Kelly Garcia, Director

RETURN RECEIPT

E-MAIL TRANSMISSION TO: ksperring@wayspring.com

June 10, 2024

Kim Sperring, Executive Director Axial Clinic IA, P.C., D/B/A Wayspring Clinic 501 SW 7th St., Suite A Des Moines, IA 50309

Dear Ms. Sperring;

Attached is a copy of the Licensure Inspection Report completed by the Division of Behavioral Health following the virtual and in-person licensure inspection of Axial Clinic IA, P.C, D/B/A Wayspring Clinic, 501 SW 7th Street, Ste. A, Des Moines, Iowa on June 5 and June 10, 2024. **An initial 270-day license will be recommended to the Iowa Board of Health Substance Abuse and Problem Gambling Treatment Program Committee.** We hope the enclosed report will be of assistance for continued and ongoing program improvement.

This report is composed of the following sections:

- Licensure Inspection Weighting Report;
- Licensure team's recommendations for licensure;
- Completed programmatic check list which identifies the degree of compliance with specific licensure standards; and
- A summary of the inspectors' technical assistance addressing licensure standards' requirements.

Your application for licensure will be reviewed during the Committee's teleconference meeting.

The call-in information for the electronic meeting is:

June 13, 2024, 9:00 am call in:

Phone number: 1 669 254 5252 Meeting ID: 160 962 8797

Passcode: 849217

Program representation is welcomed but not required.

As a reminder, substance use disorder treatment services cannot be offered or provided at your agency until the Committee has taken action.

If you have questions, please contact me at Amanda.J.McCurley@hhs.iowa.gov or (515) 218-0630.

Sincerely,

Amanda McCurley Health Facilities Surveyor Division of Behavioral Health

Standards Cite	Standards Description	
641—155.17(125,135)	License Revision	
	A licensee is required to submit a written request to the division to	
	revise a license at least 30 days prior to any change of address, executive director,	
	clinical oversight staff, facility, or licensed program service. Since the last licensure visit,	NA
	has the program experienced any such changes and has it complied with the	
	requirement to notify the department?	
155.21(1)	Governing Body	
, ,	Has the program designated a governing body that complies with Iowa Code chapter	_
	504 and is responsible for overall program operations?	1
	Has the governing body adopted written bylaws and policies that define the powers	
a	and duties of the governing body, its committees, its advisory groups, and the executive	1
	director?	
	Do written by-laws minimally specify the following?	
	(1) The type of membership;	
L.	(2) The term of appointment;	4
b	(3) The frequency of meetings;	1
	(4) The attendance requirements; and	
	(5) The quorum necessary to transact business.	
	Are minutes of all meetings by the governing body maintained and available for review	
	by the department and do they include the following?	
	(1) Date of the meeting;	1
С	(2) Names of members attending;	1
	(3) Topics discussed; and	
	(4) Decisions reached and actions taken.	
	Do the duties of the governing body include the following?	
	(1) Appointment of a qualified executive director, who shall have the responsibility and	
	authority for the management of the program in accordance with the governing body's	
d	established policies;	1
	(2) Establishment of effective controls to ensure that quality services are provided;	
	(3) Review and approval of the program's annual budget; and	
	(4) Approval of all contracts.	
e	Has the governing authority developed and approved the program's policies and	1
	procedures?	.
f	Is the governing authority responsible for all funds, equipment and the physical	1
'	facilities and the appropriateness and adequacy of services the program provides?	
	Has the governing body prepared an annual report which includes each of the	
	following?	
	(1) The name, address, occupation, and place of employment of each governing body	
	member;	
	(2) Disclosure of any family relationship a member of the governing body has with a	
g	program staff	NA
	member;	
	(3) The names and addresses of any owners or controlling parties whether they are	
	individuals,	
	partnerships, a corporation body, or a subdivision of other bodies;	
	(4) Disclosure of any potential conflict of interest a member of the governing body may have.	
	Has the governing body ensured the program maintains proof of each of the following?	
	-Malpractice insurance coverage for all staff	
	-Malpractice insurance coverage for all staff	
h	-Workers' compensation insurance	1
	-A fidelity bond for all staff	
	A macincy some for an staff	

155.21(2) Executive Director	
Has the governing body appointed an executive director who has primary responsibility	1
for program operations and whose qualifications and duties are clearly defined?	1
155.21(3) Clinical Oversight	
Has the program designated a treatment supervisor to oversee provision of licensed	1
program services?	
155.21(4) Policies and Procedures Manual	
Has the program developed and maintained a policies and procedures manual that	
contains all written policies and procedures required in order to comply with licensure	
rules?	1
Does the policies and procedures manual describe the program's licensed program	
services and related activities, specify the policies and procedures to be followed and govern all staff?	
	1
	1
Are revisions to the manual entered with the date, and name and title of persons	1
making the revisions?	
155.21(5) Staff Development and Training Does the program have policies and procedures establishing a staff development and	
Does the program have policies and procedures establishing a staff development and	
training program that includes reference to the training needs of any individual who conducts an activity on behalf of the program as an employee, agent, consultant,	1
contractor, volunteer or other status? Has the program designated a staff person responsible for the staff development and	
a training plan?	1
Has the staff person responsible for the staff development and training plan conducted	
b an annual needs assessment?	NA
Does the staff development plan describe orientation of new staff including:	
-An overview of the program and licensed program services	
-Confidentiality	
c -Tuberculosis and blood-borne pathogens including HIV/AIDS	1
-Culturally and environmentally specific information	
-The specific responsibilities of each staff person and community resources specific to	
the staff person's responsibilities	
d Does the staff development and training plan address training when program	1
operations or services change?	<u> </u>
If the development and training plan includes on-site activities, are minutes of on-site	
training kept which include:	
-Name and dates of the trainings	NA
-Names of staff attending	
-Topics of the training	
-The name(s) and title(s) of trainers	
155.21.(6) Data Reporting	
Does the program have policies and procedures describing how the program reports	1
required data to the division in accordance with department requirements and processes?	1
155.21(7) Fiscal Management	
Do the program's policies and procedures ensure proper fiscal management including	
the preparation and maintenance of an annual written budget which is reviewed and	
a approved by the governing body prior to the beginning of each of the program's budget	1
years	
If the program has an annual budget of over \$100,000, has the program had an annual	
independent fiscal audit by the state auditor's office or a certified public accountant	
i macpenachi nocai agait by the state additor s office of a certifica public accountant	NI A
b based on an agreement entered into by the governing body?	NA
	NA

С	Does the program maintain insurance to provide protection for physical and financial resources of the program, people, buildings, and equipment?	1
155.21(8)	Is the insurance program reviewed on an annual basis by the governing body? Personnel	
a	Does the program have personnel policies and procedures that address the following: (1) Recruitment and selection of staff; (2) Wage and salary administration; (3) Promotions; (4) Employee benefits; (5) Working hours; (6) Vacation and sick leave; (7) Lines of authority; (8) Rules of conduct; (9) Disciplinary actions and termination; (10) Methods for handling cases of inappropriate patient care; (11) Work performance appraisal; (12) Staff accidents and safety; (13) Staff grievances; (14) Prohibition of sexual harassment; (15) Implementation of the Americans with Disabilities Act; (16) Implementation of the Drug-Free Workplace Act; (17) Use of social media; and (18) Implementation of equal employment opportunity.	1
b	Does the program maintain written job descriptions describing the actual duties of the staff and the qualifications required for each position and: (1) Is there evidence that all personnel providing screenings, evaluations, assessments and treatment are licensed, certified, or otherwise in accordance with 155.21(8) requirements? (2) Does the program review job descriptions annually and whenever there is a change in a position's duties or required qualifications? (3) Does the program include job descriptions in the personnel section of the policies and procedures manual?	1
С	Are written performance evaluations of all program staff performed at least annually and is the staff able to respond to the evaluation in writing?	NA
d	Are personnel records kept on each staff? They shall include the following. (1) Verification of training, experience, qualifications, and professional credentials; (2) Job performance evaluations; (3) Incident reports; (4) Disciplinary action taken; and (5) Documentation of review of and agreement to adhere to confidentiality laws and regulations.	NA
e	Does the program have written policies and procedures that ensure the confidentiality of personnel records and that specify which staff are authorized to have access to them?	1
f	If a certified or licensed staff member has been sanctioned or disciplined by a certifying or licensed body, did the program notify the division in writing within ten workings days of being informed and did the notification include the sanction or discipline order?	NA
155.21(9)	Child Abuse/Dependent Adult Abuse/Criminal History Background Check	
	Does the program have written policies and procedures that specify procedures that address child abuse, dependent adult abuse and criminal history background checks?	1

a	Do the policies state: - prohibiting mistreatment, neglect or abuse of children and dependent adults by staff include reporting and enforcement procedures - if a staff person is found in violation of Iowa Code sections 232.67 through 232.70 by the department of human services investigation, the staff shall be subject to the program's policies concerning termination - reporting violations immediately to the program's executive director and appropriate Department of Human Services staff	1
b	For staffs working within a juvenile service area, or with dependent adults, do personnel records contain the following? (1) Documentation of a criminal history background check with the Iowa division of criminal investigation on all new staff applicants. The background check shall include asking whether the applicant has been convicted of a crime. (2) A written, signed and dated statement furnished by a new staff applicant which discloses any substantiated report of child abuse, neglect or sexual abuse or dependent adult abuse. (3) Documentation of a check prior to permanent acceptance of a person as staff, with the Iowa central registry for any substantiated reports of child abuse, neglect or sexual abuse pursuant to Iowa Code section 125.14A or substantiated reports of dependent adult abuse for all staff hired or accepted on or after July 1, 1994, pursuant to Iowa Code chapter 235B.	NA
С	If a record of criminal conviction or founded child abuse or founded dependent adult abuse exists for a person hired by the program, does a record exist that lowa DHS concluded that the crime or founded child abuse or founded dependent adult abuse does not merit prohibition of employment? Is there record of the hire having been offered the opportunity to complete and submit Form 470-2310, Record Check Evaluation?	NA
d	Has each staff member completed two hours of training relating to the identification and reporting of child abuse and dependent adult abuse within six months of initial employment; and two hours of additional training every three years thereafter?	NA
155.21(10)	Patient Records	
	Does the program have written policies and procedures governing patient case records that describe compilation, storage and dissemination of patient records and release or disclosure of information?	1
a	The policies and procedures shall ensure that: (1) The program protects the patient record against loss, tampering or unauthorized disclosure of information; (2) The content and format of patient records are uniform; (3) All entries in the patient record are in chronological order, signed, dated and legible. When records are maintained electronically, a staff identification code number authorizing access shall be accepted in lieu of a signature; (4) Each entry in the patient record is made in permanent ink, by typewriter, or by computer; and (5) Entries in the patient record use language consistent with generally accepted standards of practice and do not include abstract terms, technical jargon or slang.	1
b	Does the program provide adequate physical facilities for the secure storage, processing and handling of patient records?	1
С	Is there a program policy authorizing access to appropriate patient records by staff?	1
d	Is there a written policy governing maintenance of patient records for not less than seven (7) years from the date they are officially closed and for the disposal of patient case records?	1
е	Are all paper patient records kept in a suitable locked room or file cabinet?	1

f	Do the program's written policies and procedures provide for the release or disclosure of information on individuals seeking program services or on patients in strict accordance with the Health Insurance Portability and Accountability Act (HIPAA) and state and federal confidentiality laws, rules and regulations? (1) The confidentiality of substance use disorder patient records and information is protected by HIPAA and the regulations on confidentiality of alcohol and drug abuse patient records, 42 CFR Part 2, which implement federal statutory provisions, 42 U.S.C. 290dd-3 applicable to alcohol abuse patient records, and 42 U.S.C. 290ee-3 applicable to drug abuse patient records. (2) The confidentiality of problem gambling patient records and information is protected by HIPAA, Iowa Code chapter 228 and Iowa Code section 22.7(35).	1
g	If the program provides services via electronic media, has it informed the patient of the limitations and risks associated with such services and documented in each patient case record that such notices have been provided?	NA
h	Upon receipt of a properly executed written release of information signed by the patient, did the program release patient records in a timely manner? Exceptions are allowed for reporting information unrelated to continuum of care, if payment has not been received for such services or in the case of 321J reporting form.	NA
155.21(11)	Assessment and Admission	
	Does the program have written policies and procedures that address screening, assessment, referral and admission and documentation of such activities in the patient record?	1
a	Does each patient record contain an assessment developed prior to admission unless the patient's risk factors indicate the need for immediate admission? (1) If the program admits a patient based on a screening or initial assessment that indicates the patient requires immediate admission, that screening or initial assessment must be updated and expanded to a full assessment when the patient's current risk factors are stabilized. (2) The assessment shall be documented in the patient record and shall be organized in a manner that supports development of a treatment plan by the program or by any program to which the patient is referred.	NA
b	Has the program implemented a uniform assessment process that describes: (1) The information to be gathered; (2) Procedures for accepting a referral from another program, agency or organization; (3) Procedures for referring a patient to another program, agency or organization.	NA
С	Does each patient record contain an assessment that has been updated on an ongoing basis within the periods of time specified for each level of care in the management-of-care process? (continuing stay reviews)	NA
d	Have the results of the assessment been explained to the patient and family if appropriate, and has the explanation been documented in the patient record?	NA
e	Does the patient record contain documentation that the patient has been informed of: (1) The general nature and goals of the program; (2) Rules governing patient conduct and infractions that can lead to disciplinary action or discharge from the program; (3) The hours during which services are available; (4) The costs to be borne by the patient; (5) Patient rights and responsibilities; (6) Confidentiality laws, rules and regulations; and (7) Safety and emergency procedures.	NA

Does the program have written policies and procedures that describe the program's uniform process for developing individualized treatment plans based on ongoing assessment and the documentation of such plans in each patient record? Was the treatment plan developed within the period of time between admission and	
uniform process for developing individualized treatment plans based on ongoing assessment and the documentation of such plans in each patient record?	
	1
Was the treatment plan developed within the period of time between admission and	
vvas the treatment plan developed within the period of time between duffission and	NIA
a the review date specified for that level of care?	NA
Does the treatment plan minimally contain each of the following?	
(1) A summary of assessment findings;	
(2) Patient short- and long-term goals;	NA
b (3) The type and frequency of planned treatment activities;	IVA
(4) The staff responsible for the patient's treatment; and	
(5) Culturally and environmentally specific considerations.	
Does the treatment plan meet each of the following conditions?	
> Is the treatment plan developed in partnership with the patient and is patient	
participation documented in the patient record?	
> Is the treatment plan written in a manner clearly understandable to the patient?	NA
> Was the patient provided a copy of the treatment plan?	
> Is there documentation that the patient and staff reviewed the treatment plan when	
clinically indicated and within the time frames specified for this level of care?	
Are treatment plan reviews based on ongoing assessment and do they specify the	
indicated level of care and licensed program services and any revision of treatment plan	
goals? Are the dates of the reviews and any revisions of the treatment plan	NA
documented in the patient record?	
155.21(13) Progress Notes	
Does the program have written policies and procedures that describe a uniform process	
for reviewing a patent's current status and progress in meeting treatment plan goals	1
and documenting such review in the patient record?	-
Do progress notes contain the date each service was provided or observation made and	
a the name and title of the staff person providing each service or documenting each	NA
observation?	
b Is there a progress note entered following each individual session?	NA
c Is there a progress note entered at least weekly for group counseling sessions?	NA
If the note contains a subjective interpretation of the patient's status or progress, is	
d there a description of the behavioral observation upon which the interpretation was	NA
based?	
155.21(14) Patient Record Contents	
Does the program have written policies and procedures that require that a record be	
maintained for each patient and do they specify the contents of the patient record?	1
Do the patient records include the following?	
po the patient records include the following:	
(1) Any screening;	
(1) Any screening; (2) Each assessment;	
(1) Any screening;	
(1) Any screening;(2) Each assessment;(3) Results of any physical examination or laboratory test;(4) Admission information;

(1) Any screening; (2) Each assessment; (3) Results of any physical examination or laboratory test; (4) Admission information; (5) Any report from a referring source or outside resource; (6) Notes from any case conference, consultation, care coordination or case management; (7) Any correspondence related to the patient, including letters, electronic communications and telephone conversations; (8) Any treatment consent form;	NA
(1) Any screening; (2) Each assessment; (3) Results of any physical examination or laboratory test; (4) Admission information; (5) Any report from a referring source or outside resource; (6) Notes from any case conference, consultation, care coordination or case management; (7) Any correspondence related to the patient, including letters, electronic communications and telephone conversations;	NA

b	For substance use disorder treatment programs, problem gambling treatment programs, and substance use disorder and problem gambling treatment programs, do the patient records also include each of the following? (1) Treatment plans; (2) Management-of-care reviews; (3) Medication records, which shall allow for the monitoring of all medications administered and self-administered and detection of adverse drug reactions; (4) Progress notes; (5) Discharge summaries completed within 30 days of discharge, which shall be sufficiently detailed to identify the types of services the patient received, action taken to address specific problems identified, and plans for services and referrals post	NA
С	discharge. If this program is a problem gambling treatment program or a substance abuse/problem gambling treatment program, does the patient record contain documentation of financial counseling services that have assisted the patient in preparing a budget and addressing financial debt options including restitution and bankruptcy?	NA
155.21(15)	Drug Screening	
	Does the program have written policies and procedures addressing collection of drug- screening specimens and utilization of drug-screening results? If the program does not conduct drug screenings, does it have a policy stating such?	1
а	Are specimens collected under direct supervision and analyzed according to program policies, or does the program shall have a policy in place to reduce the patient's ability to alter the test?	NA
b	If the program uses an outside laboratory to analyze drug screening, does it comply with federal and state requirements?	NA
С	If the program conducts on-site drug screenings, does the program comply with all Clinical Laboratory Improvement Act regulations?	NA
d	Does the patient record reflect the manner in which the drug-screening results are utilized in treatment?	NA
155.21(16)	Medical and Mental Health Services	
	Does the program have written policies and procedures to address medical and mental health services?	1
а	In addition to assessment of biomedical conditions and complications as described in the ASAM criteria, has the program taken a medical history and performed a physical examination and necessary laboratory tests as follows for patients admitted to the level of care specified? (1) Medically managed intensive inpatient treatment and medically monitored intensive inpatient treatment: within 24 hours of admission. (2) Clinically managed high-intensity residential treatment and clinically managed medium-intensity residential treatment: within 7 days of admission. (3) Clinically managed low-intensity residential treatment: within 21 days of admission. (4) Crisis stabilization services and opioid treatment program services: within 24 hours of admission.	NA
b	Have physical, laboratory work and medical histories accepted from qualified sources	NA
С	been completed within 90 days prior to admission? If the program has accepted a mental health history from a qualified source, was the history completed no more than three (3) days prior to the patient's current admission?	NA
155.21(17)	Emergency Services	
	Does the program have written policies and procedures addressing the availability of emergency services for SUD's and medical and mental health conditions?	1
a	Does the program have emergency services available 24 hours/day, 7 days/week?	NA

b	If the program does not provide emergency services, does it ensure they are available from another qualified individual, institution, facility or legal entity?	1
С	Has the program communicated the availability of emergency services by posting notice at facilities, having a recorded message on the program's telephone system, posting notice on the program's web site and through program materials?	1
155.21(18)	Medication Control	
	Does the program have written policies and procedures that describe how medications are administered or self-administered in accordance with federal, state and local laws, rules and regulations? If the program does not conduct medication administration or self-administration, does its policies and procedures state as such?	1
a	Does the program maintain a list of qualified personnel authorized to administer medications as designated by rule 657-8.32(124,155A)?	NA
b	Are all medications being administered in accordance with the instructions of the attending prescriber and documented in the patient record? Documentation shall include type and amount of the medication, the time and date, and the staff person administering the medication.	NA
С	Does the program have written policies and procedures on self-administration requiring that self-administration be observed by a staff person who has been oriented to the program's policies and procedures on self-administration and that self-administered medications be clearly labeled? Written policies and procedures on self-administration shall include the following. (1) Medications are ordered or prescribed by a prescriber. (2) The prescriber agrees that the patient can self-administer the medication. (3) The medication taken and how and when the medication is taken are documented in the patient record.	NA
d	Are prescription drugs which are administered or self-administered, accompanied with a written order signed by a physician? Are all prescribed medications clearly labeled with the patient's full name, the prescriber's name, the prescription number, and the name and strength of the medication, the dosage, the directions for use and the date of issue; and the name, address and telephone number of the pharmacy or prescriber issuing the medication?	NA
е	If there is record of a medication a patient brought to the program not having been used, was it packaged, sealed and stored and was the sealed package of medication returned to the patient, family or designee at the time of discharge?	NA
f	Accountability and control of medications: (1) Is there a specific routine for medication administration, indicating dose schedules and standardization of abbreviations. (2) Are there specific methods for control and accountability of medication products throughout the program? (3) Does the staff person in charge of medications provide for monthly inspection of all storage units? (4) Are all prescription medication containers having soiled, damaged, illegible, or makeshift labels returned to the issuing pharmacist, pharmacy, or prescriber for relabeling or disposal? (5) Are unused prescription medications prescribed for a patient who leaves a program without the patient's medication, destroyed by a staff person with a staff witness, and is a notation made in the patient record? When a patient is discharged or leaves the program, is all medication currently being administered sent, in the original container, with the patient or with a responsible agent, as approved by a prescriber?	NA
g	Is all medication storage maintained in accordance with the security requirements of federal, state and local laws? (1) Are all medications maintained in locked storage? Are controlled substances	NA

maintained in a locked box within the locked cabinet? (2) Are all medications requiring refrigeration kept in a refrigerator and separated from food and other items? (3) Are disinfectants and medication for external use stored separately from internal and injectable medications? (4) Are medications for each patient stored in original containers? (5) Are all poisonous or caustic medications plainly labeled, stored separately from other medication in a specific well-illuminated cabinet, closet, or storeroom and made accessible only to authorized staff? Does the program have written policies and procedures stating that all prescription medications provided to patients be dispensed by a licensed pharmacy in accordance with the laws of that state or by a licensed prescriber? Does the program have written policies and procedures stating that medications prescribed for one patient shall not be administered to or allowed to be in the possession of another patient? Does the program have written policies and procedures stating that any unusual aptient reaction to a medication shall be documented in the patient record and reported immediately to the prescriber? Reported immediately to the prescriber? Does the program have written policies and procedures stating that dilution or reconstitution and labeling of medication shall be done only by a licensed pharmacist? 155.21(19) Management of Care and Discharge Planning Does the program have written policies and procedures requiring the use of ASAM criteria for assessment, admission, continued service and discharge decisions and describing the program's management-of-care processes? Does the patient file demonstrate proper use of the ASAM dimensions? Is the program conducting management of care activities at least minimally within the time frames specified for each level of care? d	all staff?	NA
e	Does the program use QI plan findings to detect trends, patterns of performance, and potential problems that affect patient care and program operations?	NA
f	Does the program evaluate the effectiveness of the QI plan at least annually and are revisions to the plan made as necessary?	NA
155.21(21)	Facility Safety and Cleanliness	
	Does the program have written policies and procedures ensuring that program physical facilities are clean, well-ventilated, heated, free from vermin, and appropriately furnished and are designed, constructed, equipped, and maintained in a manner that provides for the physical safety of patients, concerned persons, visitors and staff?	1
а	Has the program obtained certificate(s) of occupancy, if required by local jurisdiction?	1
b	During construction phases or alterations to buildings is construction in compliance with all applicable federal, state, and local codes? During new construction, has the program complied with local, state (Iowa Code chapter 104A), and federal codes and has the program provided for safe and convenient use by disabled individuals?	NA
C	Does the program have written policies and procedures for each of the following? (1) Identification, development, implementation, maintenance and review of safety policies and procedures. (2) Promotion and maintenance of an ongoing, facility wide hazard surveillance program to detect and report all safety hazards. (3) Safe and proper disposal of bio hazardous waste. (4) Stairways, halls, and aisles. Stairways, halls, and aisles shall be of substantial, nonslippery material, maintained in a good state of repair, adequately lighted and kept free from obstructions at all times. All stairways shall have handrails. (5) Radiators, registers, and steam and hot water pipes, each of which shall have protective covering or insulation. Electrical outlets and switches shall have wall plates. (6) For programs serving juveniles, fuse boxes that shall be under lock and key or six feet above the floor. (7) Safe and proper handling and storage of hazardous materials. (8) Prohibition against weapon possession; safe and proper removal of weapons. (9) Swimming pools. Swimming pools shall conform to state and local health and safety rules and regulations. Adult supervision shall be provided at all times when juveniles are using the pool. (10) Ponds, lakes, or any bodies of water located on or near the program and accessible to patients, concerned persons, visitors and staff. (11) The written plan to be followed in the event of fire or tornado. The plan shall be conspicuously displayed at the facility.	1
155.21(22)	Therapeutic Environment	
	Does the program's policies and procedures provide for the establishment of an environment that preserves human dignity? Do program facilities have adequate space for the program to provide licensed program services?	1
a	Does the program have written policies and procedures that describe how all licensed program services are accessible to people with disabilities or how the program provides accommodation in compliance with the Americans with Disabilities Act?	1
b	Is the waiting or reception area of adequate size and located in an area that ensures patient confidentiality?	1
С	Is staff available in waiting areas to address patient, potential patients, concerned persons and visitors' needs?	1
d	Does the program's policies and procedures include each of the following? (1) Possession and use of chemical substances in the facility. (2) Prohibition of smoking. (3) Prohibition of the sale or other provision of any tobacco product.	1

	 (4) Informing patients of their legal and human rights at the time of admission. (5) Patient communication, opinions, or grievances, with a mechanism for redress. (6) Prohibition of sexual harassment. (7) Patient right to privacy. 	
155.25(125,135)	Specific standards for substance use assessment and OWI evaluation-only programs	
155.25(1)	OWI Evaluations	
	Does the program have written policies and procedures that require it to conduct OWI evaluations on persons convicted of operating a motor vehicle while intoxicated (OWI) pursuant to Iowa Code section 321J.2 and on persons whose driver's license or nonresident operating privileges are revoked under Iowa Code chapter 321J in accordance with 641—Chapter 157?	NA
155.25(2)	Assessment and OWI Evaluation Fees	
	Does the program have written policies and procedures that require it to make its assessment and OWI evaluation fees public and has it informed potential patients of the fee at the time the assessment or at the time the OWI evaluation is scheduled?	NA
155.34(125,135)	Specific standards for enhanced treatment services	
155.34(1)	Personnel	
	Does the program have written personnel policies and procedures in compliance with subrule 155.21(8)?	NA
a	Does the program have written policies and procedures that include job descriptions for positions that provide prevention services for substance use disorders and problem gambling; treatment for substance use disorders and problem gambling; services for medical conditions; and services for mental health conditions?	NA
b	Does the program have written policies and procedures requiring that staff are on site and qualified to provide prevention and early intervention services for substance use disorders and problem gambling; treatment for substance use disorders and problem gambling; services for medical conditions; and services for mental health conditions?	NA
641—155.38(125,135)	Tuberculosis screening of staff and residents	
155.38(1)	TB Risk Assessment	
	Has the program conducted an annual TB risk assessment to evaluate the risk for transmission of <i>M. tuberculosis</i> ?	NA
a	Does the risk assessment include the community rate of TB?	NA
b	Does the risk assessment include the number of persons with infectious TB encountered in the facility?	NA
С	Does the risk assessment include the speed with which persons with infectious TB are suspected, isolated, and evaluated to determine if persons with infectious TB exposed staff or others in the facility?	NA
155.38(3)	Baseline TB screening procedures for facilities	
a	Have all facility staff members received baseline TB screening upon hire? Baseline TB screening consists of two components: (1) assessing for current symptoms of active TB disease and (2) using a two-step TST or a single IGRA to test for infection with M. tuberculosis	NA

Axial Clinic IA, P.C., D/B/A Wayspring Clinic 501 SW 7th St., Suite A Des Moines, IA 50309

Inspection date: June 5 (virtual) and June 10, 2024

TECHNICAL ASSISTANCE

During the inspection, the licensee was specifically provided technical assistance on the following areas:

- Licensee was informed that staff orientation is required to be kept in each staff
 personnel record. Staff orientation includes an overview of the program and licensed
 program services, confidentiality, tuberculosis and blood-borne pathogens, including
 HIV/AIDS, and culturally and environmentally specific information, and the specific
 responsibilities of each staff person and community resources specific to the staff
 person's responsibilities.
- Licensee was informed a personnel record must be kept for each staff person. Staff is
 defined as any person conducting an activity on behalf of the program and this
 includes employees, agents, consultants, contractors, volunteers or other status.
- Licensee was informed that quality improvement plans are required and activities and findings are to be communicated to all staff.
- Licensee was informed of the TB Risk Assessment Form with instructions that the form is to be completed annually.
- Licensee was informed any license revisions will require a written request to the
 division at least 30 days prior to any change of address, executive director, clinical
 oversight staff, facility, or licensed program services. The division will determine if the
 requested revision can be approved or if the change is significant enough to require
 the submission of an application for license renewal by the licensee.
- Licensee was informed a fiscal audit is to be conducted annually for a program budget of more than \$100,000. For an annual budget of \$100,000 or less, the program shall conduct a fiscal audit no less than every three years.
- Licensee was informed that The ASAM Criteria is to be utilized for assessment and referral decision making.
- Licensee was informed that the results of each assessment shall be clearly explained to the patient, and to the patient's family when appropriate, and such explanation is to be documented in the patient record.
- Licensee was informed all patient records must contain documentation that patients were informed of the risks and limitations associated with therapy being provided by electronic means to include telehealth services.
- Licensee was informed that required data is to be reported to the division in accordance with department requirements and processes. Licensee was provided with information on how to begin reporting data through the Iowa Behavioral Health Reporting System (IBHRS). Licensee was informed that any technical assistance in regards to data reporting can be submitted to SAPGData@idph.iowa.gov.
- As the licensee will not be offering OWI evaluations, licensee was instructed to notify the department if these services are to be offered before the next application.
- Licensee was informed that the availability of emergency services are to be posted at any facility and on program brochure materials where these services are not being offered.
