard (specify):**

Community action agencies as designated in Iowa Code section 216A.93. 216A.92 Division of community action agencies.

Providers must be:

1. At least 18 years of age.
2. Qualified by training or experience to carry out the member’s plan of care pursuant to the department-approved case plan or individual comprehensive plan.
3. Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

The community action agency is responsible for ensuring that criminal background and abuse registry checks are conducted prior to direct service provision.

The CDAC provider must enter into an agreement with the member receiving services, such that there is a plan to provide medically necessary and approved CDAC services to the member on a recurring basis within the parameters of the service plan, CDAC agreement, and provider standards.

The consumer-directed attendant care provider shall complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. The service activities shall not include parenting or childcare for or on behalf of the member or on behalf of the provider. The member, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan and kept in the member’s records. If the member has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the member’s needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the case manager and CBCMs shall oversee service provision.

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Consumer-directed attendant care (CDAC) services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. This service may be provided in the private residence. This service is not duplicative of Home Health Aide and is monitored by the case manager as part of inclusion in the member's plan. CDAC is not duplicative of self-directed personal care services. CDAC–unskilled is one of eight ID waiver services that may be used to create a self-directed budget amount CCO. When CDAC is authorized in the CCO budget, the case manager is responsible to assure that the service needs are being met and there is no duplication of services.

The service activities may include helping the member with any of the following non-skilled service activities:

- 1) Dressing.
- 2) Bath, shampoo, hygiene, and grooming.
- 3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- 4) Toilet assistance, including bowel, bladder, and catheter assistance.
- 5) Meal preparation, cooking, eating and feeding but not the cost of meals themselves.
- 6) Housekeeping services which are essential to the member's health care at home, includes shopping and laundry.
- 7) Medications ordinarily self-administered including those ordered by a physician or other qualified health care provider.
- 8) Wound care.
- 9) Assistance needed to go to or return from a place of employment and assistance with job related tasks while the member is on the job site. The cost of transportation for the member and assistance with understanding or performing the essential job functions are not included in member directed attendant care services.
- 10) Tasks such as financial management and scheduling that require cognitive or physical assistance.
- 11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

Self-directed services allows a member to manage and direct services to meet their assessed needs. The needs are identified through the authorization of a waiver service. The authorized service is converted to a monthly budget. The budget is used to purchase optional services through the CCO program. CCO services do not duplicate waiver services, but rather are designed to meet the needs of the authorized service. They are provided to meet the same need, but with CCO the service is called self-directed personal care and not CDAC - unskilled.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is 15-minutes. The member's plan of care will address how the member's health care needs are being met. The case manager will monitor the plan.

The individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

CDAC services, unskilled, may be authorize in a member's service plan in conjunction with other self-direction services but must not be duplicative of the amount, duration, and scope of authorized personal care services in the service plan.

**Service Delivery Method** *(check each that applies):*

**Provider Category:**

Agency

**Provider Type:**

AAA subtracting Chore Providers

**Provider Qualifications**

**License** (*specify*):

**Certificate** (*specify*):

**Other Standard** (*specify*):

IAC 17—4.4(231)Area agencies on aging.  
4.4(1)Designation. The department shall designate for each planning and service area an entity to serve as the area agency on aging in accordance with Older Americans Act requirements.

Providers must be:

1. At least 18 years of age.
2. Qualified by training or experience to carry out the member’s plan of care pursuant to the department-approved case plan or individual comprehensive plan.
3. Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

The chore agency is responsible for ensuring that criminal background and abuse registry checks are conducted prior to direct service provision.

The CDAC provider must enter into an agreement with the member receiving services, such that there is a plan to provide medically necessary and approved CDAC services to the member on a recurring basis within the parameters of the service plan, CDAC agreement, and provider standards.

The consumer-directed attendant care provider shall complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. The service activities shall not include parenting or childcare for or on behalf of the member or on behalf of the provider. The member, parent, guardian, or attorney in fact under a durable power of attorney for health care and the provider shall complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement. A copy of the completed agreement shall be attached to the service plan and kept in the member’s records. If the member has a guardian or attorney in fact under a durable power of attorney for health care, the care plan shall address how consumer-directed attendant care services will be monitored to ensure the member’s needs are being adequately met. As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

**Service Title:**

Enabling Technology for Remote Support

**HCBS Taxonomy:**

**Category 1:**

14 Equipment, Technology, and Modifications

**Sub-Category 1:**

14031 equipment and technology

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

“Enabling technology” means the technology that makes the on demand remote supervision and support possible and includes a device, product system, or engineered solution whether acquired commercially, modified, or customized that addresses an individual’s needs and outcomes identified in his or her individual service plan. The service is for the direct benefit of the individual in maintaining or improving independence and functional capabilities. Remote support and monitoring will assist the individual to fully integrate into the community, participate in community activities, and avoid isolation.

Enabling technology may cover evaluation of the need for enabling technology and, if appropriate, subsequent selection of a device needed to improve a participant’s ability to perform activities of daily living, control or access his/her environment or communicate. This service also includes equipment rental during a trial period, customization, and rental of equipment during periods of repair. Repair and maintenance of the technology is excluded.

Enabling technology (assessments only) remote support, is the following: Remote Support is the provision of Supported Community Living by a trained remote support professional who is in a remote location and is engaged with a person through enabling technology that utilizes live two-way communication in addition to or in place of on-site staffing. Remote support is not a service. It is an available delivery option through the Supported Community Living service to meet an individual’s health, safety and other support needs as needed when it:

- Is chosen and preferred as a service delivery method by the person or their guardian (if applicable)
- Appropriately meets the individual’s assessed needs.
- Is provided within the scope of the service being delivered.
- Is provided as specified in the individual’s support plan.

Remote supports are delivered by awake; alert remote support professionals whose primary duties are to provide remote supports from the provider’s secure remote supports location. To ensure safety and Health Insurance Portability and Accountability Act (HIPAA) compliance, this location should have appropriate, stable, and redundant connections. This should include, but is not limited to, backup generators or back battery, multiple internet service connections.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Unit of service is one job. There is an annual per member limitation for Enabling Technology of \$4,000 per member per year.

**Service Delivery Method** *(check each that applies):*

- Participant-directed as specified in Appendix E**
- Provider managed**

**Specify whether the service may be provided by** *(check each that applies):*

- Legally Responsible Person**
- Relative**
- Legal Guardian**

### C-1/C-3: Provider Specifications for Service

**Service Type: Other Service**

**Service Name: Enabling Technology for Remote Support**

**Provider Category:**

Agency

**Provider Type:**

Enabling Technology/Equipment providers that meet the Enabling Technology service standards

**Provider Qualifications**

**License** (*specify*):

**Certificate** (*specify*):

**Other Standard** (*specify*):

The support planning team will identify the person(s) or entity experienced in the area of Enabling Technology and its application for people with disabilities as qualified to provide and ensure that:

- an evaluation of the participant's need for an assessment of potential for successful utilization of enabling devices occurs;
- the appropriate and cost-effective device is selected from available options;
- the appropriate device is procured;
- training and technical assistance to the participant, caregiver and staff for the proper utilization of the device occurs; and
- appropriate evaluation methods are developed to assure that the intended outcome(s) of the technology is achieved.

Enabling technology equipment services must provide a cost-effective, appropriate means of meeting the needs defined in the member's person-centered service plan.

All items shall meet applicable standards of manufacture, design and installation.

Providers delivering Enabling Technology needs must be one of the following professionals:

- Providers enrolled to deliver HCBS BI or ID waiver Supported Community Living
- Providers enrolled to deliver HCBS Habilitation Home-Based Habilitation
- Other qualified by training or experience to provide enabling technology.

**Service Name: Enabling Technology for Remote Support**

**Provider Category:**

Agency

**Provider Type:**

Enabling Technology Assessment providers

**Provider Qualifications**

**License (specify):**

**Certificate (specify):**

**Other Standard (specify):**

The interdisciplinary team will identify the person(s) or entity experienced in the area of enabling technology and its application for people with disabilities as qualified to provide and ensure that:

- a) an evaluation of the participant’s need for an assessment of potential for successful utilization of enabling devices occurs;
- b) the appropriate and cost-effective device is selected from available options;
- c) the appropriate device is procured;
- d) training and technical assistance to the participant, caregiver and staff for the proper utilization of the device occurs; and
- e) appropriate evaluation methods are developed to assure that the intended outcome(s) of the technology is achieved.

Providers assessing Enabling Technology needs must be one of the following professionals:

- Certification through the Rehabilitation Engineering and Assistive Technology Society
- Certification through California State University Northridge's Assistive Technology Program
- Occupational therapists must currently be registered by the American Occupational Therapy Association as an occupational therapist.
- Physical therapists must be a graduate of a program of physical therapy approved by both the Council on Medical Education of the American Medical Association and the American Physical Therapy Association or its equivalent and licensed in Iowa.
- Speech-language pathologists must have a certificate of clinical competence in speech-language pathologies from the American Speech-Language-Hearing Association.
- Other professionals qualified by training and or experience to conduct enabling technology assessments.

Additionally, Enabling Technology assessment professionals must apply the standards in Iowa code concerning criminal background checks.

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

**Service Type:**

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

**Service Title:**

Home and Vehicle Modification

**HCBS Taxonomy:**

**Category 1:**

**Sub-Category 1:**

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Covered home and vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle modifications are not furnished to adapt living arrangements that are owned or leased by providers of waiver services. Modifications may be made to privately owned rental properties. Home and vehicle repairs are also excluded. Purchase or lease of a vehicle and regularly scheduled upkeep and maintenance of a vehicle is not allowable.

b. Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes. Services shall be performed following prior department approval of the modification as specified in 441 - sub-rule 79.1(17) and a binding contract between the provider and the member. All contracts for home or vehicle modification shall be awarded through competitive bidding.

Home modifications will not be furnished to adapt living arrangements that are owned or leased by providers of waiver services including an assisted living facility.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is the completion of needed modifications or adaptations. HVM within the ID waiver is limited to a \$5,305.53 lifetime maximum. The member's plan of care will address how the member's health care needs are being met by the modification. Services must be authorized in the service plan by the case manager. Members may request an exception to policy to exceed the annual lifetime home and vehicle modification amount. The department reviews and prior authorizes all HVM requests, including requests to exceed the lifetime maximum. A notice of decision is issued to the member with all prior authorization reviews.

The services under the Intellectual Disability waiver are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Certificate (specify):**

**Other Standard (specify):**

Providers enrolled to participate as HVM providers under the Health and Disability Waiver (formerly the Ill and Handicapped waiver) as described in IAC 441 Chapter 30:

- a. Area agencies on aging as designated in 17—4.4(231).
- b. Community action agencies as designated in Iowa Code section 216A.93.
- c. Providers eligible to participate as home and vehicle modification providers under the elderly waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the home- and community-based services intellectual disability or brain injury waiver.
- d. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations, and that submit verification of current liability and workers' compensation coverage.

Enrolled as HVM providers under the Physical Disability Waiver as described in IAC 441 41:

- a. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver or certified as home and vehicle modification providers under the home- and community-based services intellectual disability or brain injury waiver.
- b. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

Enrolled to provide HVM services under the Elderly Waiver described in IAC 441 Chapter 33:

- a. Area agencies on aging as designated in 17—4.4(231).
- b. Community action agencies as designated in Iowa Code section 216A.93.
- c. Providers eligible to participate as home and vehicle modification providers under the health and disability waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the home- and community-based services intellectual disability or brain injury waiver.
- d. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations, and that submit verification of current liability and workers' compensation coverage.

Enrolled to provide HVM services under the Brain Injury Waiver as described in IAC 441 Chapter 39:

- a. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the physical disability waiver.
- b. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

**Service Type:**

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

**Service Title:**

Interim Medical Monitoring and Treatment

**HCBS Taxonomy:**

**Category 1:**

**Sub-Category 1:**

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Interim medical monitoring and treatment services are monitoring and treatment of a medical nature requiring specially trained caregivers beyond what is normally available in a day care setting. The IMMT service is used by members with medical needs and covers the time when state plan medical services, including EPSDT cannot be used, e.g., supervising and monitoring the member between medical interventions or treatment such as monitoring for suctioning a trach or for seizures that do not occur on a regular basis but need intervention when they occur. The services must be needed to allow the members usual caregivers to be employed or, for a limited period of time, for academic or vocational training of a usual caregiver; due to the hospitalization, treatment for physical or mental illness, or death of a usual caregiver; or during a search for employment by a usual caregiver. The services under the Intellectual Disability waiver, including interim medical monitoring and treatment services, are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

a. Service requirements. Interim medical monitoring and treatment services shall:

- (1) Provide experiences for each members social, emotional, intellectual, and physical development;
- (2) Include comprehensive developmental care and any special services for a member with special needs; and
- (3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis.
- (4) Be in need as ordered by a physician
- (5) Be monitored to assure it is not used as childcare.

b. Interim medical monitoring and treatment services may include supervision to and from school, but not the cost of the transportation.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

Limitations.

- (1) A maximum of 48, 15 - minute units of service is available per day.
  - (2) Covered services do not include a complete nutritional regimen.
  - (3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services, including EPSDT services, provided under the state plan.
  - (4) Interim medical monitoring and treatment services may be provided only in the member's home, in a registered group child care home, in a registered family child care home, in a licensed child care center, or during transportation to and from school.
  - (5) The staff-to-member ratio shall not be greater than one to six.
- d. A unit of service is a 15 minute unit.

The services under the Intellectual Disabilities waiver are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

This service provides supervision and support of children (aged 0-18) residing in their family home who, because of their complex medical or complex behavioral needs, require specialized exceptional care that cannot be served in traditional childcare settings. The need for the service must be medically necessary and verified in writing by the child’s healthcare professional and documented in the child’s service plan.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

The service shall be identified in the member’s individual comprehensive service plan.  
 This service is limited to medically fragile children and children with complex behavioral health needs and may not be used to provide services that are the responsibility of the parent or guardian.  
 The services are provided outside periods when the child is in school.  
 Medical Day Care for Children when provided outside the member’s home must be approved by the parent, guardian or primary caregiver, and the interdisciplinary team, and must be consistent with the way the location is used by the public.

Specialized childcare services shall not be simultaneously reimbursed with other residential or respite services, HCBS BI or ID Waiver Supported Community Living (SCL) services, Early and Periodic Screening, Diagnostic, and Treatment (EPSDT), HCBS nursing, or Medicaid or HCBS home health aide services.

The services under Medical Day Care for Children are limited to additional services not otherwise covered under the state plan, including childcare medical services and EPSDT, but consistent with waiver objectives of avoiding institutionalization.

A unit of service is 15 minutes.

Members enrolled in the waiver have access to Iowa’s Medicaid Exception to Policy option. ETPs can be requested to Iowa Administrative Code (IAC) rules but cannot be requested for Federal requirements or state law. Members needing additional services in order to ensure health, safety, or other issues can request ETPs. The request must substantiate the exceptional need and also address why no other Medicaid or waiver service can address the issue. Decisions regarding ETP requests are approved by the Department of Health and Human Services director.

**Provider Type:**

Home Health Agency

**Provider Qualifications**

**License (specify):**

**Certificate (specify):**

In accordance with IAC 441-Chapter 77: home health agencies are eligible to participate with Iowa Medicaid provided they are certified to participate in the Medicare program (Title XVII of the Social Security Act sections 1861(o) and 1891). These sections establish the conditions that an HHA must meet in order to participate in Medicare.

**Other Standard (specify):**

Medical Day Care for Children providers shall meet the following conditions:

Providers shall maintain the following information that shall be updated at least annually:

- The member's name, birth date, age, and address and the telephone number of the guardian or primary caregiver.
  - An emergency medical care release.
  - Emergency contact telephone numbers such as the number of the member's physician and the guardian, or primary caregiver.
  - The member's medical issues, including allergies.
  - The member's daily schedule which includes the member's preferences in activities or foods or any other special concerns.
  - Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered.
  - Home health agencies must follow Medicare regulations for medication dispensing.
- All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact.

Policies shall be developed for:

- Notifying the parent, guardian, or primary caregiver of any injuries or illnesses that occur during service provision.
- A guardian's or primary caregiver's signature is required to verify receipt of notification.
- Requiring the parent, guardian, or primary caregiver to notify the service provider of any injuries or illnesses that occurred prior to service provision.
- Documenting of service provision. This documentation shall be made available to the parent, guardian, or primary caregiver upon request.
- Ensuring the safety and privacy of the individual.
- Policies shall at a minimum address threat of fire, tornado, or flood, and bomb threats

Providers must be qualified by training and experience to deliver Medical Day Care for Children.

Direct support professionals delivering this service must be:

- at least 18 years of age.
- qualified by training and/or experience to deliver the service.
- not the spouse or guardian of the member, or a parent or stepparent of a member aged 17 or under.
- not the recipient of respite services paid through HCBS on behalf of a member who receives HCBS.

This service may be delivered under the Consumer Choices Option (CCO).

CCO employees must be:

- at least 18 years of age.
- qualified by training and/or experience to provide the level of care required.
- not the guardian or a parent or stepparent of a member aged 17 or under.
- not the recipient of respite services paid through HCBS on behalf of a member who receives HCBS.

### C-1/C-3: Service Specification

State laws, regulations and policies referenced in the specification are readily available to CMS upon request through the Medicaid agency or the operating agency (if applicable).

**Service Type:**

Other Service

As provided in 42 CFR §440.180(b)(9), the State requests the authority to provide the following additional service not specified in statute.

**Service Title:**

Personal Emergency Response or Portable Locator System

**HCBS Taxonomy:**

**Category 1:**

**Sub-Category 1:**

**Category 2:**

**Sub-Category 2:**

**Category 3:**

**Sub-Category 3:**

**Category 4:**

**Sub-Category 4:**

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency. The necessary components of a system are:

1. An in-home medical communications transceiver.
2. A remote, portable activator.
3. A central monitoring station with backup systems staffed by trained attendants at all times.
4. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each member.

A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member’s age or disability. The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.
2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

Provider staff are responsible for training members regarding the use of the system; the cost of this service is included in the charges for installation or monthly fee, depending upon how the provider structures their fee schedule. If necessary, case managers would also assist members in understanding how to utilize the system.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is a one-time installation fee or month of service. Maximum units per state fiscal year shall be one initial installation and 12 months of service. The member's plan of care will address how the member's health care needs are met. Services must be authorized in the service plan. The Case Manager will monitor the plan.

Agencies which meet the conditions of participation for Emergency Response System Providers as set forth in Iowa Administrative Code 77.33(2).

a. The agency shall provide an electronic component to transmit a coded signal via digital equipment over telephone lines to a central monitoring station. The central monitoring station must operate receiving equipment and be fully staffed by trained attendants, 24 hours a day, seven days per week. The attendants must process emergency calls and ensure the timely notification of appropriate emergency resources to be dispatched to the person in need.

b. The agency, parent agency, institution or corporation shall have the necessary legal authority to operate in conformity with federal, state and local laws and regulations.

c. There shall be a governing authority which is responsible for establishing policy and ensuring effective control of services and finances. The governing authority shall employ or contract for an agency administrator to whom authority and responsibility for overall agency administration are delegated.

d. The agency or institution shall be in compliance with all legislation relating to prohibition of discriminatory practices.

e. There shall be written policies and procedures established to explain how the service operates, agency responsibilities, client responsibilities and cost information.

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition (Scope):**

Supported Community Living (SCL) services are provided by the provider within the member's home and community, according to the individualized member need as identified in the service plan. Available components of the service are personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services. definitions of the components are as follows:

Personal and home skills training services are those activities which assist a member to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

Individual advocacy services mean the act or process of representing the individual's rights and interests in order to realize the rights to which the individual is entitled and to remove barriers to meeting the individual's needs.

Community skills training services means activities which assist a person to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they are applicable to individuals being served:

1. Personal management skills training services are activities which assist a person to maintain or develop skills necessary to sustain oneself in the physical environment and are essential to the management of one's personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget; plan and prepare meals; ability to use community resources such as public transportation, libraries, etc., and ability to select foods at a grocery store.
2. Socialization skills training services are those activities which assist a member to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.
3. Communication skills training services are activities which assist a person to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

Personal and environmental support services mean activities and expenditures provided to or on behalf of a person in the areas of personal needs in order to allow the person to function in the least restrictive environment.

The cost of transportation services is provided through the tiered rate fee schedule funding. Transportation services are used to conduct business errands and essential shopping, travel to and from work or day programs, and to assist the person to travel from one place to another to obtain services or carry out life's activities. Transportation, the waiver service, is not available to members accessing daily SCL services.

Treatment services means activities designed to assist the person to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present barriers to a person's functioning.

Treatment services include physical or physiological treatment and psychotherapeutic treatment.

1. Physiological treatment means activities including medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions which interfere with the normal functioning of the human body. The activities shall be provided by or under the supervision of a health care professional certified or licensed to provide the treatment activity specified.
2. Psychotherapeutic treatment means activities provided to assist a person in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the person's functioning in response to the physical, emotional, and social environment.

#### Remote Support SCL Service Delivery Model

Remote Support is the provision of SCL by a trained remote support professional who is in a remote location and is engaged with a person through enabling technology that utilizes live two-way communication in addition to or in place of on-site staffing. Remote support is not a service. It is an available delivery option through the SCL service to meet an individual's health, safety and other support needs as needed when it:

- Is chosen and preferred as a service delivery method by the person or their guardian (if applicable)
- Appropriately meets the individual's assessed needs.
- Is provided within the scope of the service being delivered.
- Is provided as specified in the individual's support plan.

Remote supports are delivered by awake; alert remote support professionals whose primary duties are to provide

remote supports from the provider's secure remote supports location. To ensure safety and Health Insurance Portability and Accountability Act (HIPAA) compliance, this location should have appropriate, stable, and redundant connections. This should include, but is not limited to, backup generators or back battery, multiple internet service connections.

Remote supports may be used with either paid or unpaid backup support as specified in the individual's service plan. Paid backup support is provided on a paid basis by a provider of SCL that is both the primary point of contact for the remote supports vendor and the entity to send paid staff person(s) on-site when needed. Unpaid backup support may be provided by a family member, friend, or other person who the individual chooses. The person-centered service plan will reflect how the remote supports are being used to meet the goals for independent living and assessed needs, including health, safety and welfare needs.

#### Remote Support Service Requirements

##### Assessment

Through an assessment by the SCL remote support provider with input from the individual and their IDT the member's ability to be supported safely through remote support is identified.

Through an assessment by the remote support provider with input from the individual and their IDT, the location of the devices or monitors will be determined to best meet the individual's needs.

##### Informed Consent

Informed consent by the individual using the service, their guardian and other individuals and their guardians residing in the home must be obtained and clearly state the parameters in which the remote support service would be used.

Each individual, guardian and IDT must be made aware of both the benefits and risks of the operating parameters and limitations.

Informed consent documents must be acknowledged in writing, signed, and dated by the individual, guardian, case manager (CM) and provider agency representative, as appropriate. A copy of the consent shall be maintained by the CM, the guardian (if applicable) and in the home file.

If the individual desires to withdraw consent, they would notify the CM. As informed consent is a prerequisite for utilization of remote support services, a meeting of the IDT would be needed to discuss available options for any necessary alternate supports. All residing adult and youth individuals, their guardians and their support teams impacted by the decision to withdraw consent must be immediately informed of the decision and use of remote supports in the setting. must be discontinued.

Informed consent for remote supports must be reviewed annually as part of the person-centered planning process.

##### Privacy

Remote Support Professionals must:

- \*Respect and always maintain the individual's privacy, including when the person is in settings typically used by the public.
- \*Respect and always maintain the individual's privacy, including when scheduled or intermittent/as-needed support includes responding to an individual's health, safety and other support needs for personal cares.
- \*Only use cameras in bedrooms or bathrooms when the IDT has identified a specific support need in the person-centered service plan and the member, and their legal representative has given informed consent.

The agency service provider responsible for responding to an individual's health, safety, and other support needs through remote support must:

- 1.Ensure the use of enabling technology complies with relevant requirements under the Health Insurance Portability and Accountability Act (HIPAA)
- 2.Comply with the data privacy laws, restrictions and guidelines.
- 3.Ensure that service documentation occurs during remote support delivery in accordance with the 441-79.3

##### Host Home SCL Service Delivery Model

A Host Home is a community-based family home setting whose owner or renter provides home and community-based services (HCBS) Waiver SCL services to no more than (2) individuals who reside with the owner or renter in

their primary residence and is approved for those services as an independent contractor of a community-based SCL service agency.

Host Home is an available delivery option through the SCL service to meet a member's health, safety and other support needs as needed when it:

- \*Is chosen and preferred as a service delivery method by the person or their guardian (if applicable)
- \*Appropriately meets the member's assessed needs.
- \*Is provided within the scope of the service being delivered.
- \*Is provided as specified in the member's support plan.

#### Service Requirements

##### Assessment

Through an assessment by the SCL or HBH agency provider with input from the member and their Interdisciplinary Team (IDT) the member's ability to be supported safely through the Host Home model is identified.

Through an assessment by the SCL or HBH agency provider with input from the individual and their IDT, the desired location of the Host Home will be determined to best meet the member's needs.

Through an assessment by the SCL or HBH agency provider of potential Host Home Hosts, potential matching Host Homes will be identified.

##### Informed Consent

Informed consent of delivery of SCL in the Host Home by the Host Home provider by the individual using the service, their guardian must be obtained.

Each member, guardian and IDT must be made aware of both the benefits and risks of the Host Home service delivery model.

Informed consent documents must be acknowledged in writing, signed, and dated by the individual, guardian, CM and provider agency representative, as appropriate. A copy of the consent shall be maintained by the CM, the guardian (if applicable) and in the provider agency file.

If the individual desires to withdraw consent, sever the residential agreement, and transfer from the Host Home to a provider owned and controlled SCL or HBH setting, the member, their guardian or the Host must notify the SCL or HBH provider agency and the member's CM. A meeting of the IDT would be needed to discuss available options for any necessary alternative services and supports.

##### Privacy

Host Home SCL and HBH service providers must:

- \* Respect and always maintain the member's privacy, including when the person is in settings typically used by the public.
- \* Respect and always maintain the member's privacy, including when scheduled or intermittent/as-needed support includes responding to a member's health, safety and other support needs for personal cares.

Providers delivering this service via the Telehealth service delivery option must demonstrate policies and procedures that include:

- HIPAA compliant platforms;
- Client support given when client needs include: accessibility, translation, or limited auditory or visual capacities are present;
- Have a contingency plan for provision of services if technology fails;
- Professionals do not practice outside of their respective scope; and
- Assessment of clients and caregivers that identifies a client's ability to participate in and outlines any accommodations needed while using Telehealth.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of service is:

- (1) One full calendar day when a member residing in the living unit receives on-site staff supervision for 8 or more hours per day as an average over a 30 days and the member's individual comprehensive plan or case plan identifies and reflects the need for this amount of supervision. Daily SCL services are reimbursed by a tiered rate fee schedule based on a member's assessed need.
- (2) 15-minute units when subparagraph (1) does not apply. 15-minute unit reimbursement amounts cannot exceed the fee schedule caps published in the Iowa Administrative Code 41-77.79(1)

For daily SCL, providers are reimbursed using a tiered rate fee schedule. The cost of all transportation, excluding NEMT transportation, is included in the daily SCL unit rate. The specific member support needs must be identified in the member's service plan and the provider must maintain records to support the expenditures.

The maximum number of units available per member is as follows:

- (1) 365 daily units per state fiscal year except a leap year when 366 daily units are available.
- (2) 20,440 15-minute units are available per state fiscal year except a leap year when 20,496 15-minute units are available.
- h. The service shall be identified in the member's individual comprehensive plan.
- i. Services shall not be simultaneously reimbursed with other residential services, HCBS ID respite, Medicaid or HCBS ID nursing, or Medicaid or HCBS ID home health aide services.

The individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

**SCL delivered through Remote Support**

Providers may not bill for direct support delivered remotely when real-time monitoring or two-way communication does not occur (e.g., leaving a voicemail, sending a FAX, sending an email, internet outage, etc.) Internet connectivity costs and phone service costs are not included in the SCL reimbursement rate.

**SCL delivered in a Host Home**

Agency Providers may only bill for direct support delivered in the Host Home or community when the member is receiving SCL from an approved contractor or subcontractor in accordance with the person-centered service plan and there is supporting documentation of service delivery.

Members enrolled in the waiver have access to Iowa's Medicaid Exception to Policy option. ETPs can be requested to Iowa Administrative Code (IAC) rules but cannot be requested for Federal requirements or state law. Members needing additional services in order to ensure health, safety, or other issues can request ETPs. The request must substantiate the exceptional need and also address why no other Medicaid or waiver service can address the issue. Decisions regarding ETP requests are approved by the Department of Health and Human Services director.

**Certificate** *(specify):*

Providers certified by the HCBS Quality Oversight Unit to provide Supported Community Living pursuant to Iowa Administrative Code 441 - 77.37 and 77.39.

**Other Standard** *(specify):*

The following are requirements of a remote supports system design when utilized to replace in-person direct support service delivery:

- The provider must have safeguards and/or backup system such as battery or generator for the electronic devices in place at the remote supports monitoring location and the individual's home in the event of electrical outages.
- The provider must have written policy and procedures approved by the Iowa Medicaid Quality Improvement Organization (QIO) HCBS unit that defines emergency situations and details.
  - o How remote and backup staff will respond to each. Examples include:
  - o Fire, medical crises, stranger in the home, violence between individuals and any other situation that appears to threaten the health or welfare of the individual.
  - o Emergency response drills must be carried out once per quarter per shift in each home equipped with and capable of utilizing remote supports. Documentation of the drills must be available for review upon request.
  - o When used to replace in-person direct support service delivery, the remote monitoring staff shall generate service documentation on each individual for the period when remote supports are provided.
- The provider must have backup procedures for system failure (for example, prolonged power outage), fire or weather emergency, individual medical issue or personal emergency in place and detailed in writing for each site utilizing the system as well as in each individual's PCSP. This plan should specify the staff person or persons to be contacted by remote support monitoring staff who will be responsible for responding to these situations and traveling to the individual's home, including any previously identified paid or unpaid backup support responder.
- The remote supports system may receive notification of smoke/heat alarm activation. Recognizing remote supports will vary based on individual needs assessments, notifications are not intended to replace fire/smoke/heat detection systems nor drills as required.

The remote support system must have in place regular routine of testing that ensures the system and devices are working properly.

- The remote supports system must have two-way (at minimum, full duplex) audio communication capabilities to allow monitoring staff to effectively interact with and address the needs of individuals in each living site, including emergency situations when the individual may not be able to use the telephone.
  - The remote supports system may allow the monitoring base staff to have visual (video) oversight of areas in individual's residential living sites as deemed necessary by the IDT to meet the individual's needs based on informed consent of the member and/ or their legal representative.
- A remote supports monitoring base may not be located in the home of the individual receiving remote support.
- A secure (compliant with the HIPAA) network system requiring authentication, authorization and encryption of data must be in place to ensure access to computer vision, audio, sensor, or written information is limited to authorized individuals identified in the member's service plan, and state entities as necessary for the oversight of service delivery.
- The members must be made aware of the operating hours of the equipment
- For situations involving remote supports of individuals needing 24-hour support, if an individual indicates that they no longer want to receive their service through the remote supports system the following protocol will be implemented:
  - The remote support professional or other person who becomes aware of the member's desire to change to all in person supports will notify the provider to request an IDT meeting to discuss the request and identify appropriate alternative

Remote Support Professionals that will only provide remote support shall be trained commensurate with the needs of the individuals and shall receive the following training at a minimum:

- Dependent adult abuse reporting
- Incident Reporting
- Member Rights
- Provider's Remote Support Policies and Procedures
- Individual member remote support protocols

Remote support professional who will also deliver in person supports and are responsible for responding to a person's health, safety and other support needs through remote support shall be trained commensurate with the needs of the individuals and shall receive the following training at a minimum:

- Dependent adult abuse reporting
- Incident Reporting
- Member Rights
- Individual member remote support protocols/ person-centered service plans
- Provider’s Remote Support Policies and Procedures
- Meet the Supported Community Living staff qualifications in 441 Iowa Administrative Code Chapter 77.

Host Home providers delivering SCL services must:

- Meet the staff qualifications in 441 Iowa Administrative Code Chapter 77.
- Receive pre-service training:
  - The philosophy of HCBS, including HCBS settings requirements and expectations
  - The organization’s mission, policies, and procedures
  - The organization’s policy related to identifying and reporting abuse.
- Preventing, detecting, and reporting of abuse/neglect, Child and/or Dependent Adult Abuse and Mandatory Reporting prior to providing direct care (additional training at least every 3 years after the initial training)
- Members’ rights including outcomes for rights and dignity as applicable.
- Restrictive interventions (restraints, rights restrictions, and behavioral intervention)
- Individual members’ support needs (prior to serving the member and as updates)
- Specific behavior support or de-escalation curriculum such as Mandt, Safety-Care, PBIS, CPI, or other
- Confidentiality and safeguarding member information
- The organization’s policy related to member’s medication.
- An approved Medication Manager training for any contractors that are administering controlled substances.
- Identifying and reporting incidents
- Service documentation

Sub-Category 4:

Complete this part for a renewal application or a new waiver that replaces an existing waiver. Select one :

**Service is included in approved waiver. There is no change in service specifications.**

**Service is included in approved waiver. The service specifications have been modified.**

**Service is not included in the approved waiver.**

**Service Definition** *(Scope):*

Transportation services may be provided for members to conduct business errands, essential shopping, and to reduce social isolation. Whenever possible, natural supports (family, neighbors, or friends) or community agencies which can provide this service without charge are utilized. This service does not include transportation to medical services. As part to the annual person centered planning process, the member’s interdisciplinary team identifies transportation needs of the member and identifies paid or unpaid resources to meet the needs.

These services are limited to additional services not otherwise covered under the state plan, including EPSDT, but consistent with waiver objectives of avoiding institutionalization.

**Specify applicable (if any) limits on the amount, frequency, or duration of this service:**

A unit of services is one mile or one one-way trip. The member's service plan will show how the member's health care needs are being met. Services must be authorized in the service plan. The case manager will monitor the plan.

The individual budget limit will be based on the member's authorized service plan and the need for the services available to be converted to the CCO budget.

Members accessing daily SCL and RBSCL services may have transportation services authorized in the member services plan. All transportation, excluding NEMT and transportation to and from school, will be provided through the daily SCL or RBSCL service.

### C-1: Summary of Services Covered (2 of 2)

**b. Provision of Case Management Services to Waiver Participants.** Indicate how case management is furnished to waiver participants (*select one*):

**Not applicable** - Case management is not furnished as a distinct activity to waiver participants.

**Applicable** - Case management is furnished as a distinct activity to waiver participants.

*Check each that applies:*

**As a waiver service defined in Appendix C-3.** *Do not complete item C-1-c.*

**As a Medicaid state plan service under §1915(i) of the Act (HCBS as a State Plan Option).** *Complete item C-1-c.*

**As a Medicaid state plan service under §1915(g)(1) of the Act (Targeted Case Management).** *Complete item C-1-c.*

**As an administrative activity.** *Complete item C-1-c.*

**As a primary care case management system service under a concurrent managed care authority.** *Complete item C-1-c.*

**c. Delivery of Case Management Services.** Specify the entity or entities that conduct case management functions on behalf of waiver participants:

**FFS**

Case managers or community based case managers provide case management services for members enrolled in the State's §1915(c) Intellectual Disability Waiver. Services are reimbursed through an administrative function of HHS.

All individuals providing case management services have knowledge of community alternatives for the target populations and the full range of long-term care resources, as well as specialized knowledge of the conditions and functional limitations of the target populations served, and of the individual members to whom they are assigned.

**MCO**

MCO community-based case managers provide case management services to all members receiving HCBS. MCOs ensure ease of access and responsiveness for each member to their community-based case manager during regular business hours and, at a minimum, the community-based case manager contacts members at least monthly, either in person or by phone, with an interval of at least fourteen calendar days between contacts.

MCO community-based case managers provide case management services to all members receiving HCBS. MCOs ensure ease of access and responsiveness for each member to their community-based case manager during regular business hours and, at a minimum, the community-based case manager or integrated health home care coordinator contacts members at least monthly, either in person or by phone, with an interval of at least fourteen calendar days between contacts.

All individuals providing case management services have knowledge of community alternatives for the target populations and the full range of long-term care resources, as well as specialized knowledge of the conditions and functional limitations of the target populations served, and of the individual members to whom they are assigned. MCOs are contractually required to ensure the delivery of services in a conflict free manner consistent with Balancing Incentive Program requirements. HHS approves and monitors all MCO policies and procedures to ensure compliance.

## Appendix C: Participant Services

### C-2: General Service Specifications (1 of 3)

- a. Criminal History and/or Background Investigations.** Specify the state's policies concerning the conduct of criminal history and/or background investigations of individuals who provide waiver services (select one):

**No. Criminal history and/or background investigations are not required.**

**Yes. Criminal history and/or background investigations are required.**

Specify: (a) the types of positions (e.g., personal assistants, attendants) for which such investigations must be conducted; (b) the scope of such investigations (e.g., state, national); and, (c) the process for ensuring that mandatory investigations have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid or the operating agency (if applicable):

Pursuant to Iowa Code 135C. 33(5)(a)(1) and (5)(a)(3), prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding must complete child abuse, dependent adult abuse and criminal background screenings before employment of a prospective staff member who will provide care for a participant:

1. An employee of a homemaker-home health aide, home care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers; and
2. An employee who provides direct services to consumers under a federal home and community-based services waiver.

Iowa Code 249A.29 provides the scope of the above provider background screening:

1. For purposes of this section and section 249A.30 unless the context otherwise requires:
  - a. "Member" means an individual approved by the department to receive services under a waiver.
  - b. "Provider" means an agency certified by the department to provide services under a waiver.
  - c. "Waiver" means a home and community-based services waiver approved by the federal government and implemented under the medical assistance program.
2. If a person is being considered by a provider for employment involving direct responsibility for a member (individual approved by the department to receive services under a waiver) or with access to a member when the member is alone, and if the person has been convicted of a crime or has a record of founded child or dependent adult abuse, the department shall perform an evaluation to determine whether the crime or founded abuse warrants prohibition of employment by the provider. The department [The Department of Health and Human Services, Iowa Medicaid] shall conduct criminal and child and dependent adult abuse records checks of the person in this state and may conduct these checks in other states. The records checks and evaluations required by this section shall be performed in accordance with procedures adopted for this purpose by the department.
3. If the department determines that a person employed by a provider has committed a crime or has a record of founded abuse, the department shall perform an evaluation to determine whether prohibition of the person's employment is warranted. In an evaluation, the department shall consider the nature and seriousness of the crime or founded abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded abuse, the circumstances under which the crime or founded abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded abuse again, and the number of crimes or founded abuses committed by the person involved. The department may permit a person who is evaluated to be employed or to continue to be employed by the provider if the person complies with the department's conditions relating to the employment, which may include completion of additional training.
4. If the department determines that the person has committed a crime or has a record of founded abuse that warrants prohibition of employment, the person shall not be employed by a provider.

As part of the provider's self-assessment process, they are required to have a quality improvement process in place to monitor their compliance with the criminal background checks. The provider agency is responsible for completing the required waiver to perform the criminal background check and submitting to the Department of Public Safety who conducts the check. The data and other information developed by the provider in the areas of discovery, remediation, and improvement of criminal background checks are available to the Department upon request. The Iowa Medicaid will assure that criminal background checks have been completed through quality improvement activities on a random sampling of providers, focused onsite reviews and during the full on-site reviews conducted every 5 years. During each of these review processes, the HCBS Quality Oversight unit reviews the provider's quality data collected by the provider to measure compliance with the criminal background checks. The HCBS Quality oversight unit also reviews a random sample of personnel files to verify the background checks are present in the file and reflects the provider's quality review.

The State HCBS Quality Oversight Unit reviews agency personnel records during provider site visits to ensure screenings have been completed. There are four types of provider site visits where agency personnel records are reviewed; periodic, certification, focused and targeted. At a minimum all providers have a periodic review conducted every five years. Providers of supported community living, and respite services require a certification review that is conducted every one to three years, depending on the results of the review. Focused reviews occurs annually for a select group of providers randomly selected to review a quality topic selected by the Department. Targeted reviews are conducted as needed based on complaints received by the Department or specific provider quality concerns identified.

Criminal history and abuse registry screenings are rerun anytime there is a complaint related to additional criminal charges against a provider, and the Program Integrity Unit runs all individual providers against a Department of Corrections file on a quarterly basis. HHS also completes any evaluation needed for screenings returned with records or charges. Background checks only include Iowa unless the applicant is a resident of another state providing services in Iowa.

MCOs are contractually required to assure that all persons, whether they are employees, agents, subcontractors, or anyone acting for or on behalf of the MCO, are properly licensed, certified, or accredited as required under applicable state law and the Iowa Administrative Code. The Contractor shall provide standards for service providers who are not otherwise licensed, certified, or accredited under state law or the Iowa Administrative Code.

**b. Abuse Registry Screening.** Specify whether the state requires the screening of individuals who provide waiver services through a state-maintained abuse registry (select one):

**No. The state does not conduct abuse registry screening.**

**Yes. The state maintains an abuse registry and requires the screening of individuals through this registry.**

Specify: (a) the entity (entities) responsible for maintaining the abuse registry; (b) the types of positions for which abuse registry screenings must be conducted; and, (c) the process for ensuring that mandatory screenings have been conducted. State laws, regulations and policies referenced in this description are available to CMS upon request through the Medicaid agency or the operating agency (if applicable):

Pursuant to Iowa Code 135C. 33(5)(a)(1) and (5)(a)(3), prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding must complete child abuse, dependent adult abuse and criminal background screenings before employment of a prospective staff member who will provide care for a participant:

1. An employee of a homemaker-home health aide, home care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers; and
2. An employee who provides direct services to consumers under a federal home and community-based services waiver.

Iowa Code 249A.29 provides the scope of the above provider background screening:

1. For purposes of this section and section 249A.30 unless the context otherwise requires:
  - a. "Member" means an individual approved by the department to receive services under a waiver.
  - b. "Provider" means an agency certified by the department to provide services under a waiver.
  - c. "Waiver" means a home and community-based services waiver approved by the federal government and implemented under the medical assistance program.
2. If a person is being considered by a provider for employment involving direct responsibility for a member (individual approved by the department to receive services under a waiver) or with access to a member when the member is alone, and if the person has been convicted of a crime or has a record of founded child or dependent adult abuse, the department shall perform an evaluation to determine whether the crime or founded abuse warrants prohibition of employment by the provider. The department shall conduct criminal and child and dependent adult abuse records checks of the person in this state and may conduct these checks in other states. The records checks and evaluations required by this section shall be performed in accordance with procedures adopted for this purpose by the department.
3. If the department determines that a person employed by a provider has committed a crime or has a record of founded abuse, the department shall perform an evaluation to determine whether prohibition of the person's employment is warranted. In an evaluation, the department shall consider the nature and seriousness of the crime or founded abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded abuse, the circumstances under which the crime or founded abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded abuse again, and the number of crimes or founded abuses committed by the person involved. The department may permit a person who is evaluated to be employed or to continue to be employed by the provider if the person complies with the department's conditions relating to the employment, which may include completion of additional training.
4. If the department determines that the person has committed a crime or has a record of founded abuse that warrants prohibition of employment, the person shall not be employed by a provider.

Individual Consumer Directed Attendant Care (CDAC) is the only service that allows individuals to be providers. All other services must be provided by agency providers. Individual CDAC providers have child and dependent adult abuse background checks completed by the Iowa Medicaid Provider Services prior to enrollment as a Medicaid provider.

All employees that provide direct services under the Consumer Choices Option under this waiver are required to complete child and dependent adult abuse background checks prior to employment with a member. The Fiscal Management provider completes the child and dependent adult abuse background checks and the employee will not pay for any services to the member prior to the completion of the checks.

The Department of Health and Human Services, Iowa Medicaid maintains the Central Abuse Registry. All child and dependent adult abuse checks are conducted by the HHS unit responsible for the intake, investigation, and finding of child and dependent adult abuse. The provider agency is responsible for completing the required abuse screening form and submitting it to HHS to conduct the screening. Providers are required to complete the child and dependent adult abuse background checks of all staff that provides direct services to waiver members prior to employment. Providers are required to have written policies and procedures for the screening of personnel for child and dependent adult abuse checks prior to employment. As part of the provider's self-assessment process, they are required to have a quality improvement process in place to monitor their compliance with the child and dependent adult abuse checks. The data and other information developed by the provider in the areas of discovery, remediation, and improvement of child and dependent adult abuse checks are available to the Department upon request. The

Department will assure that the child and dependent adult abuse checks have been completed through the Department's quality improvement activities of random sampling of providers, focused onsite reviews, initial certification and periodic reviews and during the full on-site reviews conducted every 5 years.

The State HCBS Quality Assurance and Technical Assistance Unit reviews agency personnel records during provider site visits to ensure screenings have been completed. Screenings are rerun anytime there is a complaint related to additional criminal charges against a provider, and the Program Integrity Unit runs all individual providers against a Department of Corrections file on a quarterly basis. HHS also completes any evaluation needed for screenings returned with records or charges. MCOs are also required to ensure that all required screening is conducted for providers who are not employees of a provider agency or licensed/accredited by a board that conducts background checks (i.e., non-agency affiliated self-direction service providers). HHS retains final authority to determine if an employee may work in a particular program.

## Appendix C: Participant Services

### C-2: General Service Specifications (2 of 3)

**Note: Required information from this page (Appendix C-2-c) is contained in response to C-5.**

## Appendix C: Participant Services

### C-2: General Service Specifications (3 of 3)

**d. Provision of Personal Care or Similar Services by Legally Responsible Individuals.** A legally responsible individual is any person who has a duty under state law to care for another person and typically includes: (a) the parent (biological or adoptive) of a minor child or the guardian of a minor child who must provide care to the child or (b) a spouse of a waiver participant. Except at the option of the State and under extraordinary circumstances specified by the state, payment may not be made to a legally responsible individual for the provision of personal care or similar services that the legally responsible individual would ordinarily perform or be responsible to perform on behalf of a waiver participant. *Select one:*

**No. The state does not make payment to legally responsible individuals for furnishing personal care or similar services.**

**Yes. The state makes payment to legally responsible individuals for furnishing personal care or similar services when they are qualified to provide the services.**

Specify: (a) the legally responsible individuals who may be paid to furnish such services and the services they may provide; (b) state policies that specify the circumstances when payment may be authorized for the provision of *extraordinary care* by a legally responsible individual and how the state ensures that the provision of services by a legally responsible individual is in the best interest of the participant; and, (c) the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 the personal care or similar services for which payment may be made to legally responsible individuals under the state policies specified here.*

A person who is legally responsible for a member may provide services to a waiver member. This applies to spouses, guardians of their adult children or of other adults, age 18 or older, for whom they have been legally appointed as the guardian. Parents and guardians of members aged 17 and younger may also be paid providers of service. The person who is legally responsible for an member may be an employee or subcontractor of a Supported Community Living (SCL) provider agency, Consumer Directed Attendant Care (CDAC) agency, an enrolled Individual Consumer Directed Attendant Care (ICDAC) provider or an employee under the Consumer Choices Option (CCO) program. When the legally responsible person is the SCL, CDAC or CCO employee, the service planning team determines the need for and the types of activities to be provided by the legally responsible person. This includes reviewing if the needed services are “extraordinary.” Any services which are activities that a legally responsible individual would ordinarily perform in the household on behalf of a person without a disability or chronic illness of the same age and are not necessary to assure the health and welfare of the member and to avoid institutionalization would not be considered extraordinary. If the legally responsible person is an employee through an SCL, CDAC or CCO, the legally responsible person must have the skills needed to provide the services to the member. In many situations, the member requests the legally responsible person to provide services, as the legally responsible person knows the member and their needs best. In other circumstances, there are no other qualified providers available when the service is needed or a lack of staff in the area to provide the service.

Through the person-centered planning process, the comprehensive service plan is developed. If the member has a guardian who is also their service provider, the care plan will address how the HHS case manager or MCO community-based case manager will oversee the service provision to ensure care is delivered in the best interest of the member.

The rate of pay and the care provided by the legally responsible person is identified and authorized in the member’s plan of care that is authorized and monitored by an HHS case manager or MCO community-based case manager. Service plans are monitored to assure that authorized services are received. For fee-for-service members, the State completes post utilization audits on waiver providers verifying those services rendered match the service plan and claim process. In addition, information on paid claims for fee-for-service members are available in IoWANS for review. The IoWANS system compares the submitted claims to the services authorized in the plan of care prior to payment. The claim will not be paid if there is a discrepancy between the amount billed and the rate of pay authorized in the plan. MCOs are responsible for ensuring the provision of services by a legally responsible individual is in the best interest of the member and that payments are made only for services rendered. All participants must participate in a training program prior to assuming self-direction, and MCOs provide ongoing training upon request and/or if it is determined a participant needs additional training. MCOs monitor the quality of service delivery and the health, safety and welfare of members participating in self-direction, including implementation of the back-up plan. If problems are identified, a self-assessment is completed to determine what additional supports, if any, could be made available. MCOs must ensure payments are made only for services rendered through the development and implementation of a contractually required program integrity plan. The HHS maintains oversight of the MCO program integrity plans and responsibility for overall quality monitoring and oversight.

#### **Self-directed**

#### **Agency-operated**

- e. Other State Policies Concerning Payment for Waiver Services Furnished by Relatives/Legal Guardians.** Specify state policies concerning making payment to relatives/legal guardians for the provision of waiver services over and above the policies addressed in Item C-2-d. *Select one:*

**The state does not make payment to relatives/legal guardians for furnishing waiver services.**

**The state makes payment to relatives/legal guardians under specific circumstances and only when the relative/guardian is qualified to furnish services.**

Specify the specific circumstances under which payment is made, the types of relatives/legal guardians to whom payment may be made, and the services for which payment may be made. Specify the controls that are employed to ensure that payments are made only for services rendered. *Also, specify in Appendix C-1/C-3 each waiver service for which payment may be made to relatives/legal guardians.*

A member’s relative or legal representative may provide services to a member. Payments may be made to any relative, or in some circumstances, a legal representative of the member and meets the minimum age requirements for service provision. Legal representative means a person, including an attorney, who is authorized by law to act on behalf of the medical assistance program member. Legal representatives may be paid providers for members aged 18 and over for whom they act as the legal representative. The legal representative may be an Individual CDAC provider, an employee under the CCO program, or an employee hired by a provider agency. When the legal representative is the SCL, CDAC or CCO provider, the case manager or community-based case manager and interdisciplinary team determine the need for and the types of activities provided by the legal representative. If the legal representative is an employee of an enrolled provider agency, they may be paid by the enrolled provider as an employee of the provider. Medicaid payments are being made to the enrolled provider and not directly to the legal representative as is done with ICDAC and CCO employees. The provider must assure the legal representative has the skills needed to provide the services to the member. It is the responsibility of the enrolled provider to recruit, train, and supervise the legal representative same as all employees.

Whenever a legal representative acts as a provider of consumer-directed attendant care, the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.
2. A contingency plan must be established in the member’s service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or another unexpected event. In many situations, the member requests the legal representative provide services, as the legal representative may know the member and their needs best. In other circumstances, there are no other qualified providers available when the service is needed or a lack of staff in the area to provide the service. In these cases, the legal representative must have the skills needed to meet the needs of the member.

The rate of pay and the care provided by the legally responsible person is identified and authorized in the member’s service plan that is authorized and monitored by the member’s case manager or community-based case manager.

The HHS case manager or community-based case manager are responsible to monitor service plans and assure the services authorized in the member’s plan are received. In addition, information on paid claims of fee-for-service members is available in IoWANS for review. The IoWANS System compares the submitted claim to the services authorized in the service plan prior to payment. The claim will not be paid if there is a discrepancy between the amount billed and the rate authorized in the plan. The state also completes post utilization audits on waiver providers verifying those services rendered match the service plan and claim process. This applies to individual CDAC providers and provider agencies. MCOs are required to adhere to all state policies, procedures, and regulations regarding payment to legal guardians, as outlined in this section.

**Relatives/legal guardians may be paid for providing waiver services whenever the relative/legal guardian is qualified to provide services as specified in Appendix C-1/C-3.**

Specify the controls that are employed to ensure that payments are made only for services rendered.

**Other policy.**

Specify:

**f. Open Enrollment of Providers.** Specify the processes that are employed to assure that all willing and qualified providers have the opportunity to enroll as waiver service providers as provided in 42 CFR §431.51:

Iowa Medicaid providers will be responsible for providing services to fee-for-service members. The Iowa Medicaid Provider Services Department markets provider enrollment for Iowa Medicaid. Potential providers may access an application on line through the website or by calling the provider services' phone number. The Iowa Medicaid Provider Services Unit must respond in writing within five working days once a provider enrollment application is received, and must either accept the enrollment application and approve the provider as a Medicaid provider or request more information. In addition, waiver quality assurance staff and waiver program managers, as well as case managers and community based case managers, market to qualified providers to enroll in Medicaid.

MCOs are responsible for oversight of their provider networks. The State retains authority for development of the performance standards, and for review and approval of any disenrollment recommendations.

## Appendix C: Participant Services

### Quality Improvement: Qualified Providers

As a distinct component of the States quality improvement strategy, provide information in the following fields to detail the States methods for discovery and remediation.

#### a. Methods for Discovery: Qualified Providers

*The state demonstrates that it has designed and implemented an adequate system for assuring that all waiver services are provided by qualified providers.*

##### i. Sub-Assurances:

- a. *Sub-Assurance: The State verifies that providers initially and continually meet required licensure and/or certification standards and adhere to other standards prior to their furnishing waiver services.*

##### Performance Measures

*For each performance measure the State will use to assess compliance with the statutory assurance, complete the following. Where possible, include numerator/denominator.*

*For each performance measure, provide information on the aggregated data that will enable the State to analyze and assess progress toward the performance measure. In this section provide information on the method by which each source of data is analyzed statistically/deductively or inductively, how themes are identified or conclusions drawn, and how recommendations are formulated, where appropriate.*

##### Performance Measure:

**QP-a1: Number and percent of newly enrolled waiver providers verified against the appropriate licensing or certification standards prior to furnishing services.**

**Numerator: # of newly enrolled waiver providers verified against appropriate licensing or certification standards prior to furnishing services; Denominator: # of newly enrolled waiver providers required to be licensed or certified.**

**Data Source** (Select one):

**Other**

If 'Other' is selected, specify:

**Enrollment information out of IoWANS. All MCO HCBS providers must be enrolled as verified by the Iowa Medicaid PS.**

Other Specify: <input data-bbox="406 571 798 660" type="text"/>	Annually
	Continuously and Ongoing
	Other Specify: <input data-bbox="869 862 1260 952" type="text"/>

ii. If applicable, in the textbox below provide any necessary additional information on the strategies employed by the State to discover/identify problems/issues within the waiver program, including frequency and parties responsible.

The Iowa Medicaid Provider Services unit is responsible for review of provider licensing, certification, background checks of relevant providers, and determining compliance with provider service and business requirements prior to initial enrollment and reenrollment. All MCO providers must be enrolled as verified by Iowa Medicaid Provider Services.

The Home and Community Based Services (HCBS) quality oversight unit is responsible for reviewing provider records at a 100% level over a three-to-five-year cycle, depending on certification or accreditation. If it is discovered that providers are not adhering to provider training requirements, a corrective action plan is implemented. If corrective action attempts do not correct noncompliance, the provider is sanctioned for noncompliance and eventually disenrolled or terminated if noncompliance persists.

**b. Methods for Remediation/Fixing Individual Problems**

i. Describe the States method for addressing individual problems as they are discovered. Include information regarding responsible parties and GENERAL methods for problem correction. In addition, provide information on the methods used by the state to document these items.

If it is discovered by Provider Services Unit during the review that the provider is not compliant in one of the enrollment and reenrollment state or federal provider requirements, the provider is required to correct deficiency prior to enrollment or reenrollment approval. Until the provider make these corrections, they are ineligible to provide services to waiver members. All MCO providers must be enrolled as verified by Iowa Medicaid Provider Services, so if the provider is no longer enrolled by Iowa Medicaid, then that provider is no longer eligible to enroll with an MCO.

ii. Remediation Data Aggregation

**Remediation-related Data Aggregation and Analysis (including trend identification)**

Responsible Party <i>(check each that applies):</i>	Frequency of data aggregation and analysis <i>(check each that applies):</i>
State Medicaid Agency	Weekly
Operating Agency	Monthly
Sub-State Entity	Quarterly
Other Specify: <input data-bbox="320 528 794 573" type="text" value="Contracted entity and MCO"/>	Annually
	Continuously and Ongoing
	Other Specify: <input data-bbox="866 768 1337 846" type="text"/>

**c. Timelines**

When the State does not have all elements of the Quality Improvement Strategy in place, provide timelines to design methods for discovery and remediation related to the assurance of Qualified Providers that are currently non-operational.

**No**

**Yes**

Please provide a detailed strategy for assuring Qualified Providers, the specific timeline for implementing identified strategies, and the parties responsible for its operation.

**Appendix C: Participant Services**

**C-3: Waiver Services Specifications**

Section C-3 'Service Specifications' is incorporated into Section C-1 'Waiver Services.'

**Appendix C: Participant Services**

**C-4: Additional Limits on Amount of Waiver Services**

**a. Additional Limits on Amount of Waiver Services.** Indicate whether the waiver employs any of the following additional limits on the amount of waiver services (*select one*).

**Not applicable-** The state does not impose a limit on the amount of waiver services except as provided in Appendix C-3.

**Applicable -** The state imposes additional limits on the amount of waiver services.

When a limit is employed, specify: (a) the waiver services to which the limit applies; (b) the basis of the limit, including its basis in historical expenditure/utilization patterns and, as applicable, the processes and methodologies that are used to determine the amount of the limit to which a participant's services are subject; (c) how the limit will be adjusted over the course of the waiver period; (d) provisions for adjusting or making exceptions to the limit based on participant health and welfare needs or other factors specified by the state; (e) the safeguards that are in effect when the amount of the limit is insufficient to meet a participant's needs; (f) how participants are notified of the amount of the limit. (*check each that applies*)

**Limit(s) on Set(s) of Services.** There is a limit on the maximum dollar amount of waiver services that is authorized for one or more sets of services offered under the waiver.

*Furnish the information specified above.*

**Prospective Individual Budget Amount.** There is a limit on the maximum dollar amount of waiver services authorized for each specific participant.

*Furnish the information specified above.*

**Budget Limits by Level of Support.** Based on an assessment process and/or other factors, participants are assigned to funding levels that are limits on the maximum dollar amount of waiver services.

*Furnish the information specified above.*

**Other Type of Limit.** The state employs another type of limit.

*Describe the limit and furnish the information specified above.*

## Appendix C: Participant Services

---

### C-5: Home and Community-Based Settings

Explain how residential and non-residential settings in this waiver comply with federal HCB Settings requirements at 42 CFR 441.301(c)(4)-(5) and associated CMS guidance. Include:

1. Description of the settings and how they meet federal HCB Settings requirements, at the time of submission and in the future.
2. Description of the means by which the state Medicaid agency ascertains that all waiver settings meet federal HCB Setting requirements, at the time of this submission and ongoing.

*Note instructions at Module 1, Attachment #2, HCB Settings Waiver Transition Plan for description of settings that do not meet requirements at the time of submission. Do not duplicate that information here.*

HCBS services can be provided in the following settings:

- Individual member's homes of any type (houses, apartments, condominiums, etc.).
- Members living in their family home of any type.
- Integrated community rental properties available to anyone within the community.
- Nonresidential Habilitation services including Day Habilitation, Prevocational, and Supported Employment services occur in integrated community-based settings.
- Adult Day Care may occur in the member's home or in integrated community-based settings.
- 100% community-based "no walls" day habilitation services.

Provider-owned or controlled residential settings including:

- DIA licensed Residential Care Facility (RCF)
- DIA licensed Assisted Living Facility
- Host Home
- Supported Community Living Daily Site

In order to assess the settings identified above to ensure they met the HCBS settings requirements, Iowa Medicaid used their existing processes and enhanced, expanded, or created new processes and tools where gaps existed.

These processes include:

- Provider quality self-assessment, address collection, and attestation (form #470-4547)
- Quality oversight and review and specifically the SFY17-18 and SFY23 Focused Reviews completed by the QIO HCBS Unit
- Residential Assessments
- Settings Assessments

To ensure settings identified above continue to meet the HCBS settings requirements, Iowa Medicaid will use the following processes to assess HCBS settings for compliance with the Final Statewide Transition Plan (STP):

- Provider Quality Self-Assessment tool
- Quality oversight and review of non-residential settings completed by the QIO HCBS Unit.
- Residential Assessments – completed annually by case managers with each member receiving HCB services. Additionally, a Residential Assessment will be completed with members within 30 days of moving to a new residence.

All residential settings where HCB services are provided must document the following in the member's service or treatment plan:

- The setting is integrated in and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS at 42 CFR §441.301(c)(4)(i) (entire criterion except for "control personal resources), and receive services in the community, like individuals without disabilities.
- The setting, to reside in, is selected by the individual from setting options including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the person-centered service plan and are based on the individual's needs, preferences, and for residential settings, resources available for room and board at 42 CFR §441.301(c)(4)(ii),
- Optimizes, but does not regiment, individual initiative, autonomy, and independence in making life choices, including but not limited to, daily activities, physical environment, and with whom to interact at 42 CFR §441.301(c)(4)(iv), and
- Facilitates individual choice regarding services and supports, and who provides them at 42 CFR §441.301(c)(4)(v).

Provider-owned or controlled residential settings:

Residential settings that are provider owned or provider controlled or operated including licensed Residential Care Facilities (RCF) for 16 or fewer persons must also document the following in the member's service or treatment plan:

- Individuals sharing units have a choice of roommate in that setting at 42 CFR §441.301(c)(4)(vi)(B)(2), and
- Individuals have the freedom and support to control their own schedules and activities at 42 CFR §441.301(c)(4)(vi)(C) (entire criterion except for "have access to food at any time").

HCBS services may not be provided in settings that are presumed to have institutional qualities and do not meet the rule's requirements for home and community-based settings. These settings include those in a publicly or privately-owned facility that provide inpatient treatment, on the grounds of, or immediately adjacent to, a public institution; or that have the effect of isolating individuals receiving Medicaid-funded HCBS from the broader community of individuals not receiving Medicaid-funded HCBS.
