02 The plan for next month and on

03 Resources

LAST MONTH

What we did last month.

01

Entry and Eligibility: Confirmed point in time screening tool (InterRAI, SIS, BRIEF2) for use across all waitlists, planned data needs for the point in time screening, developed screening strategy

02

Services: Reviewed service survey results with the steering committee, began review of pathways to the future state of waivers

03

Delivery Systems: Case management ratio calculator development continued, informed by data and interviews

04

Systems Management: Point in time screening data plan, financial analysis research questions identified and prioritized

WHAT'S NEXT

What we will do in the coming months.

01

Entry and Eligibility: Confirm point in time screening survey operations, interview members about waitlist experience

02

Services: Continue defining the future state of HCBS waivers

03

Delivery Systems: Case management ratio calculator development continues, summarize interview findings for training recommendations

04

Systems Management: Business process analysis and documentation, create data plan for financial analysis
