

**Iowa Physician Assistant (PA) Exception Application Form**

**Instructions:** In accordance with Iowa Code Chapter 147A.13 an Iowa Physician Assistant (PA) licensed pursuant to Iowa Code 148C can serve as a staff member of an authorized Iowa Emergency Medical Service (EMS) program if the PA can document equivalent education and skills training essential in the delivery of out-of-hospital emergency care. The applicant shall submit documentation of equivalent EMS education and training to the EMS Program’s Medical Director for review. The EMS Program’s Medical Director will review the submitted documentation, and if applicable, approve the level of EMS care the PA may provide, or identify additional training or education. Once approved by the service program’s Medical Director the applicant must submit a completed application to the Iowa Department of Health and Human Services (Department) for approval prior to functioning as an authorized staff member. The completed application should be uploaded into the service program’s AMANDA folder for review. After review and documented approval of the application by the Department the service program should roster the PA as an active member of their service in AMANDA and retain a copy of the approved application for their records.
