Table 6: Provider Category - Long-Term Care Services

Table displays the percentage of members [Waiver members are identified based on State designation of these members to waiver services] within the contract standards for Long-Term Care Services providers and whether the contract standard was met (Y/N). The contract standard is having access within 30 minutes or miles in Urban counties, and 60 minutes or miles for Rural counties from their personal residence for 100% of population. HCBS waiver services may be performed at the member's home, the provider's office, or both. All waiver services have a 2 provider per county standard; however, time distance standards only apply to services where members must travel to the provider location. Zip codes with population lesser than 1,000 per square mile are classified as Rural and zip codes with a population of 1,000 or higher per square mile are classified as Urban. Percentages marked in red did not meet contract standards.
