

Integrated Health Home (IHH) PMPM Billing Guide effective January 1, 2022:

Effective for dates of service on or after January 1, 2022, the IHH will bill a 99490 with the appropriate modifier to identify the tier with the informational codes on subsequent line items to attest to Health Home Services Provided. Informational Only code 99426 replaced G2065 for Comprehensive Transitional Care effective January 1, 2022. Also, tier 6 PMPM rate will change to \$200.97 to align to align with tier 8.

Procedure Code Integrated Health Home PMPM 99490

Tier	Modifier	PMPM Rate
5 (Adult)	TF	\$160.46
6 (Child)	TG	\$200.97
7 (HAB ICM)	U1	\$199.09
8 (CMH ICM)	U2	\$200.97

Informational Only Codes for Health Home Services Provided

Health Home Services	Code
Comprehensive Care Management	G0506
Care Coordination	G9008
Health Promotion	99439
Comprehensive Transitional Care	99426
Individual & Family Support Services	H0038
Referral to Community and Social Support Services	S0281

Health Home Services, as described in the six service definitions applies to all members enrolled in a Health Home.

Minimum Criteria:

- The member meets the eligibility requirements for Health Home enrollment as identified in the State Plan Amendment (SPA) and documented in the member's electronic health record (EHR).
- Member's eligibility requirements verified within the last 12 months. The member has full Medicaid benefits at the time the PMPM payment is made.
- The member has enrolled with the IHH provider.
- The Health Home provider is in good standing with Iowa Medicaid and is operating in adherence with all Health Home provider standards.
- The minimum service required to merit a PMPM payment is that the person has received care management monitoring for treatment gaps as defined in the State Plan. The Health Home must document Health Home Services that were provided for the member.

The IHH is eligible to be reimbursed according to the member's tier for any month in which any of the six core services has been provided. Adults and children shall be grouped into four tiers. Tier 5 is an adult that qualifies for an IHH but without approved HCBS Habilitation Services. Tier 6 is a child that qualifies for an IHH but without an approved HCBS Children's Mental Health (CMH) Waiver. Tier 7

(Habilitation) and Tier 8 (CMH Waiver or CMH Waiver and Habilitation). The payment rate may vary between adult and child and with or without the intensive care management (ICM).

When a Home and Community Based Services (HCBS) Habilitation or Children's Mental Health Waiver member is enrolled in a Tier 7 (Habilitation) or Tier 8 (CMH Waiver or CMH Waiver and Habilitation), the IHH is eligible to receive payment for the ICM PMPM Tier when any of the six core health home services are provided to the member during the calendar month. The payment at the authorized ICM Tier is not contingent upon the IHH having a face-to-face contact with the member. The face-to-face contact is a HCBS requirement but does not drive the ICM payment.

The PMPM reimbursement rate is developed according to the actual cost of providing each component of the service for the adult population with and without ICM and the child population with and without ICM service. No other payments for these services shall be made.

Iowa Medicaid appreciates your continued partnership as we work to improve health outcomes. Please contact Provider Services by email IMEProviderServices@dhs.state.ia.us or phone 1-800-338-7909, locally in Des Moines at 515-256-4609 if you have any questions regarding billing Health Home services.
