

Notice of Intent to Release

To all interested parties:

The Iowa Department of Health and Human Services (the Agency) is providing this notice of intent to release a request for proposal (RFP) on or around July 2026 for pilot projects to develop and implement a service delivery model strategy centered on two core activities:

1. Pilot co-located service delivery sites to allow individuals to access multiple appointments across various service delivery lines with a focus on chronic disease prevention and management. The Agency anticipates requiring applicants to submit copies of legally executed agreements with partners to demonstrate their collective commitment to work on this project collaboratively.
2. Embed Community Health Workers (CHWs) to enhance care coordination and chronic disease prevention and management.
