Posted: April 30, 2025

The Iowa Department of Health and Human Services (HHS), pursuant to the requirements outlined in 42 C.F.R. §447.205, hereby gives notice of the following proposed action regarding changes to the reimbursement rates for home health intermittent services provided by enrolled home health agencies under the State Plan under Title XIX of the Social Security Act Medical Assistance Program (Medicaid).

Summary of Submission:

Beginning for services on or after July 1, 2025, the base fee schedule payment rates will be increased for an acuity add-on as follows for each service date, for individuals that meet the medical necessity of the following tier levels:

- Tier 2 – 30% increase
- Tier 3 – 60% increase

Acuity is based on the members need(s) identified from a diagnosis of the medical condition and the individual plan of care. The higher level of acuity is associated with the complexity of the need and the care required to address it.
