As a Medicaid Fee-for-Service (FFS) member, it is your responsibility to:

- ◆ Be knowledgeable about your medical coverage.
- ◆ Keep all appointments you make with providers or call to cancel or reschedule. Some providers may stop seeing you if you miss one or more scheduled appointments.
- ◆ Ask **only** for medical services that are medically necessary. The Iowa Department of Human Services (DHS) may limit your services if you use Medicaid for services that are not necessary.
- ◆ Tell IME Member Services (**1-800-338-8366**) about any changes to other health insurance coverage. Tell them if coverage ends, if you lose or get new coverage, or if you change insurance companies.
- ◆ Tell your medical providers about anyone else who may be legally responsible to pay your medical bills.
- ◆ Report to IME Member Services (**1-800-338-8366**) if you are injured in an accident or if you claim medical negligence for something that required medical treatment.
- ◆ Report any settlements you get from lawsuits, insurance claims, or worker's compensation claims. Medicaid can be denied or canceled if you don't tell DHS about these settlements.
- ◆ Contact the IME if you were in a trauma-related incident. Some examples of trauma include any type of unexpected accident or injury that causes harm to the individual, including but not limited to, automobile or slip and fall. You or an IME representative must give consent before any documents will be released. Call the IME Revenue Collections/Lien Recovery Unit at **1-800-543-6742** or **515-256-4620** in the Des Moines area, Monday through Friday from 8 a.m. to 5 p.m.

Iowa Medicaid FFS

Some Iowa Medicaid members are served through a FFS system where their health care providers are paid separately for each service (like an office visit, test, or procedure). This includes members who qualify for or receive services from the following FFS programs:

- ◆ **Health Insurance Premium Payment Program (HIPP)**
- ◆ **Medicare Savings Program (MSP)**
 - **Qualified Medicare Beneficiary (QMB)**
 - **Specified Low-Income Medicare Beneficiary (SLMB)**
- ◆ **Emergency Medical Services**
- ◆ **Medically Needy** (also known as the spenddown program)
- ◆ **Presumptive Eligibility** (subject to change once ongoing eligibility is determined)
- ◆ **American Indian or Alaskan Native program**

American Indians and Alaskan Natives may choose to enroll in the Managed Care program. If you are a member who identifies as American Indian or Alaskan Native, contact IME Member Services at **1-800-338-8366** to learn about your healthcare options.

Health Insurance Premium Payment Program (HIPP)

The HIPP program is available to people who get Medicaid. The program helps people keep insurance they already have by reimbursing the cost of premiums. The HIPP program is a way for the state of Iowa to save money.

To qualify for HIPP:

- ◆ You or someone in your home must be covered by Medicaid.
- ◆ The Medicaid-eligible member must be covered by health insurance.
- ◆ The health insurance plan must be cost-effective.

The HIPP program does not provide premium assistance for:

- ◆ Insurance for someone who does not live in your home, whom you don't have legal guardianship of or absent parent as the policyholder.
- ◆ School plans based on enrollment or attendance as a student.
- ◆ An insurance plan that pays income to the policyholder.
- ◆ Plans that are limited in services, are for specific time periods, or indemnity plans. Plans that do not

provide major medical coverage.

- ◆ An insurance premium that is used to reduce the Medically Needy (spenddown) amount for Medicaid or used as a deduction in computing the client participation.
- ◆ Anyone covered by Medicare, Medicaid Kids with Special Needs (MKSNI), FPP (as only Medicaid coverage), Health Insurance Plan Iowa (HIPIOWA) or Hawki.
- ◆ Insurance plans that are high-deductible health plans that meet the definition found in Section 223(c)(2) of the Internal Revenue Code.
- ◆ Subsidized insurance plans through a government-run health insurance exchange.
- ◆ The insurance plan pays secondary to another plan.

AIDS/HIV HIPP

The AIDS/HIV HIPP program helps people living with an AIDS/HIV-related illness. It pays their health insurance premiums when they become too ill to work. To qualify for services under the AIDS/HIV HIPP program, the person must:

- ◆ Not qualify for Medicaid.
- ◆ Be a resident of Iowa.
- ◆ Provide a doctor's certification that the person cannot work because of AIDS or HIV-related illness.
- ◆ Be the health insurance plan policyholder or a dependent on the spouse's plan.
- ◆ Have "liquid" assets (cash, stocks, bank accounts, etc.) less than \$10,000.
- ◆ Meet the income limits.

Medicare Savings Program (MSP)

Medicaid is a joint federal and state program that helps pay medical costs for individuals with limited income and resources. Individuals with Medicare Part A and/or Part B, who have limited income and resources, may get help paying for their out-of-pocket medical expenses from their State Medicaid Program. Iowa has programs that can help pay your Medicare expenses, like your premiums, deductible, and coinsurance.

Qualified Medicare Beneficiary (QMB)

Under the QMB program, Medicaid only pays Medicare premiums, deductibles, and coinsurance for persons who are qualified Medicare beneficiaries. If you have Medicare Part A and your resources and income are within QMB limits, you could be eligible as a qualified Medicare beneficiary. Ask your DHS worker about QMB.

Specified Low-Income Medicare Beneficiary (SLMB)

SLMB will only pay your Medicare Part B premium. The income limit is over 100 percent but less than 135 percent of the federal poverty level. Ask your DHS worker about SLMB.

For further information, go to: <https://dhs.iowa.gov/sites/default/files/Comm060.pdf>

For questions regarding MSP, QMB, or SLMB, please contact your local DHS office.

Emergency Medical Services

Medicaid is available to pay for the cost of emergency services for aliens who do not meet citizenship, alien status or social security number requirements. The emergency services must be provided in a facility such as a hospital, clinic or office that can provide the required care after the emergency medical condition has occurred.

Medically Needy (also known as the spenddown program)

If your income is too high for Medicaid but your medical costs are so high that it uses up most of your income, you may qualify for some payment help through the Medically Needy plan. If you qualify, you are responsible for paying some of the costs of your medical expenses. Medically Needy covers:

Pregnant women if:

- ◆ Family income is over 300 percent of the FPL for a household of the same size. This includes the unborn baby.
- ◆ Family resources are not more than \$10,000. People under age 21 if family income is over the income limit for regular Medicaid.

People who are aged, blind or disabled who:

- ◆ Would be eligible for SSI (Supplementary Security Income) except that income or resources (assets) are over the limit, and
- ◆ Are age 65 or older, or
- ◆ Are legally blind as defined by Social Security, or
- ◆ Are disabled as defined by Social Security.

Adults who care for dependent children under the age of 19 and still in school, if:

- ◆ They are the parent, aunt, uncle, grandparent or disabled stepparent of a dependent child, and
- ◆ Their income is over the income limit for Medicaid for families, or their resources (assets) are over the resource limit for Medicaid for families.

For further information, go to: <https://dhs.iowa.gov/ime/members/medicaid-a-to-z/medically-needy>

Presumptive Eligibility

Presumptive eligibility (PE) provides Medicaid for a limited time. The goal of the PE process is to offer immediate health care coverage to people likely to be Medicaid eligible, before there has been a full Medicaid determination. Based on a household's statements regarding their circumstances and income, a qualified entity (QE) can enter the applicant's information into the Medicaid Presumptive Eligibility Portal (MPEP). If determined to be eligible, the applicant will have temporary Medicaid eligibility during the PE period. A QE is generally defined as an enrolled Iowa Medicaid provider who is certified by DHS and is authorized to make presumptive eligibility determinations.

American Indian or Alaskan Native

American Indians and Alaskan Natives may choose to enroll in the IA Health Link Managed Care program. If you are a member who identifies as American Indian or Alaskan Native and would like to enroll in the IA Health Link Managed Care program, please contact IME Member Services at **1-800-338-8366**.

American Indian or Alaska Native benefits:

- ◆ When eligible American Indians and Alaska Natives enroll in Medicaid or the Children's Health Insurance Program (CHIP), they are able to get the robust package of health benefits these programs provide.
- ◆ Indian Health Facilities benefit when they get federal reimbursement for services delivered to Medicaid and CHIP members.
- ◆ Medicaid and CHIP can help American Indian and Alaska Native families as well as their communities.

Family Planning Program (FPP)

Services are available for men and women between the ages of 12 and 54. Iowa's FPP helps with the cost of family planning related services.

Services available in the FPP:

- ◆ Birth control exams
- ◆ Birth control counseling
- ◆ Limited testing and treatment for sexually transmitted diseases (STDs)
- ◆ Pelvic exams
- ◆ Pap tests
- ◆ Pregnancy tests

Call any FPP-approved family planning clinic or your local DHS office for information about the program. You can call IME Member Services at **1-800-338-8366**. Or, call The Healthy Family Hotline at **1-800-369-2229**.

For further information on the FPP, please visit: <https://dhs.iowa.gov/ime/members/medicaid-a-to-z/FPP>

IA Health Link Managed Care Program

Once a member has been deemed eligible for Medicaid, they will be automatically assigned to a Managed Care Organization (MCO), also known as a health plan, unless they qualify for or receive services from a FFS program. (See page 2 for FFS information.) Members in this program choose which MCO will manage their care. **Most members who get coverage through Iowa Medicaid will be enrolled in this managed care program.**

Continuity of Care for New MCO Members

Sometimes new members are getting care from a provider who is not in the MCO's network when they transition to a MCO.

- ◆ New members may keep receiving care from their out-of-network provider for up to 90 days.
- ◆ Members who are pregnant may keep the same provider until they have had their baby and completed their first postpartum visit.
- ◆ Members who are terminally ill may continue seeing their current Primary Care Provider (PCP) for their care.

For information about each MCO and their provider network, you can contact them directly!

All IHAWP members receive free healthcare during their first year of eligibility. To continue to receive free healthcare after the first year of eligibility, and avoid paying a monthly premium, members must complete two Healthy Behavior requirements each year. The Healthy Behavior Requirements are:

- ◆ Get a wellness exam **OR** get a dental exam, **AND**
- ◆ Complete a Health Risk Assessment (HRA)

Amerigroup Iowa, Inc.	1-800-600-4441
Iowa Total Care	1-833-404-1061

Monthly Premiums for IHAWP Members

- ◆ All IHAWP members receive free* healthcare during their first year of eligibility. (*There are very few or no out-of-pocket costs for the first year of eligibility. Depending on your family income, a small monthly premium may be required. **There is an \$8 copay for using the emergency room for non-emergency services.**)
- ◆ Members **must** complete their Healthy Behaviors every year to continue to receive free healthcare.
- ◆ Members who **do not** complete their Healthy Behaviors each year may be required to pay a small monthly premium, depending on family income.
- ◆ Members who do not complete their Healthy Behaviors and do not pay their monthly premium for more than 90 days, depending on family income, may be dis-enrolled from IHAWP.
- ◆ How to make a premium payment:
 - **Online:** Members may make a payment online from a checking or savings account using the DHS Services Portal: <https://secureapp.dhs.state.ia.us/clickpay>
 - **Mail:** Members may make a payment by mail with a check or money order by returning the payment coupon from their billing statement to:

Iowa Medicaid Enterprise
PO Box 14485
Des Moines, IA 50306-3485

Financial Hardship for IHAWP Members

If an IHAWP member is unable to pay their contribution, they may check the hardship box on their monthly statement and return the payment coupon OR call the Iowa Medicaid Member Services at **1-800-338-8366**.

Important: Claiming financial hardship will apply to that current month's amount due only. The member will still be responsible for amounts due from past months. Members will also be responsible for amounts due in future months unless they claim hardship in those months. Any payment that is more than 90 days past due will be subject to recovery or depending on their income, may be disenrolled.

Long Term Care (LTC) Services

LTC services are available for Medicaid members to help them maintain a good quality of life in settings such as their home or, if needed, in a facility. Services are intended to help people reach the highest degree of independence possible. Some available LTC services are:

Home- and Community-Based Services (HCBS)

HCBS services are for people with disabilities and older Iowans who need services to allow them to maintain a good quality of life and stay in their home and community instead of going to an institution. You must be eligible for Medicaid and meet the requirements of the HCBS program you are applying for and/or receiving. You will need to be certified as needing nursing facility level care, skilled nursing facility level care, hospital level care, or needing intermediate care or an intermediate care facility for the intellectually disabled. For more information about each HCBS waiver program please visit: <http://dhs.iowa.gov/ime/members/medicaid-a-to-z/hcbs>

Iowa currently has seven HCBS waiver programs:

- AIDS/HIV waiver
- Brain injury waiver
- Children's mental health waiver
- Elderly waiver
- Health and disability waiver
- Intellectual disability waiver
- Physical disability waiver

Habilitation Services

Habilitation services may be available to people who experience functional limitations typically associated with serious and persistent mental illness.

Waiver Enrollment Process for New Medicaid Members

A Medicaid eligibility determination can take several months to complete following the submission of the HCBS waiver application. If the member is determined to be financially eligible for Medicaid and HCBS services, an Income Maintenance Worker (IMW) requests a waiver slot. If a waiver slot is available, the next step is to complete a Level of Care (LOC) assessment. A LOC determination is then made upon review of the member's needs as identified in the assessment. A LOC approval is not an approval of waiver services, but rather a determination of HCBS eligibility.

The approval process for HCBS applicants can take several months to complete depending on how quickly a LOC assessment can be scheduled; and whether all the necessary information is submitted timely for the LOC decision.

If approved for LOC and waiver services, it is then determined whether the member is eligible to enroll with an MCO to receive services, or if the member will receive services under the FFS program. Once the applicant has been determined eligible for both HCBS and Medicaid coverage, either a case manager from the MCO the member has selected or a FFS case manager will develop a service plan.

The timing of when services can begin and be paid under the member's waiver program is dependent upon how quickly the member and their case manager can meet to determine what HCBS services will be needed. A service plan must be completed, providers selected, and services authorized before service provisions and reimbursement for waiver services begin.

Intermediate Care Facilities for Persons with Intellectual Disabilities

Intermediate Care Facilities for Persons with Intellectual Disabilities (ICF/ID) provide 24-hour active treatment and services for persons with intellectual disabilities and other related conditions.

Intermediate Care Facilities for Persons with Medical Complexity

Intermediate Care Facilities for Persons with Medical Complexity (ICF/MC) provide 24-hour health and rehabilitation services for persons who require a skilled nursing level of care, have either a multiple organ dysfunction or severe single organ dysfunction, and require daily use of medical resources or technology.

Residential Care Facilities

Residential Care Facilities (RCF) provide organized continuous 24-hour care and services for persons who need supports other than nursing care.

Nursing Facilities and Skilled Nursing Facilities

Nursing facilities provide 24-hour care for individuals who need nursing or skilled nursing care. Medicaid helps with the cost of care in nursing facilities, but you must be medically and financially eligible for care in a nursing facility.

For questions regarding LTC Services, please contact your local DHS office.

Medicaid for Employed People with Disabilities (MEPD)

MEPD is a Medicaid coverage group to allow persons with disabilities to work and continue to have access to medical assistance. MEPD members have all Iowa Medicaid benefits.

People who are disabled and have earned income can get Medicaid under the MEPD program when the person:

- ◆ Is under the age 65.
- ◆ Is still considered to be disabled based on SSI medical criteria for disability.
- ◆ Has earned income from employment or self-employment.
- ◆ Meets general SSI-related Medicaid eligibility requirements.
- ◆ Is not eligible for any other Medicaid coverage group other than QMB, SLMB, or Medically Needy.
- ◆ Have resources less than \$12,000 for an individual and \$13,000 for a couple.
- ◆ Has net family income less than 250 percent of the federal poverty level.
- ◆ Pays any premium due for the month of eligibility.

For further information on the MEPD program, please visit: <http://dhs.iowa.gov/ime/members/medicaid-a-to-z/mepd>

For questions regarding MEPD, please contact your local DHS office.

Medicare Assistance (Dual Eligibility)

If your income is low and you have a hard time paying Medicare premiums, Medicaid may be able to help pay the premiums. (Please refer to Medicare Savings Program.)

Healthy and Well Kids in Iowa (Hawki)

Iowa offers Hawki health care coverage for uninsured children of working families. The amount members pay is based on your family's income. No family pays more than \$40 a month and some families pay nothing at all. A child who qualifies for Hawki health insurance will get all his or her health care services through a health plan and/or dental plan that has agreed to participate in the program.

Ambulance

In an emergency, call 911 for an ambulance. Tell the ambulance driver to take you to the nearest hospital.

But remember, Medicaid will pay for ambulance transportation to a hospital or skilled nursing facility **only** when it would be dangerous for your health for you to go on your own.

Medicaid may cover an air ambulance when a ground ambulance can't get you to care fast enough. If an ambulance is called to your home and you decline transport, Iowa Medicaid will not pay for the charges. You may be billed and be responsible for payment.

Ambulatory Surgical Center

Medicaid covers surgical services that are medically necessary, with the same limits as for doctor services.

Appeals Process

An appeal is a formal process involving DHS and the Department of Inspections and Appeals (DIA) regarding unpaid medical bills.

What is an appeal?

An **appeal** is asking for a hearing because you do not like a decision DHS makes. You have the right to file an appeal if you disagree with a decision. You do not have to pay to file an appeal. [441 Iowa Administrative Code Chapter 7].

How do I appeal?

Filing an appeal is easy. You can appeal in person, by telephone or in writing for SNAP or Medicaid. You must appeal in writing for all other programs. To appeal in writing, do **one** of the following:

- ◆ Complete an appeal electronically at <https://dhssecure.dhs.state.ia.us/forms/>, **or**
- ◆ Write a letter telling us why you think a decision is wrong, **or**
- ◆ Fill out an Appeal and Request for Hearing form. You can get this form at your county DHS office.

Send or take your appeal to:

**Department of Human Services
Appeals Section, 5th Floor
1305 E Walnut Street
Des Moines, IA 50319-0114**

If you need help filing an appeal, ask your county DHS office.

How long do I have to appeal?

For SNAP or Medicaid, you have 90 calendar days to file an appeal from the date of a decision. For all other programs, you must file an appeal:

- ◆ Within 30 calendar days of the date of decision or
- ◆ Before the date of decision goes into effect

If you file an appeal more than 30 but less than 90 calendar days from the date of a decision, you must tell us why your appeal is late. If you have a good reason for filing your appeal late, we will decide if you get a hearing. If you file an appeal 90 days after the date of a decision, we cannot give you a hearing.

Can I continue to get benefits when my appeal is pending?

You may keep your benefits until an appeal is final or through the end of your certification period if you file and appeal.

- ◆ Within 10 calendar days of the date the notice is received. A notice is received 5 calendar days after the date on the notice or
- ◆ Before the date a decision goes into effect

Any benefits you get while your appeal is being decided may have to be paid back if the Department's action is correct.

How will I know if I get a hearing?

You will get a hearing notice that tells you the date and time a telephone hearing is scheduled. You will get a letter telling you if you do not get a hearing. This letter will tell you why you did not get a hearing. It will also explain what you can do if you disagree with the decision to not give you a hearing.

Can I have someone else help me in the hearing?

You or someone else, such as a friend or relative can tell why you disagree with the Department's decision. You may also have a lawyer help you, but the Department will not pay for one. Your county DHS office can give you information about legal services. The cost of legal services will be based on your income. You may also call Iowa Legal Aid at **1-800-532-1275**. If you live in Polk County, call 515-243-1193.

Right to Submit a Grievance

Some medical services have a copayment, which is your share of the cost. If there is a copayment, you will pay it to the provider. The provider will tell you the cost.

- ◆ You will be charged a \$3.00 copayment for each visit to the emergency room that is not considered an emergency. (See below for examples of true emergencies).

Mental Health and Substance Use Disorder Services (Psychologists and Social Workers)

Mental health and substance use disorder services are covered under most Iowa Medicaid coverage programs. Inpatient and outpatient services provided by the following are covered by most Iowa Medicaid programs:

- Hospitals
- Psychiatrists
- Psychologists
- Social workers
- Family and marital therapists
- Licenses mental health counselors

Other mental health services may be available. Please contact IME Member Services at **1-800-338-8366** for further information on eligibility.

Before receiving service, please verify that your medical provider serves Iowa Medicaid members.

Midwife Services

Covered services include prenatal, delivery, and postpartum care and other services allowed by state law.

Payment will be made only to certified nurse-midwives who are Advanced Registered Nurse Practitioners (ARNPs). Medicaid will not pay lay nurse-midwives who are not ARNPs.

Nursing Home Services

Medicaid helps with the cost of care in a nursing facility. A doctor must certify that you need nursing care, not a hospital, and that you qualify for medical assistance. The IME Medical Services Unit must confirm this.

You may keep part of your income for personal needs. The rest goes for the nursing home cost, unless the Family Investment Program (FIP) is your income source.

Make sure you qualify both **medically** and **financially** for care in a nursing home. If you are admitted to a nursing home and later are found not medically or financially eligible for medical assistance, Medicaid will not pay for any care you received.

For further information on hospice care, please visit:

<https://dhs.iowa.gov/ime/members/medicaid-a-to-z/long-term-care/nursing-care>

Nurse Anesthetists and Nurse Practitioners

Certified Registered Nurse Anesthetists (CRNAs)

Medicaid will pay for services allowed by state law and given by certified registered nurse anesthetists. The limits are the same as for doctors.

If a CRNA is employed by a doctor, hospital or clinic, Medicaid pays the provider that employs the CRNA. Medicaid may also pay CRNAs who are in independent practice.

Advanced Registered Nurse Practitioners (ARNPs)

Medicaid will pay for services allowed by state law and given by nurse practitioners. The limits are the same as for doctors. Medicaid may directly pay nurse practitioners who practice in a specialty recognized by the Iowa Board of Nursing.

Podiatry and Orthopedic Shoes

Orthopedic shoes, shoes for persons with diabetes, inserts, and modifications are covered only if prescribed in writing by a doctor, a physician's assistant or an Advanced Registered Nurse Practitioner (ARNP). If you don't have a written prescription, you must pay for the shoes.

Medicaid covers:

- ◆ Foot surgery
- ◆ Certain prosthetic appliances for the foot

Medicaid does **not** cover:

- ◆ Treatments for flatfoot
- ◆ Routine foot care, such as clipping nails or treatment of corns and calluses

Prescriptions and Over-the-Counter Drugs

Most prescription drugs and some over-the-counter drugs are covered. A doctor or qualified medical practitioner must write the order or prescription. For some drugs, prior approval is required as stated in the preferred drug list at <http://www.iowamedicaidpdl.com>.

Pharmacists must give you the lowest-cost item in stock that meets your provider's order. They must also give you (or your caregiver) information about how to use any drug you receive.

Iowa Medicaid provides an optional 90-day supply for a select list of generic, maintenance medications and contraceptives. To view this list, please visit www.IowaMedicaidPDL.com. This is optional and should be requested by the member. Please work with your medical provider to send prescriptions to your pharmacy reflective of the 90-day supply.

All other prescriptions cannot be filled for more than a 31-day supply.

Certain prescriptions have an initial fill limit and cannot be filled for more than a 15-day supply on the first fill, but refills can be given up to the normal supply limit.

Refilling Prescriptions

Your pharmacist may refill a prescription only when you have used 85 percent of the supply:

- ◆ Refills for a 30-day supply are allowed after 26 days.
- ◆ Refills for a 90-day supply are allowed after 77 days.
- ◆ Ask your pharmacist for an exception if you need a longer supply or early refill of a drug or supply for reasons such as travel.

Birth Control

All birth control supplies are covered.

- ◆ If there is a generic drug, you will need approval for certain brand-name birth control drugs.
- ◆ Your pharmacist, doctor, and other providers should know what is covered and what drugs need approval first.
- ◆ Oral contraceptives may be prescribed in 90-day supplies.

Prescription Drugs That Are NOT Covered

- ◆ Most cough and cold medications
- ◆ Weight-loss drugs
- ◆ Drugs for cosmetic reasons such as hair growth
- ◆ Fertility drugs
- ◆ Erectile dysfunction drugs

Medical Supplies

You may get up to a 90-day supply for all covered medical supplies.

Over-the-Counter Drugs

Over-the-counter drugs are in regular packages, usually in 100-unit quantities. You may get up to a 31-day supply.

Covered over-the-counter drugs include:

- ◆ Aspirin
- ◆ Acetaminophen (Tylenol®)
- ◆ Multiple vitamins and minerals for pregnant and nursing women
- ◆ Multiple vitamins and minerals (with prior approval)

You must show your Iowa Medicaid Eligibility card to your pharmacist to pay for prescription and over-the-counter drugs or supplies. If Medicaid will not pay for a drug or supply the doctor ordered, your pharmacist can explain why.

If you are not satisfied with the explanation, you may contact IME Member Services at **1-800-338-8366**. If you are still not satisfied, you can demand a formal, written notice of decision that explains your right to appeal.

In-State Providers

With Iowa Medicaid FFS, you will choose your own providers. Follow these steps:

1. To search for a provider, you can go to: <http://dhs.iowa.gov/ime/members/find-a-provider>
-OR-

Call IME Member Services at **1-800-338-8366** or in the Des Moines area at **515-256-4606** Monday through Friday 8 a.m. to 5 p.m.

2. Choose a doctor, dentist, pharmacy, and other providers that take Medicaid.
3. Ask the providers if they take Iowa Medicaid before you make an appointment. Some providers limit their number of Medicaid patients or don't take Medicaid.

Remember: Make sure the provider understands that you are in Iowa Medicaid. If you don't say you are an Iowa Medicaid member *before* you get services, and the provider doesn't take Iowa Medicaid, you may be billed for the entire cost.

4. Show your Iowa Medicaid card when you get to the appointment.
5. Ask if Medicaid covers the services, you need or if you will have to pay for it.

Out-of-State Providers

If you are outside of Iowa and need medical care, check to see whether the provider is enrolled with Iowa Medicaid. A provider who participates in their own state's Medicaid program may not be participating in Iowa Medicaid.

A provider who is enrolled with Iowa Medicaid, must accept what Iowa Medicaid pays. Providers are not allowed to charge you for services that Iowa Medicaid covers.

IA Health Link Members

IA Health Link members will get their health care from providers in their MCO's provider network. For further information on MCO provider networks please visit the Find a Provider webpage at: <http://dhs.iowa.gov/iahealthlink/find-a-provider>

Rural Health Clinics (RHC)

Covered services provided by an RHC can include doctor services, nurse practitioner and physician assistant services, visiting nurse services, and other ambulatory services.

Therapy Services (Occupational, Physical, and Speech)

Therapy services are covered when the therapist is employed by a hospital, home health or rehabilitation agency, nursing home or doctor.

Services provided by occupational, physical, and speech therapists in their own independent practice are covered if a therapist is certified and participates in Medicaid.

There are yearly limits on the amount that can be paid unless you get the services at a hospital outpatient department.

Tobacco Cessation (Help to Quit Smoking)

Medicaid members can get help with quitting the use of tobacco products and smoking. The program is free of charge to all Medicaid members who are age 18 and over. The program provides support over the phone through Quitline Iowa and pharmacy services for payment for nicotine replacement therapy such as patches and gum. In addition, some other drugs may be covered such as Chantix, when properly prescribed by your medical provider.

You must first make an appointment with your provider. Together, you and your doctor will decide the best plan for you.

Members can get help for smoking cessation:

- ◆ Call the toll-free tobacco cessation helpline at: **1-800-784-8669** (8 a.m. until midnight)
- ◆ TDD Line for the hearing impaired at: **1-866-822-2857**

Transportation Services

Non-Emergency Medical Transportation

The non-emergency medical transportation (NEMT) program are services available to eligible members who need a ride to get to their medical appointments. In Iowa, we use a NEMT service broker called Access2Care to manage all aspects of the NEMT services from authorizing the transportation to claiming for reimbursements.

Iowa Medicaid FFS members who need a ride or want reimbursement for medical travel expenses through Access2Care must:

1. Call Access2Care at **1-866-572-7662** at least three business days **before** the medical trip or appointment.
 - Give Access2Care your full name, state ID number, address, phone number, and trip dates
 - Give Access2Care the name, address, phone number, and fax number of your medical provider
2. Once you have called Access2Care, they will:
 - Assess your transportation needs
 - Make sure you qualify
 - Make sure the medical provider is an Iowa Medicaid provider
 - Make sure the service is an Iowa Medicaid covered service
 - Ask for any additional information needed about the trip
 - Make sure the medical trip meets the federal and state requirements for non-emergency medical transportation travel and reimbursement
3. Access2Care will give the member a confirmation number when the trip is booked.
4. Members who want reimbursement after the medical trip must send Access2Care:
 - The confirmation number.
 - The claim form.
 - All receipts.

For further information on non-emergency medical transport (NEMT), visit <https://dhs.iowa.gov/ime/members/medicaid-a-to-z/NEMT>
