  - ~75% in the original pilot group have had preventive care since getting their VAS
  - ~13% of members have completed an updated Oral Health Survey

# PreViser Oral Health Survey

**DELTA DENTAL** Iowa Medicaid Hawki Language

## Tell us about your child...

**This survey is for children (under 18)**  
A parent or guardian should complete this survey on behalf of a child under 18.  
Are you completing this for yourself?  
[Take the Adult Survey →](#)

Please complete the survey below for your child. If you have more than one child enrolled in DWP Kids or Hawki, you will need to complete a separate survey for each child. Your responses will help us find you and your child the perfect resources to improve their health and brighten their smile.

You must be at least 18 years old to submit this survey.

[General Member Information](#)

- Have continued to see an increase in overall PreViser Oral Health Survey completion
  - As of end of Q3, 40.5% overall increase in PreViser Oral Health Survey completion for DWP members when compared to [all] SFY25
- Launching a survey for DWP Kids and Hawki July 1: Designed to be completed by Responsible Parties for their children

# Teledentist.com

- If members cannot go to the dentist or do not have a dental home, a virtual dental visit may be a safe choice for them.
- Teledentistry.com connects members with an Iowa licensed dentist for a virtual appointment.
- The dentists can help with pain and infection management, and identifying potential services needed.
- Available 24/7 for all of Delta Dental's DWP, DWP Kids, and Hawki members.
- No cost to the member – included as a benefit.
- 65 members have utilized so far for SFY26
