What is the intended benefit of the rule?

To outline air medical service program authority, including renewal, inspections, levels of care and staffing standards, and complaints and investigations.

Is the benefit being achieved? Please provide evidence.

Yes. There are 10 authorized air medical services based in Iowa. There are 3 authorized out of state services.

What are the costs incurred by the public to comply with the rule?

There is no charge to service programs for authorization. Costs incurred by air medical service programs to become authorized would include minimal administrative record keeping and compliance with authorization requirements.

What are the costs to the agency or any other agency to implement/enforce the rule?

Personnel and other administrative costs.

Do the costs justify the benefits achieved? Please explain.

Yes. Air medical service programs ran 6,511 incidents during 2023.

Are there less restrictive alternatives to accomplish the benefit? YES NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

Regulation via administrative rules is both appropriate and required by law.

Does this chapter/rule(s) contain language that is obsolete, outdated, inconsistent, redundant, or unnecessary language, including instances where rule language is duplicative of statutory language? [list chapter/rule number(s) that fall under any of the above categories]

PLEASE NOTE, THE BOXES BELOW WILL EXPAND AS YOU TYPE

This chapter can be rescinded and pertinent language will be transferred to 641—132 in order to create a streamlined and centralized emergency medical services program authorization chapter.
