Solutions for Aging with Independence and Longevity

- **IA SAIL** is a solution for aging and aging with disabilities in Iowa.
 - The solution has many different phases. The first phase includes gathering information and feedback from people living in Iowa to draft a plan.
 - Other phases include preparing to launch the plan and monitoring ongoing progress after the plan is live.
- The **Multisector Plan on Aging (MPA)** refers to the plan that will be drafted at the end of the first phase of the project. This document will provide guidance and goals to meet over the next 10 years in Iowa.

What is the Multisector Plan for Aging?

- The MPA is a cross-sector, state-led strategic planning solution for aging and aging with disabilities across the lifespan.
 - It provides a clear framework to plan for aging across the lifespan for the next 10 years.
 - It shares a common vision and clear priorities.
 - It coordinates resources and services throughout the state.
 - It reflects input from a variety of voices.
