Federal law requires proof of United States citizenship to get Medicaid. You have told us that you are not able to give proof of U.S. citizenship for yourself or your family members. If you or your family members were born in Iowa, we can help get the proof by doing an Iowa birth records check with Vital Records.

Please fill out information below for each person who needs an Iowa birth records check. Please print clearly. If you don't know the name of the county where the person was born, you can write the name of the town. If you need space for more family members, please use the back of this form.

Please write in your current phone number in case we need to call you _____

Questions? If you have questions or need help, please call your worker at _____. Thank you.
