

Certified Community Behavioral Health Clinic (CCBHC) Billing Guide

Definitions

Allowed Services: A service which can be included as an allowable activity in a CCBHC's cost report but does not on its own trigger PPS payment.

CCBHC Primary Location: The main facility site offering CCBHC services and used to register for their CCBHC National Provider Identifier (NPI).

CCBHC Provider Type: A provider type assigned to certified CCBHCs for billing purposes under the CCBHC Demonstration. The Iowa Medicaid CCBHC Provider Type is 88.

Designated Collaborating Organization or DCO: A provider that is not under the direct supervision of the CCBHC but is engaged in a formal relationship with the CCBHC and delivers contracted services under the same requirements as the CCBHC. Services are billed by the CCBHC who reimburses the DCO a negotiated rate.

Excluded Services: A service which cannot be included as an allowable activity in a CCBHC cost report, nor can it be billed under the PPS model.

Satellite Location: A facility that was established by the CCBHC, operated under the governance and financial control of the CCBHC, and provides the following services: crisis services; screening, diagnosis, and risk assessment; person and family centered treatment planning; and outpatient mental health and substance use services as specified in CCBHC certification criteria Program Requirement 4. No payment shall be made to a satellite facility of a CCBHC established after April 1, 2014, under this demonstration. This definition does not limit the provision of services in non-clinic settings such as shelters and schools or at other locations managed by the CCBHC that do not meet the definition of a satellite facility.

Shadow Claim: Detailed data about individual services, reported in a manner like that on a standard claim form.

Threshold Services: A service which triggers payment of the Certified Community Behavioral Health Clinic (CCBHC) clinic-specific Prospective Payment System (PPS) rate.

Instructions

To bill the Prospective Payment System (PPS) rate, the CCBHC must provide a threshold service on that day to an eligible Medicaid recipient. Threshold services are defined on the “Threshold Tab” of this workbook. The CCBHC will only be reimbursed once per day.

The CCBHC must also shadow claim all Medicaid reimbursable services provided to that member that day, including both threshold and allowed services. CCBHCs are prohibited from billing the PPS rate for any excluded services.

The PPS is only billable when services are rendered to an active, Medicaid-enrolled individual (regardless of age, residence, or geography).

For individuals not enrolled in Medicaid, the CCBHC should bill the primary payer (i.e., Medicare, Commercial) as they would normally. In the event an individual is enrolled in Medicaid and has other primary insurance, see below for details on Third Party Liability.

General Billing Guidance

CCBHCs should use the CMS-1500 claim form with the CCBHC-specific NPI as the billing provider.

Minimum requirements to trigger payment of the clinic-specific daily PPS Rate for CCBHC services include:

- Billing Provider = **CCBHC Provider Type 88**
- Primary diagnosis code = Behavioral Health Diagnosis Code
- First claim line item = HCPCS code **T1040** (Medicaid CCBHC Services, Per Diem)
- Second claim line item = Valid HCPCS code for a **threshold service** (see Appendix # for qualifying HCPCS codes)

CCBHCs are required to report all threshold and other allowable services rendered during the encounter. Service codes are reported as “informational only” and billed at \$0.00.

Additional requirements for CCBHC claims include:

- Modifier slot 1 = Designated CCBHC service site **modifier** with service codes provided by a **DCO** or **CCBHC satellite location** (see below for details)
- Additional Claim Information – Claims with the DCO modifier – the **DCO entity NPI** in the required format (see below for details)

Billing for Services Provided by a DCO Provider or Services Provided Outside the Primary CCBHC Location

DCOs are prohibited from directly billing Medicaid for services provided on behalf of a CCBHC.

Append the designated modifier to service codes when provided by a DCO or a CCBHC satellite location.

Each line item of threshold services provided by a DCO or a CCBHC satellite location must append the appropriate modifier in the **first slot**, followed by other required service modifiers when applicable.

The CCBHC modifiers are intended to distinguish the CCBHC entity type providing the service. Place of service codes should reflect the physical location of service regardless of the rendering entity (see below).

The first line item with procedure code **T1040** must not have a modifier.

If the claim includes the DCO modifier, providers must report the DCO **entity** NPI (type 2):

Field 19 – Additional Claim Information. Enter qualifier “NTE”, followed by “ADD”, then the DCO Entity National Provider Identifier (NPI) (e.g., NTEADD0987654321). **Billing claims submitted with a DCO modifier but without Field 19 completed will be denied.**

Threshold Service Location	Modifier	Field 19 – Additional Claim Information
CCBHC Primary Location	No Modifier	Blank
CCBHC Satellite or Other Service Location	Q2	Blank
DCO Provider Location	HH	“NTE” + “ADD” + DCO NPI e.g., NTEADD0987654321

*CCBHC claims are subject to the same billing guidance as non-CCBHC claims for service codes that require informational modifiers (e.g., provider type/ licensure modifiers).

Additional Billing Guidance

Place of Service (03140) indicates where the service was rendered. This data element contains valid values accepted on medical claims (CMS 1500.) [Place of Service Code Set | CMS](#)

Please Note: **POS code 99 (Other)** should be used with the **T1040** encounter code on the first line of service. If the POS is left blank or contains a different number, the claim will be denied.

Rendering Provider ID typically indicates the individual provider performing the service. For CCBHC billing, enter the CCBHC billing provider NPI enrolled as Provider Type 88 for all service line items.

Allowed services are services CCBHCs are permitted to include in their cost report as allowable activities but are not considered threshold services on their own and will not trigger PPS reimbursement.

Please Note: Care management services are not permitted (according to Federal rule) to be considered threshold services for drawing down the CCBHC PPS rate. Care management services are included in this billing guide as allowed services.

Excluded services are services that are explicitly carved out from the CCBHC program. Any service not listed as threshold or allowed are excluded and will result in the PPS rate being denied when billed by a CCBHC using their CCBHC NPI number.

Integrated Health Home (IHH)

CCBHC Demonstration providers cannot receive a CCBHC PPS payment for services rendered to Medicaid members enrolled in any service tier with any IHH program. Services for all IHH enrollees should be billed by the rendering provider in accordance with established, non-CCBHC billing practices. CCBHC services to members anticipated to continue as IHH-enrollees beyond July 1, 2025, should not be included in the CCBHC provider's cost projections. Additional information is included in CCBHC cost reporting guidance.

Assertive Community Treatment (ACT)

See Appendix A for ACT billing guidelines under CCBHC.

Regarding Excluded and Allowed Services

Some services will continue to be rendered and reimbursed by Medicaid outside the CCBHC Demonstration (i.e., IHH, Home and Community Based Services (HCBS) Habilitation and Waiver services, and residential services.) Please be aware of what services are in scope for this demonstration versus other Iowa waivers and programs. Services on the allowed list that have been included in the CCBHC's cost report cannot be billed outside of the PPS. For individuals enrolled in an IHH see above guidance regarding IHH.

Only CCBHC claims with a supporting threshold service will be reimbursed at the PPS rate. If a CCBHC claim includes only allowed services (without a threshold service) or includes excluded services, the CCBHC claim will be denied.

The Medicaid Program and Medicaid Managed Care Organizations (MCOs) will pay a daily PPS rate in full to eligible CCBHCs who provide a threshold visit to an eligible Medicaid member on the date billed.

CCBHCs should follow all applicable timeframes and billing requirements for Medicaid claim submissions.

CCBHCs with billing or payment disputes should follow the normal grievance and appeals process with supporting information and detail.

Billing for Clients with Medicare and Medicaid Benefits (Dual-Eligible Beneficiaries)

For Qualified Medicare Beneficiaries (QMB), providers should bill Medicare under their non-CCBHC provider type and using billing codes they would use normally for any services rendered to a dual-eligible beneficiary. Iowa Medicaid will use crossover claims to ID these claims when they include threshold CCBHC services for eligible members and will reimburse CCBHC providers the lesser of the Medicare cost sharing or the amount that would result in total payment equal to the CCBHC PPS.

Billing for Clients with Commercial and Medicaid Benefits

For individuals with both commercial and Medicaid benefits, providers should bill the primary commercial insurance under their non-CCBHC provider type and using billing codes they would normally for any services rendered to the beneficiary.

Upon determination and processing by the commercial payer, the CCBHC shall submit a claim for the difference (if any) in what was reimbursed by the commercial payer and their CCBHC PPS rate. The claim submitted to Medicaid must include the CCBHC Provider ID, shadow claim detail and commercial payment remittance statement to support the claim amount.

Mobile Crisis Guidance for Cost Reporting and Billing under CCBHC Demonstration

For mobile crisis being contracted through a DCO, reimbursement can be set according to the way mobile crisis is provided by the DCO. The fee structure established by the CCBHC and DCO should be set to mirror the service the DCO is providing to the CCBHC. (i.e., fees can be set up monthly to reimburse for “firehouse” response models or call center or can be set on a per service basis). If DCO mobile crisis costs are built into the CCBHC cost report and therefore reimbursed according to the CCBHC/DCO agreement, the DCO would not bill the Behavioral Health – Administrative Service Organization (BH-ASO) for any duplicative costs now covered by the CCBHC. Any costs not funded through the CCBHC (i.e., services that are outside scope of the defined CCBHC crisis service) may continue to be billed according to their contract with the BH-ASO.

If a CCBHC is providing mobile crisis costs directly, their cost report should include all the direct costs for standing up services compliant with CCBHC mobile crisis service criteria.

As a reminder, the PPS rate is a loaded, daily, cost-based rate, which will include these crisis costs and will be billed each time a Medicaid eligible member is served for a threshold CCBHC service, regardless of whether it is a mobile crisis encounter. Mobile crisis is a threshold event, but it is not the only threshold event where these costs will be paid according to the CCBHC PPS methodology.

For CCBHC billing purposes, please see the following guidance with respect to how to bill in the event of a threshold mobile crisis service:

1. CCBHCs will bill for mobile crisis when they (or their DCO) provide services to a confirmed, active CCBHC client.
 - a. A confirmed, active CCBHC client can be verified directly by the client or their family/guardian/support system at the time of the mobile crisis event
 - b. A confirmed, active CCBHC client can also be verified at the next outpatient BH visit following the client's crisis event

**** Please note: CCBHCs will bill for mobile crisis on behalf of their DCO partners and then pay DCO partners according to the terms of their DCO agreement. DCOs may not bill the PPS rate directly.**

2. If the mobile crisis visit is to a person who is not yet a client of the CCBHC, the crisis event can be a triggering event for referring and connecting that individual to the CCBHC in their service area, at which time they can be assessed, triaged and set up for outpatient services and the mobile crisis event can be billed by the CCBHC (or on behalf of their DCO).
3. If the CCBHC client is a Medicaid beneficiary, the CCBHC should bill Medicaid the PPS rate for the mobile crisis encounter (for themselves or on behalf of the DCO). If the client is dual eligible, the CCBHC should follow the process for billing dual eligible clients.
4. If the CCBHC client is not a Medicaid beneficiary (uninsured, commercial, Medicare, etc.), the CCBHC should bill the BH-ASO for the mobile crisis encounter, pursuant to their current contractual agreement.
5. Crisis services outside the CCBHC model (which include residential-based crisis services) should be billed according to existing, allowable reimbursement methodologies, including billing through the BH-ASO, Medicaid, or other insurance.
6. For mobile crisis providers who are part of a State sanctioned system, they shall continue to draw down funding pursuant to their contractual agreement with the BH-ASO, however, they must not seek funding for any mobile crisis encounters for Medicaid members for whom they receive reimbursement from a CCBHC per their DCO relationship and agreement.

Questions can be directed to the CCBHC mailbox: IowaCCBHC@hhs.iowa.gov.

Threshold Services			
CCBHC Service Category	Code	Modifier	Definition -
Criteria 4.C. Crisis Behavioral Health Services	G0017		Psychotherapy for crisis furnished in an applicable site of service (any place of service at which the non-facility rate for psychotherapy for crisis service applies, other than the office setting); first 60 minutes
Criteria 4.C. Crisis Behavioral Health Services,	G0018		Psychotherapy for crisis furnished in an applicable site of service (any place of service at which the non-facility rate for psychotherapy for crisis service applies, other than the office setting); each additional 30 minutes – list separately in addition to code for primary service
Criteria 4.C. Crisis Behavioral Health Services	H0007		Alcohol/drug crisis intervention/outpatient
Criteria 4.C. Crisis Behavioral Health Services	H0014		Alcohol and/or drug services; ambulatory detoxification
Criteria 4.C. Crisis Behavioral Health Services	H2011		Crisis intervention service, per 15 minutes
Criteria 4.C. Crisis Behavioral Health Services	S9484	TF	Crisis intervention mental health services, per hour. Use modifier TF for community. No residential may be billed under PPS.
Criteria 4.C. Crisis Behavioral Health Services	S9485	TF	Crisis intervention mental health services, per diem. Use modifier TF for community. No residential may be billed under PPS.
Criteria 4.C. Crisis Behavioral Health Services	90839		Psychotherapy for crisis; first 60 minutes
Criteria 4.C. Crisis Behavioral Health Services,	90882		Environmental intervention for medical management purposes on a psychiatric patient's behalf with agencies, employers, or institutions
Criteria 4D: Screening, Assessment and Diagnosis	90785		Interactive complexity (List separately in addition to the code for primary procedure)
Criteria 4D: Screening, Assessment and Diagnosis	90791		Psychiatric diagnostic evaluation
Criteria 4D: Screening, Assessment and Diagnosis	90792		Psychiatric diagnostic evaluation with medical services
Criteria 4D: Screening, Assessment and Diagnosis	90887		Interpretation or explanation of results of psychiatric, other medical examinations and procedures, or other accumulated data to family or other responsible persons, or advising them how to assist patient

Criteria 4D: Screening, Assessment and Diagnosis	96100		Psychological testing w/interpretation and report
Criteria 4D: Screening, Assessment and Diagnosis	96101		Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, e.g., MMPI, Rorschach, WAIS), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report
Criteria 4D: Screening, Assessment and Diagnosis	96102		Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, e.g., MMPI and WAIS), with qualified health care professional interpretation and report, administered by technician, per hour of technician time, face-to-face
Criteria 4D: Screening, Assessment and Diagnosis	96103		Psychological testing (includes psychodiagnostic assessment of emotionality, intellectual abilities, personality and psychopathology, e.g., MMPI), administered by a computer, with qualified health care professional interpretation and report
Criteria 4D: Screening, Assessment and Diagnosis	96127		Brief emotional behavioral assessment-Comm MH
Criteria 4D: Screening, Assessment and Diagnosis	96130		Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; first hour
Criteria 4D: Screening, Assessment and Diagnosis	96131		Psychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; each additional hour (List separately in addition to code for primary procedure)

Criteria 4D: Screening, Assessment and Diagnosis	96136		Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; first 30 minutes
Criteria 4D: Screening, Assessment and Diagnosis	96137		Psychological or neuropsychological test administration and scoring by physician or other qualified health care professional, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure)
Criteria 4D: Screening, Assessment and Diagnosis	96138		Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method; first 30 minutes
Criteria 4D: Screening, Assessment and Diagnosis	96139		Psychological or neuropsychological test administration and scoring by technician, two or more tests, any method; each additional 30 minutes (List separately in addition to code for primary procedure)
Criteria 4D: Screening, Assessment and Diagnosis	96146		Psychological or neuropsychological test administration, with single automated, standardized instrument via electronic platform, with automated result only
Criteria 4D: Screening, Assessment and Diagnosis	96156		HLTH BHV ASSMT/REASSESSMENT
Criteria 4D: Screening, Assessment and Diagnosis	99408		Alcohol/sub abuse screen & intervention 15-30 minutes
Criteria 4D: Screening, Assessment and Diagnosis	99409		AUDIT/DAST OVER 30 MINUTES
Criteria 4D: Screening, Assessment and Diagnosis	G0396		Alcohol &/or sub misuse assessment 15-30 minutes
Criteria 4D: Screening, Assessment and Diagnosis	G0397		Alcohol %/or sub misuse assessment >30 minutes
Criteria 4D: Screening, Assessment and Diagnosis	G0442		Annual alcohol screen 15 minutes
Criteria 4D: Screening, Assessment and Diagnosis	G0444		Depression screen annual
Criteria 4D: Screening, Assessment and Diagnosis	H0001		Alcohol and/or drug assessment
Criteria 4D: Screening, Assessment and Diagnosis	H0003		ALCOHOL/DRUG SCREENING

Criteria 4D: Screening, Assessment and Diagnosis	H0031		Mental health assessment, by nonphysician
Criteria 4D: Screening, Assessment and Diagnosis	H0049		Alcohol and/or drug screening
Criteria 4E: Person-Centered and Family-Centered Treatment Planning	H0032		Mental health service plan development by nonphysician
Criteria 4F: Outpatient Mental Health and Substance Use Services	90832		Psychotherapy, 30 minutes with patient
Criteria 4F: Outpatient Mental Health and Substance Use Services	90833		Psychotherapy, 30 minutes with patient when performed with an evaluation and management service (List separately in addition to the code for primary procedure)
Criteria 4F: Outpatient Mental Health and Substance Use Services	90834		Psychotherapy, 45 minutes with patient
Criteria 4F: Outpatient Mental Health and Substance Use Services	90836		Psychotherapy, 45 minutes with patient when performed with an evaluation and management service (List separately in addition to the code for primary procedure)
Criteria 4F: Outpatient Mental Health and Substance Use Services	90837		Psychotherapy, 60 minutes with patient
Criteria 4F: Outpatient Mental Health and Substance Use Services	90838		Psychotherapy, 60 minutes with patient when performed with an evaluation and management service (List separately in addition to the code for primary procedure)
Criteria 4F: Outpatient Mental Health and Substance Use Services	90840		Psychotherapy for crisis; each additional 30 minutes (List separately in addition to code for primary service)
Criteria 4F: Outpatient Mental Health and Substance Use Services	90846		Family psychotherapy (without the patient present), 50 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	90847		Family psychotherapy (conjoint psychotherapy) (with patient present), 50 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	90849		Multiple-family group psychotherapy
Criteria 4F: Outpatient Mental Health and Substance Use Services	90853		Group psychotherapy (other than of a multiple-family group)
Criteria 4F: Outpatient Mental Health and Substance Use Services	90863		Pharmacologic management with psychotherapy
Criteria 4F: Outpatient Mental Health and Substance Use Services	90875		Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight oriented, behavior modifying or supportive psychotherapy); 30 minutes

Criteria 4F: Outpatient Mental Health and Substance Use Services	90876		Individual psychophysiological therapy incorporating biofeedback training by any modality (face-to-face with the patient), with psychotherapy (e.g., insight oriented, behavior modifying or supportive psychotherapy); 45 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	90899		Unlisted psychiatric service or procedure
Criteria 4F: Outpatient Mental Health and Substance Use Services	96116		Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, [e.g., acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities]), by physician or other qualified health care professional, both face-to-face time with the patient and time interpreting test results and preparing the report; first hour
Criteria 4F: Outpatient Mental Health and Substance Use Services	96118		Neuropsychological testing (e.g., Halstead-Reitan Neuropsychological Battery, Wechsler Memory Scales and Wisconsin Card Sorting Test), per hour of the psychologist's or physician's time, both face-to-face time administering tests to the patient and time interpreting these test results and preparing the report
Criteria 4F: Outpatient Mental Health and Substance Use Services	96119		Neuropsychological testing (e.g., Halstead-Reitan Neuropsychological Battery, Wechsler Memory Scales and Wisconsin Card Sorting Test), with qualified health care professional interpretation and report, administered by technician, per hour of technician time, face-to-face
Criteria 4F: Outpatient Mental Health and Substance Use Services	96120		Neuropsychological testing (e.g., Wisconsin Card Sorting Test), administered by a computer, with qualified health care professional interpretation and report
Criteria 4F: Outpatient Mental Health and Substance Use Services	96121		Neurobehavioral status exam (clinical assessment of thinking, reasoning and judgment, [e.g., acquired knowledge, attention, language, memory, planning and problem solving, and visual spatial abilities]), by physician or other qualified health care professional, both face-to-face time with the patient and time interpreting test results and preparing the report; each additional hour (List separately in addition to code for primary procedure)

Criteria 4F: Outpatient Mental Health and Substance Use Services	96132		Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; first hour
Criteria 4F: Outpatient Mental Health and Substance Use Services	96133		Neuropsychological testing evaluation services by physician or other qualified health care professional, including integration of patient data, interpretation of standardized test results and clinical data, clinical decision making, treatment planning and report, and interactive feedback to the patient, family member(s) or caregiver(s), when performed; each additional hour (List separately in addition to code for primary procedure)
Criteria 4F: Outpatient Mental Health and Substance Use Services	99201		Office or other outpatient visit for the evaluation and management of a new patient, which requires these 3 key components: A problem focused history; A problem focused examination; Straightforward medical decision making. Counseling and/or coordination of care with other physicians, other qualified health care professionals, or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs. Usually, the presenting problem(s) are self-limited or minor. Typically, 10 minutes are spent face-to-face with the patient and/or family.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99202		Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using time for code selection, 15-29 minutes of total time is spent on the date of the encounter.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99203		Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and low level of medical decision making. When using time for code selection, 30-44 minutes of total time is spent on the date of the encounter.

Criteria 4F: Outpatient Mental Health and Substance Use Services	99204		Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making. When using time for code selection, 45-59 minutes of total time is spent on the date of the encounter.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99205		Office or other outpatient visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and high level of medical decision making. When using time for code selection, 60-74 minutes of total time is spent on the date of the encounter.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99211		Office or other outpatient visit for the evaluation and management of an established patient that may not require the presence of a physician or other qualified health care professional
Criteria 4F: Outpatient Mental Health and Substance Use Services	99212		Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using time for code selection, 10-19 minutes of total time is spent on the date of the encounter.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99213		Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low level of medical decision making. When using time for code selection, 20-29 minutes of total time is spent on the date of the encounter.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99214		Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate level of medical decision making. When using time for code selection, 30-39 minutes of total time is spent on the date of the encounter.

Criteria 4F: Outpatient Mental Health and Substance Use Services	99215		Office or other outpatient visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and high level of medical decision making. When using time for code selection, 40-54 minutes of total time is spent on the date of the encounter.
Criteria 4F: Outpatient Mental Health and Substance Use Services	99354		Prolonged service(s) in the outpatient setting requiring direct patient contact beyond the time of the usual service; first hour (List separately in addition to code for outpatient Evaluation and Management or psychotherapy service, except with office or other outpatient services [99202, 99203, 99204, 99205, 99212, 99213, 99214, 99215])
Criteria 4F: Outpatient Mental Health and Substance Use Services	99417		Prolonged outpatient evaluation and management service(s) time with or without direct patient contact beyond the required time of the primary service when the primary service level has been selected using total time, each 15 minutes of total time (List separately in addition to the code of the outpatient Evaluation and Management service)
Criteria 4F: Outpatient Mental Health and Substance Use Services	99441		Telephone evaluation and management service by a physician or other qualified health care professional who may report evaluation and management services provided to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment: 5-10 minutes of medical discussion
Criteria 4F: Outpatient Mental Health and Substance Use Services	99442		Telephone evaluation and management service by a physician or other qualified health care professional who may report evaluation and management services provided to an established patient, parent, or guardian not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment: 11-20 minutes of medical discussion
Criteria 4F: Outpatient Mental Health and Substance Use Services	99499		Unlisted evaluation and management service

Criteria 4F: Outpatient Mental Health and Substance Use Services	99510		Home visit for individual, family, or marriage counseling
Criteria 4F: Outpatient Mental Health and Substance Use Services	G0443		Brief face-to-face behavioral counseling for alcohol misuse, 15 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	G0445		Semiannual high intensity behavioral counseling to prevent STIs, individual, face-to-face, includes education skills training & guidance on how to change sexual behavior
Criteria 4F: Outpatient Mental Health and Substance Use Services	G0446		Intensive behavioral therapy 15 min: Annual, face to face intensive behavioral health therapy for cardiovascular disease, individual
Criteria 4F: Outpatient Mental Health and Substance Use Services	G0447		Face to face behavioral counseling for Obesity, 15 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	G0473		Face to face behavioral counseling for Obesity, group (2-10), 30 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2068		Medication assisted treatment, buprenorphine (oral); weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2069		Medication assisted treatment, buprenorphine (injectable); weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2070		Medication Assisted Treatment, Buprenorphine (implant insertion); weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2071		Medication assisted treatment, buprenorphine (implant removal); weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare-enrolled opioid treatment program)

Criteria 4F: Outpatient Mental Health and Substance Use Services	G2072		Medication assisted treatment, buprenorphine (implant insertion and removal); weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare-enrolled opioid treatment program)
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2073		Medication assisted treatment, naltrexone; weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare-enrolled opioid treatment program)
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2074		Medication assisted treatment, weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy and toxicology testing
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2075		Medication Assisted Treatment, Medication not otherwise specified; weekly bundle including dispensing and/or administration, substance use counseling, individual and group therapy, and toxicology testing if performed (provision of the services by a Medicare enrolled opioid treatment program)
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2079		Take home supply of buprenorphine (oral); up to 7 additional day supply (provision of the services by a Medicare-enrolled opioid treatment program); list separately in addition to code for primary procedure
Criteria 4F: Outpatient Mental Health and Substance Use Services	G2080		Each additional 30 minutes of counseling in a week of medication assisted treatment, (provision of the services by a Medicare-enrolled opioid treatment program); list separately in addition to code for primary procedure
Criteria 4F: Outpatient Mental Health and Substance Use Services	H0004		Behavioral health counseling and therapy, 15 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	H0015		Alcohol and/or drug services, intensive outpatient (treatment program that operates at least 3 hours/day and at least 3 days/week and is based on an individualized treatment plan), including assessment, counseling; crisis intervention, and activity therapies or education
Criteria 4F: Outpatient Mental Health and Substance Use Services	H0040		Assertive Community Treatment

Criteria 4F: Outpatient Mental Health and Substance Use Services	H0046		Mental health services, not otherwise specified
Criteria 4F: Outpatient Mental Health and Substance Use Services	H0050		Alcohol and/or drug services, brief intervention, per 15 minutes
Criteria 4F: Outpatient Mental Health and Substance Use Services	H2035		Alcohol and/or other drug treatment program, per hour
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0570		Buprenorphine implant, 74.2 mg
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0571		Buprenorphine, oral, 1 mg
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0572		Buprenorphine/naloxone, oral, less than or equal to 3 mg buprenorphine
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0573		Buprenorphine/naloxone, oral, greater than 3 mg, but less than or equal to 6 mg buprenorphine
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0574		Buprenorphine/naloxone, oral, greater than 6 mg, but less than or equal to 10 mg buprenorphine
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0575		Buprenorphine/naloxone, oral, greater than 10 mg buprenorphine
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0577		Injection, buprenorphine extended-release (Brixadi), less than or equal to 7 days of therapy
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0578		Injection, buprenorphine extended-release (Brixadi), greater than 7 days and up to 28 days of therapy
Criteria 4F: Outpatient Mental Health and Substance Use Services	J0592		Injection, buprenorphine HCl, 0.1 mg
Criteria 4F: Outpatient Mental Health and Substance Use Services	J2315		Injection, naltrexone, depot form, 1 mg
Criteria 4F: Outpatient Mental Health and Substance Use Services	Q9991		Injection, buprenorphine extended-release (Sublocade), less than or equal to 100 mg
Criteria 4F: Outpatient Mental Health and Substance Use Services	Q9992		Injection, buprenorphine extended-release (Sublocade), greater than 100 mg
Criteria 4G: Outpatient Clinic Primary Care Screening and Monitoring	99401		Preventative Medicine counseling/risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 15 minutes
Criteria 4G: Outpatient Clinic Primary Care Screening and Monitoring	99402		Preventative Medicine counseling/risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 30 minutes

Criteria 4G: Outpatient Clinic Primary Care Screening and Monitoring	99403		Preventative Medicine Counseling/risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 45 minutes
Criteria 4G: Outpatient Clinic Primary Care Screening and Monitoring	99404		Preventative Medicine Counseling/risk factor reduction intervention(s) provided to an individual (separate procedure); approximately 60 minutes
Criteria 4G: Outpatient Clinic Primary Care Screening and Monitoring	G2077		Periodic assessment: assessing periodically by qualified personnel to determine the most appropriate combination of services and treatment/provision of the services by a Medicare-enrolled opioid treatment program; list separately in addition to code for primary procedure
Criteria 4I. Psychiatric Rehabilitative Services	90846	HK	Functional Family Therapy-family therapy without youth present, use HK modifier, provider types HP, HO, AF, SA
Criteria 4I. Psychiatric Rehabilitative Services	90847	HK	Functional Family Therapy-family therapy with youth present, use HK modifier, provider types HP, HO, AF, SA
Criteria 4I. Psychiatric Rehabilitative Services	90882		Environmental intervention for medical management purposes on a psychiatric patient's behalf with agencies, employers, or institutions
Criteria 4I. Psychiatric Rehabilitative Services	H0034		Medication training and support, per 15 minutes
Criteria 4I. Psychiatric Rehabilitative Services	H2012		Behavioral health day treatment, per hour
Criteria 4I. Psychiatric Rehabilitative Services	H2031		Mental Health Clubhouse Service, per diem
Criteria 4I. Psychiatric Rehabilitative Services	H2033		Multisystemic therapy, per 15 minutes
Criteria 4I. Psychiatric Rehabilitative Services	S9480		Intensive outpatient psychiatric services, per diem
Criteria 4J. Peer Supports, Peer Counseling and Family/Caregiver Supports	H0038		Self-help/peer services, per 15 minutes
Criteria 4J. Peer Supports, Peer Counseling and Family/Caregiver Supports	T1027		FAMILY TRAINING & COUNSELING/PER 15 MINUTES

T1013	Telephonic interpretive services
T1016	Case management, each 15 minutes
T2023	Targeted case management; per month

Appendix A: Assertive Community Treatment (ACT) Billing Guidelines

Assertive Community Treatment (ACT) is a comprehensive, community-based mental health care model designed to support individuals with severe mental illnesses. Here are some key aspects of ACT:

- **Holistic Approach:** ACT provides multidisciplinary care, including psychiatry, nursing, case management, substance use treatment, and peer support.
- **Community Integration:** The goal is to help individuals live independently and integrate into their communities, reducing the need for hospitalization.
- **24/7 Support:** ACT teams offer round-the-clock services, ensuring continuous support for those in need.
- **Personalized Care:** Services are tailored to meet the unique needs of an individual, focusing on improving their overall quality of life.

It is the expectation that an individual will receive the appropriate level and type of service interventions based on their clinical needs.

Historically, ACT has been reimbursed using a daily rate based on a meeting of the ACT Team Monday through Friday. Clinics designated as a Certified Community Behavioral Health Center (CCBHC) by Iowa HHS will provide and bill ACT services under a PPS rate. A PPS payment may be billed on a day a service is provided if that day counts as a visit. Starting on July 1, 2025, the ACT services that constitute a billable visit delivered by CCBHC must have a face-to-face component with the delivery of a threshold service. For complete coverage and definitions refer to Iowa Administrative code 441—78.45 (249A) Assertive community treatment. Billable services will be billed using code H0040.

Face-to-face to visits are defined as: a visit where the client or a member of the client's family/extended family, or support system is present and receives a threshold service during the interaction and include:

- Face-to-face contact in person with the individual receiving a threshold service.
- Face-to-face visits with the guardians of individuals, with the parents/foster parents/ guardian of children under 18 years of age.
- Face-to-face visits with other family members, including spouses and other major supports (teachers, care givers) receiving a threshold service.

Care coordination is hallmark and essential component for ACT. CCBHCs can include care coordination and case management costs in their cost report. However, care coordination and/or case management is not considered a threshold service under CCBHC and does not trigger PPS reimbursement. Care coordination includes:

- Direct contact by phone with the individual served.
- Direct contact in person or phone with families, staff within your agency or other agencies on behalf of the person served, other than stated above.

- Documentation time is not considered part of the service intervention unless completed collaboratively with the individual served during the face-to-face service session.
- Case management including phone calls, referrals, client monitoring.

ACT Threshold Services*		
CCBHC Service Category (H0040)	Service	Eligible for PPS Payment
Crisis Services	Crisis Response	Y
Outpatient Mental Health and Substance Use Services	Evaluation and Medication Management	Y
	Initial assessment and treatment planning	Y
	Integrated therapy and counseling for mental health and substance abuse	Y
	Skill teaching	Y
	Community Support	Y
	Education, support and consultation to family members and other major supports of the individual	Y
	Work related services	Y
Care Coordination	Case Management	N
	Team meetings	N
	Treatment plan development/review	N
	Care coordination meetings without client or supports	N
	Phone calls	N
Peer and Family Support	Scheduling appointments	N
	Peer Support	Y
Primary Care Screening and Monitoring	Preventative Medicine counseling/risk reduction interventions	Y
	Prevention Medicine vaccinations following USPSTF guidelines	Y
	Preventative Medicine Routing laboratory screening	Y
*For complete list of covered threshold codes refer to the Threshold Services section of the CCBHC billing guide.		

Appendix B: CCBHC Claims Submission Instructions

The instructions below provide guidance specific to submitting a CMS-1500 claim form for CCBHC services. With the exception of the fields and guidance mentioned below, providers should follow the same billing [guidance](#) provided by Iowa Medicaid on their [webpage](#) for non-CCBHC claims, including completion of all required fields when submitting claims for CCBHC services.

Field No.	Field Name/Description	Required or Conditional	Instructions
19	Additional Claim Information (Designated by NUCC)	Conditional	<ul style="list-style-type: none"> ▪ If Field 24D includes modifier HH indicating the service was provided by a DCO. ▪ Enter NTEADD plus the DCO NPI # (e.g., NTEADD0987654321) ▪ Claims submitted with modifier HH and without Field 19 completed will be denied.
24B	Place of Service	Required	<ul style="list-style-type: none"> ▪ Use POS code 99 (Other) on Line 1 for use with T1040 encounter code. Billing claim will be denied if POS is blank or a code other than 99 is entered with the T1040 encounter code. ▪ Lines 2+ should include the POS number that corresponds to where the specific service was rendered.
24D – Lower Part	Procedures, Services or Supplies	Required	<ul style="list-style-type: none"> ▪ Line 1 enter: Encounter code T1040 (No modifier) ▪ Line 2 enter: Threshold service code ▪ Lines 3+ enter: Threshold or other allowed services provided during the encounter. ▪ Modifiers should only be entered on lines 2+ (informational only) for threshold and allowed services. <ul style="list-style-type: none"> • If service is rendered by a CCBHC satellite or other service location enter: Q2 in first modifier slot • If service is rendered by a DCO enter: HH in first modifier slot • When applicable, show HCPCS code modifiers with the HCPCS code for threshold and allowed services. ▪ Specific procedure code(s) on lines 2+ should indicate a \$0.00 charge as ‘informational only.’ ▪ Claims submitted without ‘informational only’ procedure codes will be denied. Providers are required to include all CCBHC services provided on the service date.

Field No.	Field Name/ Description	Required or Conditional	Instructions
24J – Lower Part	NPI	Required	<ul style="list-style-type: none"> ▪ All Lines Enter: CCBHC Provider Type 88 NPI
33a	NPI	Required	<ul style="list-style-type: none"> ▪ Enter: CCBHC Provider Type 88 NPI
