

NOTICE OF PUBLIC HEARING

Iowa Low-Income Home Energy Assistance Program

DES MOINES – lowans have an opportunity to inspect and comment on lowa's proposed FFY 2026 Low-Income Home Energy Assistance Program (LIHEAP) State Plan.

The LIHEAP program, is designed to aid qualifying low-income lowa households (homeowners and renters) in the payment of a portion of their residential heating costs for the winter heating season, to encourage regular utility payments, to promote energy awareness and to encourage reduction of energy usage through energy efficiency, LIHEAP customer education, and weatherization. The lowa Department of Health and Human Services, through the Community Access and Eligibility Division's Community Action Agencies Subdivision, administers Iowa's LIHEAP program statewide and is authorized by Iowa law to contract and distribute Iowa's LIHEAP program funds to Iowa's sixteen Community Action Agencies to administer the program locally.

The proposed LIHEAP FFY2026 State Plan will be available online on the following website (https://hhs.iowa.gov/programs/programs-and-services/liheap/liheap-resources) through August 14, 2025. All comments must be emailed to the following address prior to August 14, 2025, to be considered:

Email Address: dcaa@hhs.iowa.gov Subject: Comments – LIHEAP State Plan

A virtual public hearing on the proposed state plan will be held from 10:00 - 11:00 a.m. on August 15, 2025. The link for this virtual hearing is below, or attendees can join by phone:

MODEL PLAN

Section 1 – Program Components

THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low-Income Home Energy Assistance Program (LIHEAP) grant. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Only households with elderly and/or disabled members, or households actively facing disconnection of service or who have existing but inoperable heating equipment can apply starting October 1st. All others can apply starting November 1st.

Also, Iowa's Regular Assistance Benefit Matrix structure awards additional benefit amounts for households with members that are elderly, disabled, and/or have young children.

- In a standard funding year (no emergency or supplemental federal funding) households must be at imminent threat of disconnection in order to receive a Service Continuity benefit payment and maintain their service connection. For deliverable fuel households, they must be at or below 30% of a full tank, but not yet at 0% or empty to receive an Emergency Delivery – Low Tank benefit payment. However, this additional criterion is specific to the Service Continuity and Emergency Delivery – Low Tank crisis assistance benefit categories only, not overall household LIHEAP eligibility.

- In a standard funding year (no emergency or supplemental federal funding) households must already be disconnected from their energy service to receive a Reconnection benefit payment and restore their service connection. For deliverable fuel households, they must be at 0% or empty to receive an Emergency Delivery – Empty Tank benefit payment. However, this additional criterion is specific to the Reconnection and Emergency Delivery – Empty Tank crisis assistance benefit categories only, not overall household LIHEAP eligibility.

- Subsidized households where primary heat is included in the rent are eligible for Crisis Assistance if they have a secondary energy burden with a utility vendor. Subsidized households where both heat and electric are included in the rent are ineligible because the household's energy burden is already reduced through the housing subsidy, and there is not an eligible account to address to ensure the crisis is resolved.

- Non-subsidized households where all energy utilities are included in the rent are not eligible for Crisis Assistance unless they can demonstrate a measurable primary or secondary energy burden.

All allowable crisis measures have expenditure limits outlined in the Iowa LIHEAP Policy and Procedures Manual.

A combination of one or more of the following crisis components may be utilized to resolve a crisis situation.

- * Heating Unit Repair/Replacement
- * Shelter, Blankets, Electric Portable Space Heaters
- * Emergency Delivery (Low Tank and Empty Tank)
- * Reconnection
- * Service Continuity
- * Emergency Cooling

State law provides that all households certified eligible for LIHEAP and/or the Weatherization Assistance Program are protected from disconnection of the household's natural gas and electric service from November 1 through April 1. This law applies to every regulated utility in the state.

4.18 If you experience a natural disaster, do you intend to utilize LIHEAP crisis funds to address disaster related crisis situations?

No

⊠ Yes

If yes, describe:

Depending on the availability of funding, and the nature of the disaster aligning with allowable program activities, Iowa would focus on disaster scenarios as best we could.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

NOTE: Section 4.1- Iowa's eligibility threshold is 200% FPG (\$31,300 for a household of 1), which matches Iowa's Weatherization Assistance Program and is less than 60% of Iowa's SMI (\$36,756 for a household of 1).

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

Priority for receiving service is given to households with the highest energy usage (greatest potential for savings) with additional priority to households occupied by elderly persons, persons with disabilities, and/or young children. The priority system is consistently applied to all housing types, single family, mobile homes, and multi-unit dwellings.

Client selection for service is based on a point system which is based on an estimate of annual client bill savings for heating, water heating, and air conditioning measures. Additional points are given if any household members are elderly, disabled, or young children.

A household's priority point total will be increased by 5% for each of the following situations:

The household is occupied by an elderly person

The household is occupied by a person with disabilities

The household is occupied by young children

(A household's priority point total could be increased by 15% if each of the situations listed above exists.)

Community action agencies are given priority by Iowa Code 216A to serve as the local administering agency (Subgrantee) for LIHEAP. In the event that a Subgrantee is no longer able or willing to administer the Low-Income Home Energy Assistance Program in its service area, or if the Grantee determines that a Subgrantee has defaulted on the Contract to administer the LIHEAP program, the Grantee reserves the right to operate the program directly or to select an alternate Subgrantee(s) to provide LIHEAP services in the service area of that Subgrantee.

Selection of an alternate Subgrantee will be based on the following criteria: (1) capacity to deliver the required service; (2) quality of work; and (3) geographical proximity to the service area. Contiguous community action agencies will be given primary consideration by the Grantee in selecting an alternate Subgrantee. If no contiguous community action agency is available to serve the unserved area, the Grantee will solicit a non-contiguous local agency to serve the unserved area. If no

contiguous or non-contiguous local administering agency is available to serve an unserved area, the Grantee will solicit a private, non-profit organization providing other related services in the unserved area and capable of meeting all program requirements to serve the unserved area. A public hearing will be held to accept comment on the new Subgrantee selection before a Subgrantee is designated.

Eligible households who pay an undesignated portion of their rent toward energy costs will receive assistance sent directly to their secondary (electric) provider.

Direct payments to eligible households must be approved by the state office in all circumstances with the exception of the following:

- When both primary and secondary utilities are included in the rent and the account is in the landlord's name (non-subsidized households, and only regarding LIHEAP Regular Assistance).

- When a CAA is unable to locate a vendor for a deliverable fuel LIHEAP customer (e.g., vendor will not sign a General Vendor Agreement, or a vendor is not able to service the tank because it belongs to a different vendor, the household has a small tank (e.g., 20 gallon) and the vendor will not make a delivery or a fill, etc.), they are required to offer a choice of either a direct pay to the LIHEAP customer or payment to a secondary vendor, and the deliverable fuel LIHEAP customer chooses a direct pay.*

- If unable to establish another source of heat, the funds for which the household is eligible are to be made as a direct payment. Direct payment is made with the hope that the LIHEAP customer is able to find an alternate source of fuel or perhaps another place to stay, until they can pay the bill and be reconnected.

- The assistance award for households whose primary source of heat is wood/coal/corn will be forwarded to the household's electric supplier if a suitable wood/coal/corn vendor is not available. If no electric supplier exists, a direct payment to the LIHEAP customer may be made. *

* The CAA must have verified documentation for any direct payments.

9.2 How do you notify the client of the amount of assistance paid?

Am initial determination letter is provided to the customer at the time the application is processed. Depending on the way the application was received, and the customer's preferred method of communication if indicated, this can be as a system notification, an email, or by regular mail. This notification also confirms to the customer which vendor will receive the payment. If there is any change in benefit or approval status prior to payment being made, the customer will receive an updated letter.

9.3 How do you assure that the home energy supplier will charge the eligible household in the normal billing process, the difference between the actual cost of the home energy, and the amount of the payment?

This is included as a provision in our vendor agreements.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

This is included as a provision in our vendor agreements.

Yes

Section 10 – Program, Fiscal Monitoring, and Audit

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure proper fiscal accounting and tracking of funds? Be specific about tracking of grant award, tracking of expenditures, tracking vendor (benefit) refunds, fiscal reporting process, and fiscal software systems being used.

The Contractor must adhere to all applicable state and federal guidelines, laws, regulations, Office of Management and Budget (OMB) 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. CAAs will be monitored by state personnel on a regular basis to ensure regulation compliance. On-site visits and/or remote reviews of selected CAAs and their outreach offices will be conducted throughout the program year. Monthly reporting requirements will help provide information necessary to determine whether or not CAAs are in compliance with program and fiscal regulations. The state will prepare/obtain financial and compliance audits of the Energy Assistance Program annually pursuant to the Single Audit Act of 1984. The audits will be conducted in accordance with the Comptroller General's standards for audit of governmental organizations and programs, by an organization or person independent of agencies administering LIHEAP activities. The audits will be made public on a timely basis. The Auditor of State will submit the audits to the legislature and Department of Health and Human Services within 30 days after completion.

10.1a Provide Definitions for the following: Obligation: The State of Iowa does not have a uniform definition for the term "obligation". However, the State is bound by the definition of obligation, as per OMB Circular No. A-11(2018) Section 20 - Terms and Concepts, which states, "Obligation means a binding agreement that will result in outlays, immediately or in the future. Budgetary resources must be available before obligations can be incurred legally. Expenditures are considered actual cash payments made to fulfill the outlays resulting from Expenditures: Obligations Expenditure timeframe: Expenditure timeframe defines the actual period of time in which cash payments, or expenditures, can be made to fulfill outlays resulting from Obligations Administrative costs are the actual allowable costs Obligated and Expended in the course of Administrative costs: administering the LIHEAP program at both the state and local level

Every community action agency is monitored annually for programmatic and/or fiscal compliance. On-site evaluation visits and/or desk reviews will specifically monitor:

- * Outreach efforts, including hours available for clients to apply and protection of client confidentiality
- * Coordination with other human service agencies
- * The opportunity for a client to complete an application within ten (10) days of initial contact
- * Time elapsed between application date and payment made to vendor on behalf of client
- * Proper verification of household income, correct eligibility determination, and accurate award calculation

* Determination of eligibility at time application is processed with client letter and appeal and hearing procedure provided to applicants at that time

- * Correct and timely payments of assistance for households as provided in the State Plan
- * Signed vendor agreements with all vendors receiving LIHEAP funds
- * Appeal and hearing procedures
- * Administrative and associated program budget and costs
- * Accounting systems regarding collection of financial information reported to the Grantee and documentation of

monthly financial reports and funding requests

* Other provisions covered in the Contract as deemed necessary and appropriate by Grantee

U.S. Department of Health and Human Services Administration for Children and Families August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01 OMB Clearance No.: 0970-0075 Expiration Date: 02/28/2027

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

MODEL PLAN Section 12 – Fair Hearings

Section 12: Fair Hearings, 2605(b)(13) - Assurance 13

12.1 How many fair hearings did the grant recipient have in the prior federal Fiscal Year? 0

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy or procedural changes made in the last federal Fiscal Year as a result of fair hearings? N/A

12.4 Describe your fair hearing procedures for households whose applications are denied or not acted upon in a timely manner.

An applicant may initiate an appeal if the application was denied, or incorrect facts or improper procedures were used to determine eligibility, assistance amounts, or services. The applicant has 30 calendar days from the date of the approval or denial letter to appeal that decision by mailing or delivering the request for appeal to the local Community Action Agency (CAA) at which the application was made.

If the CAA neither approves nor denies the application within 30 calendar days of receipt of a complete application, the applicant may treat the failure to act as a denial. The applicant then has 30 additional calendar days to appeal.

To appeal, the applicant (claimant) must submit a written appeal to the CAA at which they applied, and include the action the applicant would like taken, and any other information which might affect the decision. Those claimants unable to read or write shall have the CAA assist them in reading, writing, or understanding appeals, hearings, and their associated procedures.

The CAA will act on the claimant's request and notify the claimant of the result in writing within seven calendar days of the date an appeal was requested (postmark date if sent in mail).

If the claimant does not agree with the decision reached, the claimant may write the CAA within 14 calendar days of the decision (postmark date if sent in mail) and request that a state hearing be held with the Iowa Department of Health and Human Services, Community Action Agencies Unit (CAA Unit). The claimant must explain in writing why the agency's decision is being appealed and include any information which might affect the decision.

The CAA will forward all information about the request for a hearing to the CAA Unit and a hearing will be scheduled within 14 calendar days of receipt of the appeal and request for a hearing. The claimant will receive written notice of a state scheduled hearing from the division. The notice will include the date, time, and place of the hearing. State hearings may be held in person, virtually or by telephone at a mutually convenient time. During the hearing, all information will be reviewed, and a decision will be rendered by the CAA Unit within 7 calendar days.

The client may appeal the decision of the CAA Unit to the Iowa Department of Inspection, Appeals and License (DIAL). The client must submit a written appeal to the CAA Unit within 7 calendar days (postmark date if sent in mail) of receiving the division's decision. The division will follow the appeal procedures outlined in 481 – Chapter 10 of the Iowa Administrative Code.12.5

12.5 When and how are applicants informed of these rights?

Each applicant is provided with a copy of the appeal procedure at the time the application is approved or denied. It is also posted at every intake site and on the state website.

Section 13 – Reduction of Home Energy Needs

Section 13: Reduction of Home Energy Needs, 2605(b)(16) - Assurance 16 13.1 Describe how you use LIHEAP funds to provide services that encourage and enable

households to reduce their home energy needs and thereby the need for energy assistance?

Examples may include:

Conservation Education; Printing and furnishing information about how to reduce energy usage (e.g., workshops, handouts, brochures, etc.) How to obtain energy efficiency services (e.g., referrals)

One-on-one energy education

Conservation Education materials are **required to be distributed** to all households applying for LIHEAP, including crisis applications.

Low-Cost Energy Efficiency Measures Examples include: plastic, heating unit filters, energy kits, etc.

Vendor Advocacy Helping the client effectively communicate with the vendor to maintain service, etc.

Needs Assessment and Referral Reviewing the client's case record and identifying the most appropriate referrals

Financial Counseling Working with the client to improve financial management skills and proactively manage energy bills

Case Management – Short Term Developing information and materials about services available to LIHEAP clients Developing an understanding of a client's needs and offering counseling during LIHEAP intake

Case Management – Long Term Developing a curriculum and training materials for service delivery Working with clients on energy education and/or financial counseling over an extended time period

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

These funds are allocated as a unique line item. Subgrantee budgets are monitored carefully for activities that could be captured under this assurance.

13.3 Describe the impact of such activities on the number of households served in the previous federal Fiscal Year? Impact can be measured in many different ways: using logic models, data tracking systems, process evaluation, impact evaluation, number of households served versus applied, and performance management for example.

While not easily quantifiable, households receiving assistance or measures through conservation education and lowcost energy efficiency will experience usage reduction. Other measures provided allowed them to get or retain utility service, or manage their money to a greater degree.

13.4 Describe the level of direct benefits provided to those households in the previous federal Fiscal Year. $N\!/\!A$

13.5 How many households received these services?

In FFY24 LIHEAP Regular Assistance and Crisis Assistance helped 83,318 qualified households.

Section 16 – Performance Goals and Measures

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal Fiscal Year.

Iowa collects the four required LIHEAP performance measures listed below. The data is used to monitor where additional outreach needs to be done across the state to avert more disconnections and ensure homes maintain much-needed service. The data also helps us monitor vendor activity and program compliance.

- Restoration of service
- · Imminent disconnection of service averted
- Fuel delivered to empty tank
- Fuel delivered to tank with 30% or less remaining

Assurance 16 Services/Actions

LIHEAP customer services that encourage and enable households to reduce their home energy needs, and thereby reduce their need for energy assistance, shall be provided. Services may include conservation education, referrals to other programs, needs assessment, budget counseling, vendor negotiations, energy assessment, energy plans, and low-cost energy efficiency measures.

- Conservation Education
- Printing and furnishing information about how to reduce energy usage (e.g., workshops, handouts, brochures, etc.)
- How to obtain energy efficiency services (e.g., referrals)
- One-on-one energy education
- · Conservation Education materials are required to be distributed to ALL households applying
- Low-Cost Energy Efficiency Measures
- Examples include: plastic, heating unit filters, energy kits, etc.
- Vendor Advocacy
- Helping the client effectively communicate with the vendor to maintain service, etc.
- Needs Assessment and Referral
- Reviewing the client's case record and identifying the most appropriate referrals
- Financial Counseling
- Working with the client to improve financial management skills and proactively manage energy bills
- Case Management Short Term
- Developing information and materials about services available to LIHEAP clients
- Developing an understanding of a client's needs and offering counseling during LIHEAP intake
- Case Management Long Term
- Developing a curriculum and training materials for service delivery
- Working with clients on energy education and/or financial counseling over an extended period of time

In FFY26 Iowa intends to continue to meet as many customer needs as we can with allotted funding and ease the eligibility and intake process on households and local agencies with the launch of a new, statewide data management system for LIHEAP and Weatherization.

If any household member is a temporary foreign national not authorized for employment, verification of a social security number may be waived. However, they must present their I-94 card, or other acceptable documentation as outlined in the Iowa LIHEAP Policy and Procedures Manual. Any household containing an ineligible member may apply as long as the ineligible member is not counted as a member, however, the ineligible member's income must be counted and documented for household eligibility determination. Ineligible member is defined as a foreign national unable to submit required documents. We continue to have a procedure that allows for the waiver of the social security requirement for some U.S. citizen family members, in extenuating circumstances and on a case by case basis (e.g., custody issues, adoption, newborn, foster care, etc.).

Section 18 – Certification Regarding Debarment, Suspension, and Other Responsibility Matters Section 18: Certification Regarding Debarment, Suspension, and Other Responsibility Matters

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Primary Covered Transactions

Instructions for Certification

- **1.** By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
- 2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- **3**. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
- 4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
- 6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
- 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- 8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the

method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

- **9**. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- **10.** Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, [[Page 33043]] should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled ``Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction,'' without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Section 19: Certification Regarding Drug-Free Workplace Requirements

U.S. Department of Health and Human Services Administration for Children and Families August 1987, revised 05/92, 02/95, 03/96, 12/98, 11/01 OMB Clearance No.: 0970-0075 Expiration Date: 02/28/2027

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN

Section 19 – Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATEWIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grant recipient is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grant recipients other than individuals, Alternate I applies.

4. For grant recipients who are individuals, Alternate II applies.

5. Workplaces under grants, for grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grant recipient's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grant recipient's payroll. This definition does not include workers not on the payroll of the grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grant recipient's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements Alternate I. (Grant

recipients Other Than Individuals)

The grant recipient certifies that it will or will continue to provide a drug-free workplace by:,

(a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grant recipient's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(b) Establishing an ongoing drug-free awareness program to inform employees about --

(1) The dangers of drug abuse in the workplace;

(2) The grant recipient's policy of maintaining a drug-free workplace;

(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

(d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --

(1) Abide by the terms of the statement; and

(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
(e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

(f)Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted -(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

(g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

(B) The grant recipient may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN

Section 20 – Certification Regarding Lobbying

Section 20: Certification Regarding Lobbying

The submitter of this application certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, ``"Disclosure Form to Report Lobbying,' in accordance with its instructions

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, ``Disclosure Form to Report Lobbying,'' in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Section 21: Assurances

U.S. Department of Health and Human Services Administration for Children and Families

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP) MODEL PLAN Assurances

(1) use the funds available under this title to-

(A) conduct outreach activities and provide assistance to low-income households in meeting their home energy costs, particularly those with the lowest incomes that pay a high proportion of household income for home energy, consistent with paragraph (5);

(B) intervene in energy crisis situations;

(C) provide low-cost residential weatherization and other cost-effective energy-related home repair; and

(D) plan, develop, and administer the State's program under this title including leveraging programs, and the State agrees not to use such funds for any purposes other than those specified in this title;

(2) make payments under this title only with respect to--

(A) households in which one or more individuals are receiving-- (i)assistance under the

State program funded under part A of title IV of the Social Security Act;

(ii) supplemental security income payments under title XVI of the Social Security Act;

(iii) food stamps under the Food Stamp Act of 1977; or

(iv) payments under section 415, 521, 541, or 542 of title 38, United States Code, or under section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; or

(B) households with incomes which do not exceed the greater of -

(i) an amount equal to 150 percent of the poverty level for such State; or

(ii) an amount equal to 60 percent of the State median income;

(except that a State may not exclude a household from eligibility in a fiscal year solely on the basis of household income if such income is less than 110 percent of the poverty level for such State, but the State may give priority to those households with the highest home energy costs or needs in relation to household income.

(3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or disabled individuals, or both, and households with high home energy burdens, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;

(5) provide, in a timely manner, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clauses 2(A) and 2(B) of this subsection;

(6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, to give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that -

(A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and

(B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;

(7) if the State chooses to pay home energy suppliers directly, establish procedures to --

(A) notify each participating household of the amount of assistance paid on its behalf;

(B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;

(C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and

(D) ensure that the provision of vendor payments remains at the option of the State in consultation with local grant recipients and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

(A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and

(B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that--

(A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year; and

(B) the State will pay from non-Federal sources the remaining costs of planning and administering the program assisted under this title and will not use Federal funds for such

remaining cost (except for the costs of the activities described in paragraph (16));

(10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursal of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");

(11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

(12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);

(13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and

(14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.

(15) * beginning in fiscal year 1992, provide, in addition to such services as may be offered by State Departments of Public Welfare at the local level, outreach and intake functions for crisis situations and heating and cooling assistance that is administered by additional State and local governmental entities or community-based organizations (such as community action agencies, area agencies on aging and not-forprofit neighborhood-based organizations), and in States where such organizations do not administer functions as of September 30, 1991, preference in awarding grants or contracts for intake services shall be provided to those agencies that administer the low-income weatherization or energy crisis intervention programs.

* This assurance is applicable only to States, and to territories whose annual regular LIHEAP allotments exceed \$200,000. Neither territories with annual allotments of \$200,000 or less nor Indian tribes/tribal organizations are subject to Assurance 15.

(16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors, and report to the Secretary concerning the impact of such activities on the number of households served, the level of direct benefits provided to those households, and the number of households that remain unserved.

AWARD CALCULATION

<u>\$40</u> per point determined by total funding and expected # of participating households

The minimum benefit an approved LIHEAP customer may receive is <u>\$80</u> and the maximum is <u>\$800</u>.

All income shall be verified for each household member based on the 30-day or 12-month period immediately preceding the application date, or the most recent calendar year.

lowa does not use the Benefit Matrix above for deliverable fuel customers due to those customers not being eligible for winter shutoff moratorium protection. Instead, we use a flat amount for deliverable fuel customers that serves as both a minimum and maximum benefit for liquid propane and fuel oil LIHEAP customers. For FY26 that flat amount is \$800.
