\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_ Case: \_\_\_\_\_

The Child Support Recovery Unit receives information about health insurance that is available to your children when the payor provides the insurance. A general overview of the types of coverage available through the health insurance plan is provided below. If you want a more detailed description of the plan or have questions about filing a medical claim, contact the insurance company or medical provider.

If your children are currently eligible for Medicaid, health insurance information is reported on their Medicaid cards. Your children's Medicaid eligibility is not affected by enrollment in a health insurance plan.

If you have any questions about this form, call the local office. If you need help finding the local phone number, you may call the child support automated information line at 1-888-229-9223 (toll free).
