

## FY23 Community Partnership Tobacco Control Program Objectives

All 28 Community Partnerships (CPs) address the following Work Plan Area Goal (WPAG) in their tobacco control program:

- WPAG 1:
  - A) Formation of Iowa Students for Tobacco Education and Prevention (ISTEP) Chapters
  - B) Educate community members who influence and connect with youth (i.e. coaches, parents, school staff, youth groups and other youth influencers) on the negative health effects of electronic smoking devices, and tobacco use as well as new and emerging tobacco trends
- WPAG 2:
  - TF/NF policy adoption (can include businesses, community events, schools, parks, etc...)
  - Smoke Free Homes program education and policy adoption technical assistance for rental properties
- WPAG 3:
  - Increase the number of users to Quitline Iowa by encouraging systems change through education, outreach, and presentations.
  - Implement the Ask, Advise, Refer protocol within a provider practice, or program.
  - Implement an e-referral system change within a health facility
- WPAG 4:
  - Attend a coalition in every county of the service area, at a minimum of once per quarter.

All target area objectives for WPAG are included in the tables listed below.

<b>WPAG # 1 – Prevent the initiation of tobacco use among young people</b>
