Introduction

County Social Services was formed under Iowa Code Chapter 28E to create a Mental Health and Disability Service (MHDS) Region in compliance with Iowa Code 225C.57. The annual service and budget plan is a component of the Management Plan which includes three parts: Annual Service and Budget Plan, Annual Report and Policies and Procedures Manual in compliance with Iowa Administrative Code 441.25.

The FY2025 Annual Service and Budget Plan covers the period of July 1, 2024, to June 30, 2025. The Annual Service and Budget Plan includes local access points, targeted case management providers, crisis services, intensive mental health services, a description of the scope of services to be provided including core services, budget and financial provisions, and provider reimbursement provisions.

County Social Services did not experience any change of counties in FY24.

The Annual Service and Budget Plan has been approved by the County Social Services Governing Board on March 27, 2024 and is subject to approval by the Director of Health & Human Services. The CSS Plan is available in each local CSS office, and on the CSS (www.countysocialservices.org) and HHS (www.hhs.iowa.gov) websites.

The current membership of the FY2024 County Social Services Governing Board, formed in accordance with Iowa Code 225C.57, may be found in the appendix. The Adult Services Advisory Committee membership and the Children’s Behavioral Health Advisory Committee membership are also included in the appendix.

FY2024 Employment Summary

County Social Services has been a single employer since January 1, 2020. The transition from county employees to CSS employees has had many advantages such as uniformity with following one employee policy handbook, collaboration with employer vendors, more consistency with supervision of employees, etc.

County Social Services continues to assess employment trends and opportunities in this ever-changing workforce. We review our employee handbook on an annual basis based on recommendations made by our employees and the CSS Board HR Committee. We strive to make CSS a great place to work for our employees.

A. Local Access Points

An access point is a part of the County Social Services service system trained to complete MHDS regional applications for persons with a disability.

Access Point	Location	Contact Information
988 or Your Life Iowa for Mobile Crisis Response	N/A	988 or Call: (855) 581-8111 Text:(855) 895-8398

County Social Services utilizes providers in neighboring regions for crisis services, as well, and reimburse the providers according to the host region contract.

D. Intensive Mental Health Services

The region has designated the following provider(s) as an **Access Center** that meet the requirements according to IAC 441—25.6(1) in a coordinated manner in one or more locations:

Provider	Location	Contact Information
North Iowa Regional Services	Waterloo, IA	319-291-2455

The region has designated the following **Assertive Community Treatment (ACT)** teams which have been designated and meet the requirements in IAC 441—25.6(2).

Provider	Location	Contact Information
Resource for Human Development	Waterloo, Iowa	319-229-5030
Inspiring Lives	Fayette, Iowa	563-422-5606
Prairie Ridge Integrated Behavioral Healthcare	Mason City, Iowa	866-429-2391

The region has designated the following **Subacute** service providers which meet the criteria and are licensed by the Department of Inspections and Appeals.

Provider	Location	Contact Information
North Iowa Regional Services	Waterloo, IA	319-291-2455

The region has designated the following **Intensive Residential Service** providers which have been designated and meet the requirements in IAC 441—25.6(8):

Provider	Location	Contact Information
Elevate	Waterloo, IA	833-370-0719
Inspiring Lives	Fayette, IA	563-422-5606

E. Scope of Services & Budget and Financing Provisions

The table below identifies the scope of services offered by County Social Services. All core services are available. If there is not funding identified in a core service column, it is because it has not been needed historically. If an individual needs funding for a core service and meets eligibility requirements found in Section F of the County Social Services Policy and Procedure Manual, funding will be made available. Core services for children’s behavioral health are identified by (**) after the service name. Eligibility guidelines for children’s behavioral health services are also located in Section F of the County Social Services Policy and Procedure Manual. The Policy and Procedure Manual can be found online at: https://www.countysocialservices.org/about/documents_policies/.

The region will utilize braided funding that includes regional, state, and other funding sources to meet the service needs within the region. Federal funding, third-party payors, and other nongovernmental funding is to be used prior to expending state regional service payment dollars.

G. Financial Forecasting Measures

The following is a description of the financial forecasting measures used by County Social Services in the identification of service need and funding necessary for services.

The following is a description of the financial forecasting measures used by County Social Services in the identification of service need and funding necessary for services.

Historical service utilization is the starting point for all financial projections. The FY2024 budget is based on this and utilization for the current year, while also planning for service development for the upcoming fiscal year. Areas of expenditure continue to shift to meet state requirements of funding core and additional core services for adults and children and to meet the Region's obligations under our Performance-Based Contract with the Department of Health and Human Services. Although this leaves fewer discretionary dollars, we continually assess community needs and may reallocate funds within the budget as needed to areas of unmet need.

CSS staff meet with stakeholders throughout the year to identify unmet needs and areas for service development. The Adult and Children’s Advisory Committees, through their CSS Board representatives, may make recommendations to the CSS Governing Board for service development.

County Social Services will continue to budget for additional service development in the areas of Crisis Services, Intensive Mental Health Services and Children’s Behavioral Health Services in order to meet compliance in service availability, as well as access standards. Crisis stabilization residential expenditures for children are expected to increase throughout F25 since the service has been well received. There is a plan to expand from 8 to 16 beds at Brownstone during FY25. This service has been used by several other MHDS Regions in addition to the CSS Regional utilization. CSS continues to provide funding for social emotional wellness and preventative wellbeing programs in our region’s elementary and middle schools, which began in the fall of 2020 with CARES Act funding. In FY2024, this program expanded to additional schools as well as Brownstone. We continue our investment in providing Youth Mental Health First Aid Training and Teen Mental Health First Aid being provided to the entire CSS Region.

County Social Services is including the addition of one that would bring us to three Intensive Rehabilitation Service Home (IRSH) within the Region. Additionally, we are budgeting for 23 Hour Observation and Holding Service. We are currently in talks with providers to partner for these additional services.

County Social Services strives to be responsible stewards of the taxpayer’s finances, while at the same time be responsive to the needs of the mental health and disability service system. While our fund balance may be used for start-up funds for some needed projects, we keep in mind that ongoing regional funding for services that should be funded by Medicaid is not sustainable. Region funding with the state tax appropriation provided continues to be for core services where there is no other funder, gaps in the current service system and other needed services not reimbursed by Medicaid.

Due to the unique nature of County Social Services being the employer of record for its staff, the 5% fund balance carryover creates some trepidation with relation to meeting payroll, and all other expenses that come along with being the employer, and still being able to pay providers on a timely basis. The region will need to be mindful of this potentially tight cashflow situation.

H. Provider Reimbursement Provisions

The following is a description of the types of funding used by County Social Services.

- Fee for service:
County Social Services will contract with MHDS providers whose base of operation is within the region. County Social Services may also honor contracts that other regions have with their local providers or may choose to contract with providers outside of the region. A contract may not be required with providers that provide one-time or as needed services. A fee for service approach will be utilized in most provider contracts outlining the services to be provided and the rate of reimbursement. All payments will be based on a pre-authorized request for service authorization with the exception of court ordered payments, such as civil commitment costs, and crisis services.
- Block grant payments:

County Social Services utilizes block grant funding for activities not specified to one individual, but that benefit the population as a whole. Block grant funding is used for drop-in centers, matching dollars for the federal PATH grant for homeless outreach, judicial hospital referees, mental health reentry programs, etc.

- **Compensation for a “system of care” approach:**
A System of Care funding approach is used for services such as Mobile Crisis Response. These specific services are funded using a per capita methodology, ensuring needed crisis services are available and sustainable where and when individuals in our region, or “system,” need them. We also use this methodology in a slightly different way to fund the psychiatric services in the Black Hawk County Jail, spreading the cost over the individuals served that month.
- **Use of nontraditional providers:**
When a non-traditional provider arrangement is more appropriate than a fee for service approach with a contracted provider, the service coordinator will request such arrangements. A non-traditional provider may be an individual, organization and/or business who delivers services in the consumer’s home and/or other community setting. Non-traditional providers typically are individuals, organizations, or businesses which do not provide MHDS services as a part of their normal business. These services are not to provide treatment but are supportive and may be rehabilitative in focus and are initiated when there is a reasonable likelihood that such services will benefit the consumer’s functioning, assist them in maintaining community tenure, and act as an alternative way to achieve the consumer’s stated goals or outcomes. A request can be made by an individual, or their authorized representative, to utilize non-traditional providers for services as approved in the Regional Management Plan. Non-traditional providers may be subject to certain licensing, certification, accreditation, or other state approval standards. Historically the CSS region has held a contract with Veridian Fiscal Solutions (VFS) enroll members in region-funded Self-Directed Services. This service delivery model allows the individual to select a non-traditional provider of their choice and become the actual employer. Due to limited usage, the contract for this was not renewed, however if usage increased, VFS will reengage in a contract with CSS.
- **Incorporation of all funding sources for individuals including Medicaid:**
The Region is responsible for ensuring that MHDS services are available to all residents of the region regardless of funding source. County Social Services will ensure that individuals apply for all funding sources prior to accessing regional funding, including private insurance, Medicaid, Medicare, and other funding mechanisms which ensure that individuals and their families are able to optimally live, work, and recreate in integrated communities of their choice.

**Appendix A: County Social Services Board Members:
July 1, 2024 through December 31, 2024**

Name	Title	Representing
Dennis Keatley	Winneshiek Alternate	Allamakee County Board of Supervisors
Tavis Hall	Butler Alternate	Black Hawk County Board of Supervisors
Janell Bradley	Clayton Alternate	Fayette County Board of Supervisors
Mark Kuhn	Chickasaw Alternate	Floyd County Board of Supervisors
Pat Murray	Mitchell Alternate	Howard County Board of Supervisors
Bill Faircloth	Grundy Alternate	Tama County Board of Supervisors
Greg Barnett	Board Member	Butler County Board of Supervisors
Jacob Hackman	Board Member	Chickasaw County Board of Supervisors
Doug Reimer	Board Member	Clayton County Board of Supervisors
Heidi Nederhoff	Board Member	Grundy County Board of Supervisors

Mark Hendrickson	Board Member	Mitchell County Board of Supervisors
