SUBJECT: Employees' Manual, Title 8, Chapter I, *Medical Institutions*, Contents (page 2), revised; pages 26a, 36, 37, 38, 43, and 57 through 68, revised.

ISSUED BY: Bureau of Eligibility Services, Division of Medical Services

SUBJECT: Employees' Manual, Title 8, Chapter I, *Medical Institutions*, pages 25, 26, 26a, 58a, and 58b, revised.

### Summary

The fiscal agent recently informed the Department that it is able to pursue third-party liability against long-term-care insurance policies, not indemnity-type policies, and other third-party payors and supplemental insurance. Indemnity-type policies continue to count as income.

Page 25, regarding clients with medical assistance income trusts, is revised. For persons with a medical assistance income trust, code only the 300% payment into IABC to determine eligibility and client participation. Forward an SIQ form to the Third-Party Liability Unit regarding the vendor payment portion of the trust.

Page 58a is revised to reflect the increase in the maximum payment to swing-bed hospital (skilled) effective January 1, 1999.

Page 58b is revised to clarify which cases should be referred to a fiscal agent with a *Supplemental Insurance Questionnaire* (SIQ). Refer cases for persons with long-term care insurance policies and trusts that pay for medical costs with a SIQ form with the information on the third-party payors.

### Effective Date

Swing-bed rate changes are effective January 1, 1999.

Other changes are effective upon receipt.

### Implementation

For cases that have these payments included in the client participation calculation, revise the case at the time of the annual review. Remove the income from the BCW2 calculation and forward a completed SIQ to TPL.

Pages 23 and 24 are revised to clarify how to apply insurance benefits to the nursing facility care.

Page 41 is revised to clarify which insurance premiums can't be deducted.

Pages 42 and 42a are revised to clarify how the execution and funding of a medical assistance income trust affects the date of eligibility.

Pages 42e, 42f, 42n, and 58b are revised to reflect the change in the procedure for payments from a medical assistance income trust. Submitting form 470-2826, *Supplemental Insurance Questionnaire* (SIQ), will no longer indicate the vendor payment made by the trustee. The vendor payment will be entered in the IABC system.

### Implementation Instructions for Medical Assistance Trust Cases

For cases that currently have these vendor payments, an SIQ must be submitted to show that there is no longer a third-party vendor payment. To avoid confusion to the recipients and providers, a printout of the cases currently on assistance with the amount of \$1536 unearned income, most likely indicating a medical assistance income trust, is being provided.

Workers should terminate the SIQ and make the entries on the BCW2 in IABC to show the medical assistance income trust payment on all cases identified. If additional cases are later identified while processing changes, COLA, or annual reviews, change them at that time.

Ensure that the name and the state identification number are on the SIQ form. Write TERMINATED and the effective date of termination across the top of the form. The effective date of termination must be the same month that the trust vendor payment is entered on the BCW2 to be added to client participation. Send the SIQ to the Third-Party Liability Section, Division of Medical Services, in central office.

Upon receipt.

**GENERAL LETTER NO. 8-I-40**

ISSUED BY: Bureau of Eligibility Services, Division of Medical Services

SUBJECT: Employees' Manual, Title 8, Chapter I, *MEDICAL INSTITUTIONS*, Contents (page 2), revised; pages 1, 2, 8, 9, 10, 11, 23, 31, 37, 41, 43 through 68, revised; and pages 69 through 84, new.

**Summary**

Effective July 1, 2001, non-state owned nursing facilities are reimbursed for Medicaid residents under a modified price-based case-mix method of payment.

Due to this change, nursing facilities that currently have a both a skilled vendor number and a nursing facility number will now bill for all of their residents under their nursing facility (080) number. These facilities will all be treated as "nursing facilities" for both levels of care. Each facility will have one rate that will be paid for all residents at either level of care.

IM workers will no longer enter moves between skilled level of care and nursing facility levels of care in the same facility. Moves to a skilled (065) vendor number are needed only when the person actually moves to a different facility, such as a hospital-based skilled facility or a swing bed.

Pages 1, 2, 32, 62, 63, 65, 66, 67, 74, and 77 are revised to remove the references to "skilled nursing facility" and replace it with "skilled level of care" where needed.

Page 8 is revised to remove the statement that a level of care determination is needed when a person moves to a bed that is certified for a different level of care.

Page 9 is revised to remove the reference to facilities certified to provide both skilled and nursing facility levels of care.

Page 11 is revised to remove the obsolete example.

Page 31 is revised to allow a diversion for the maintenance needs of the community spouse even when the community spouse is on an HCBS waiver.

Page 37 is revised to update the standard maintenance needs allowance of other dependents living with the community spouse to the current amount.

Page 41 is revised to remove the reference to maximum Medicaid reimbursement rate.

Page 44 is revised to show the new statewide average charges to private-pay residents in specified facilities, waivers, or levels of care for fiscal year 2002. These amounts are used to determine the payments to be made to a beneficiary of a medical assistance income trust.

Pages 43, 45 through 47, and 49 through 53 are revised to show the new 300% figure after the consumer price index correction. (See Manual Letter 14-B(8)-20.)

Page 64 is revised to replace references to “SNF” with “skilled level of care” and to add that nursing facilities will complete *Case Activity Reports* to verify when a resident’s nursing facility stay will be covered by Medicare.

Page 72 is revised to remove the reference to transfer between levels of care at the same facility.

Page 73 is revised to remove the maximum facility reimbursement rates.

Pages 75 and 76 are revised to remove the reference to maximum reimbursement rates and to clarify how payments are made to a facility for reserve bed days while a client is in the hospital.

Page 79 is revised to replace the maximum rates paid for lower level of care to the average rates to be paid for lower level of care.

Page 82 is revised to include that facilities will complete *Case Activity Reports* when a resident is covered by Medicare or Medicare coverage is exhausted.
