

Opioid Profile - District 5

September 2026

This profile brings together opioid-related information from multiple sources to help Iowans better understand opioid trends in their communities and see how opioid settlement funds are currently being allocated by Behavioral Health Districts.

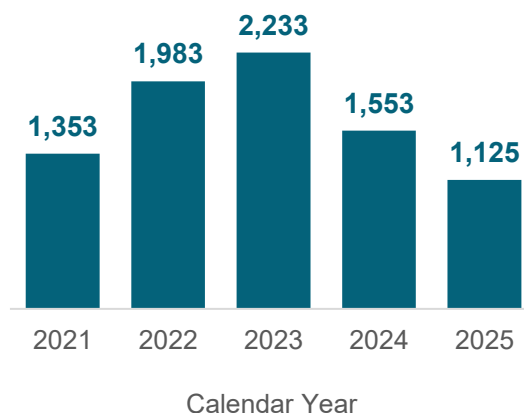

Substance Use Treatment Admissions

Opioid-related admissions to licensed substance use disorder (SUD) treatment providers in District 5 increased from 2021 to 2023, but declined from 2023 to 2025. During those years, of all substances reported at time of admission to SUD treatment, opioids have remained the fourth most common substance.

Note: Counts are based on patient residence. Data as reported by licensed SUD treatment provider.

Opioid Treatment Programs

Opioid use disorder treatment is available in a variety of forms. The term "Opioid Treatment Programs (OTPs)" refers to highly regulated methadone clinics, most of which also provide access to other medication assisted treatment options. OTPs are still the only places with permission to dispense methadone for opioid use disorder treatment. **District 5 currently has five OTPs located in Marion, Polk and Story counties.**

Naloxone Distribution

Between October 2023 and August 2026, organizations in **8 out of 14 counties (57%) in District 5 utilized the NARCANDirect program** through Iowa HHS. The organizations within those counties (Boone, Decatur, Hamilton, Jasper, Marion, Polk, Story and Warren), have been sent over 20,000 Narcan kits to distribute across their communities.
