

GLOVING

1. Put on a clean pair of gloves.

2. Provide appropriate care.

3. Remove each glove carefully. Grab the first glove at the palm and strip the glove off. Touch dirty surfaces only to dirty surfaces.

4. Ball up the dirty glove in the palm of the other gloved hand.

5. With the clean hand, strip the glove off from underneath at the wrist, turning the glove inside out. Touch clean surfaces only to clean surfaces.

6. Discard the dirty gloves immediately in a step can. Wash your hands.
