Testimonies...

Brandi Enjoyed the Feeling of Community

I heard about Rhonda's House from Lois, my case worker. My stay here was amazing. The staff are all very caring and extremely helpful, they are also very knowledgeable when it comes to the resources available. The other guests were great as well, we all cooked and ate together, it really gave you a sense of community! Tisha is awesome, she and I would sit and talk together each time she was on shift. She is so easy to talk to and such a great listener. Oma is like the "mom" and makes sure that everyone is taken care of and has what they need.

Testimonies...

I can't express enough how grateful I am for Rhonda's House, under the dedicated leadership of Todd, who oversees the entire program. It's more than just a place; it's a sanctuary for those in need. When I found myself struggling with addiction and homelessness, Rhonda's House, with Oma as the compassionate house manager and Katie as an equally supportive manager, provided me with not just shelter, but a lifeline to recovery. During my one-week stay, I was met with kindness and support not only from Todd, Oma, and Katie but from the entire staff at Rhonda's House. Their commitment to helping others shines through, and I felt like part of a caring community dedicated to making positive changes in people's lives. Rhonda's House isn't just a place to stay; it's a place to heal, grow, and rediscover hope. I wholeheartedly recommend Rhonda's House to anyone facing similar challenges. It's a beacon of light in times of darkness, and I am proof that it can change lives for the better; and a special shoutout to Yoda, the lovable house dog at Rhonda's House, whose wagging tail and comforting presence added an extra layer of warmth and companionship during my stay. To all the incredible workers and staff at Rhonda's House, your dedication and compassion do not go unnoticed. Your unwavering support and commitment to helping those in need make this place truly special. Thank you for being the driving force behind positive change and hope for individuals like me.
