

You are Invited to Attend a Listening Session on the Upcoming Dental RFP

March 1, 2023

On February 13, 2023, the Iowa Department of Health and Human Services (HHS) announced plans to request proposals for the delivery of dental care services for Iowans. HHS intends to procure contracts with the most qualified pre-paid ambulatory health plans (PAHP) that can demonstrate capacity to coordinate care and provide quality outcomes for the Medicaid and Children's Health Insurance Program (CHIP) populations.

This process is intended to procure those most qualified to deliver high-quality dental health care services. It will also aid in the state's ability to determine the appropriate number of dental plans to administer both the Iowa Dental Wellness Plan and Hawki programs.

This meeting is designed to answer questions from dental plans and providers, as well as stakeholders. The goal of the session is to receive feedback on the current dental program and dental contracts that should be considered as we develop the RFP. While Iowa Medicaid will be taking questions, due to the confidentiality around the RFP process, the team will not be able to answer.

You will receive a Zoom link to the meeting the day it takes place.
