6.3a. Assessment Process: Describe the planned assessment process.

The State CSBG Office conducts CSBG organizational standards assessments at each Iowa community action agency triennially (at least once during a three-year period). Assessments are conducted at the same time regular CSBG program operations reviews are conducted. Once the State CSBG Office completes an assessment, the State CSBG Office issues a report no later than 60 calendar days following the review and assessment exit meeting. Agency documents and materials that are, or can be made, readily available to the State CSBG Office, are necessary for completing the assessment, and do not require the State CSBG Office to visit the agency to inspect and assess, may be reviewed at the State CSBG Office as part of the agency's assessment. Agencies that are not scheduled to receive an assessment during a federal fiscal year are required to complete and submit a CSBG organizational standards agency self-assessment. The State CSBG Office provides instructions, guidance, and an agency self-assessment instrument for those agencies to complete and submit. The State CSBG Office reviews and validates, through a desk-review process, all agency self-assessments and issues a report no later than 60 calendar days following the receipt of an agency self-assessment. The State CSBG Office's reviews and assessments schedule is provided in Section 10 (10.1). Full onsite reviews and assessments include a regular CSBG program operations review and a CSBG organizational standards assessment. The 11 agencies that are not scheduled for a review and assessment (no review) in FFY 2022, and the 11 agencies that are not scheduled for a review and assessment (no review) in FFY 2023, will be required to complete and submit a CSBG organizational standards agency self-assessment as directed by the State CSBG Office. The State CSBG Office conducts its assessments according to the three CSBG monitoring principles: 1) mutual respect, 2) open communication

n, and 3) joint problem solving. The monitoring principles are defined in the National Association for State and Community Services Programs, CSBG Monitoring Standards.

6.4. Eligible Entity Exemptions: Will the state make exceptions in applying the organizational standards for certain eligible entities due to special circumstances or organizational characteristics (as described in IM 138)? Yes No

SECTION 7 State Use of Funds

Eligible Entity Allocation (90 Percent Funds) [Section 675C(a) of the CSBG Act]

7.1. Formula:

Select the method (formula) that best describes the current practice for allocating CSBG funds to eligible entities.

- Historic
- Base + Formula
- Formula Alone
- Formula with Variables
- Hold Harmless + Formula
- Other

7.1a. Formula Description: Describe the current practice for allocating CSBG funds to eligible entities.

Iowa uses a FORMULA + FLOOR method for allocating its CSBG allotment. The following are the procedures for allocating Iowa's CSBG allotment to Iowa's community action agencies: Step 1 (FORMULA) - 96% of Iowa's CSBG allotment is allocated to the agencies using state poverty-level population data. Iowa's poverty-level data (individuals at or below 125% of the U. S. Department of Health and Human Services Poverty Guidelines) from the U. S. Census Bureau's 2010 decennial survey is used to calculate each agency's percentage of the state's poverty-level population. Step 2 (FLOOR) - Iowa's CSBG minimum allocation level for agencies is \$160,000. Therefore, after the CSBG funds are allocated to the agencies (Step 1), the agencies with an allocation amount lower than \$160,000 are identified and their allocation is raised and set at \$160,000. Step 3 (SUBSIDIZING THE FLOOR) - 1) The amount of CSBG funds needed to raise the agencies to the FLOOR is calculated. This is the subsidy amount. 2) Agencies that had an increase in their percentage of the state's poverty-level population, calculated using data from the U. S. Census Bureau's 2000 and 2010 decennial surveys, subsidize the FLOOR. The subsidy share for each agency required to contribute to the subsidy is calculated and then their allocation is reduced by the amount of their subsidy share. The following are the four agencies that contribute to the subsidy and the percentage of the subsidy (share) they are responsible for: IMPACT Community Action Partnership (60% of the subsidy), Hawkeye Area Community Action Program (26%), Mid-Iowa Community Action (9%), and Community Action of Southeast Iowa (5%).

7.1b. Statute: Does a state statutory or regulatory authority specify the formula for allocating "not less than 90 percent" funds among eligible entities? Yes No

7.2. Planned Allocation:

Specify the percentage of your CSBG planned allocation that will be funded to eligible entities and "not less than of 90 percent funds" as described under Section 675C(a) of the CSBG Act.

In the table, provide the planned allocation for each eligible entity receiving funds for the fiscal year(s) covered by this plan.

7.4. Distribution Timeframe:
Does the state plan to make funds available to eligible entities no later than 30 calendar days after OCS distributes the federal award? Yes
 No

7.4a. Distribution Consistency: If no, describe state procedures to ensure funds are made available to eligible entities consistently and without interruption.

Note: Item 7.4 is associated with State Accountability Measure 2Sa and may prepopulate the state's annual report form.

7.5. Performance Management Adjustment:
Describe the state's strategy for improving grant and/or contract administration procedures under this State Plan as compared to past plans. Any improvements should be based on analysis of past performance, and should consider feedback from eligible entities, OCS, and other sources, such as the public hearing. If the state is not making any improvements, provide further detail.

Note: This information is associated with State Accountability Measure 2Sb and may prepopulate the state's annual report form.

On Iowa's 2021 American Customer Satisfaction Index (ACSI) Eligible Entities Satisfaction with the States Survey report, the State CSBG Office scored 98 for Distribution of Funds. Since 2015, the State CSBG Office's Distribution of Funds scores have been 95 or higher. ACSI scores of 80-89 are considered excellent, 90-100 exceptional. The following distribution of funds goal is in Iowa's FFY 2020-2021 CSBG State Plan and Application: DISTRIBUTION OF FUNDS - The State CSBG Office will make CSBG funds available to Iowa's community action agencies within 30 calendar days of receipt of a CSBG grant award notice from the U. S. Department of Health and Human Services, Administration for Children and Families. For FFY 2020, the State CSBG Office received six CSBG grant award notices. For five of the notices, the State CSBG Office made the CSBG funds available to Iowa's community action agencies within 30 calendar days of receipt of the notice. As of the date this State Plan was submitted, the State CSBG Office was meeting its FFY 2021 distribution of funds goal. Based on a review of the scores and results, the State CSBG Office is not making any changes to its procedures for distributing CSBG funds to the agencies.

Note: This response will link to the corresponding assurance, Item 14.2.

Instructional Note: The assurance under 676(b)(2) of the Act (Item 14.2 of this State Plan) specifically requires a description of how the state intends to use remainder/discretionary funds to "support innovative community and neighborhood-based initiatives related to the purposes of [the CSBG Act]." Include this description in Item 7.9f of the table below.

If a funded activity fits under more than one category in the table, allocate the funds among the categories. For example, if the state provides funds under a contract with the State Community Action association to provide training and technical assistance to eligible entities and to create a statewide data system, the funds for that contract should be allocated appropriately between Items 7.9a. - 7.9c. If allocation is not possible, the state may allocate the funds to the main category with which the activity is associated.

8.2. TAPs and QIPs: Does the state have Technical Assistance Plans (TAPs) or Quality Improvement Plans (QIPs) in place for all eligible entities with unmet organizational standards, if appropriate? Yes No

Note: This information is associated with State Accountability Measure 6Sb. QIPs are described in Section 678C(a)(4) of the CSBG Act. If the State, according to their corrective action procedures, does not plan to put a QIP in place for an eligible entity with one or more unmet organizational standards, the State should put a TAP in place to support the entity in meeting the standard(s).

8.2a. Address Unmet Organizational Standards: Describe the state's plan to provide T/TA to eligible entities to ensure they address unmet Organizational Standards. As of the date this State Plan was submitted, none of Iowa's community action agencies have a TAP or QIP in place for unmet CSBG organizational standards.

8.3. Training and Technical Assistance Organizations: Indicate the types of organizations through which the State Plans to provide training and/or technical assistance as described in item 8.1, and briefly describe their involvement. *[Check all that apply.]*

8.4. Performance Management Adjustment: Describe adjustments the state made to the training and technical assistance plan under this State Plan as compared to past plans. Note: This information is associated with State Accountability Measures 3Sd may pre-populate the state's annual report form

On Iowa's 2021 American Customer Satisfaction Index (ACSI) Eligible Entities Satisfaction with the States Survey report, the State CSBG Office scored 92 for Training and Technical Assistance. Within the Training and Technical Assistance category, the State CSBG Office scored a 98 for Responsiveness

of Staff, which was a national maximum. Since 2017, the State CSBG Office's Training and Technical Assistance scores have been 92 or higher. ACSI scores of 80-89 are considered excellent, 90-100 exceptional. Based on a review of the ACSI scores, the State CSBG Office is not making any changes to how it provides training and technical assistance (T/TA) to Iowa's community action agencies. The State CSBG Office will continue its practices of providing timely CSBG guidance and administrative assistance to the agencies, will continue to collaborate with the Iowa Community Action Association (ICAA) in planning and delivering T/TA to the agencies, and will provide financial support and resources for the ICAA Annual Training Conference. Since Iowa's CSBG Program does not have remainder/discretionary funds, the State CSBG Office will budget a portion of its FFY 2022 and FFY 2023 state administration funds to support the FFY 2022 and FFY 2023 ICAA Annual Training Conferences (see Section 8 (8.1)).

9.2. State Linkages and Coordination at the Local Level:

Describe the linkages and coordination at the local level that the state intends to create or maintain with governmental and other social services, especially antipoverty programs, to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services, (and as required by assurances under Sections 676(b)(5) - (6))

Note: This response will link to the corresponding CSBG assurances, items 14.5 and 14.6., and pre-populates the Annual Report, Module 1, Item G.2.

The State CSBG Office collaborates and coordinates efforts with public and private organizations. In addition to the State CSBG Office's state level partnerships, the Administrator of the State CSBG Office and/or his staff serve on the following committees and/or partner with the following organizations and groups that represent and make decisions that affect low-income individuals, families, and communities: Family Development and Self-Sufficiency Council, Iowa Family Development Alliance, Iowa Council on Homelessness, Early Childhood Iowa, Iowa Coalition Against Domestic Violence, Prevent Child Abuse Iowa, Iowa Legal Aid, Federal Home Visitation Advisory Committee (MIECHV), National Resource Center for Family Centered Practices (University of Iowa), Iowa Community Action Association, Iowa Community Action Association Conference Training Committee, Iowa Weatherization Assistance Coordinators, Iowa Directors of Energy Assistance, Iowa ROMA Subgroup, and Region VII Regional Performance Innovation Consortia (RPIC). The State CSBG Office's involvement in and connections to these committees and groups results in increased coordination of programs, services, and initiatives, and assures that decisions affecting Iowa's low-income population are considered.

9.3. Eligible Entity Linkages and Coordination

9.3a. State Assurance of Eligible Entity Linkages and Coordination:

Describe how the state will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)).

Note: This response will link to the corresponding CSBG assurance, item 14.5. and pre-populates the Annual Report, Module 1, Item G.3a.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency will assure coordination with governmental and other social services organizations that provide employment and training services to ensure that the employment services are delivered affectively and without duplication, and how their agency will coordinate with their local WIOA partners. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance. All agencies have processes in place for establishing linkages between governmental and other social services organizations in order to better coordinate the effective delivery of services to low-income individuals and families and to avoid the duplication of services. Although agencies report different processes for establishing linkages, all agencies participate in community meetings, planning coalitions, and network with state and local service providers. Through these efforts, agencies are able to establish formal and informal agreements and coordinate information with governmental and social services organizations. These coordination efforts help the agencies avoid the unnecessary duplication of programs, services, and community initiatives. In FFY 2020, Iowa's agencies reported actively working

with 5,935 public and private organizations to expand resources and opportunities in order to achieve family and community outcomes. The State CSBG Office's CSBG program operations reviews and CSBG organizational standards assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each of those partnerships.

9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps:

Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.3b., and pre-populates the Annual Report, Module 1, Item G.3b.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to describe how their agency will coordinate with other organizations to ensure low-income individuals and families receive the necessary and appropriate assistance they are seeking, including information about their agency's information and referral processes. All agencies have processes in place for developing, creating, and maintaining partnerships and linkages that are essential for addressing service gaps and ensuring service duplication is avoided. Although agencies report different processes for developing partnerships, all agencies participate in community meetings, planning coalitions, and network with state and local service providers. Through these meetings and networking, agencies gather information regarding other community services available and develop contacts in their communities. These processes ensure that agency clients receive current information and referrals regarding community services. The State CSBG Office's CSBG program operations reviews and CSBG organizational standards assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each of those partnerships.

9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:

Does the state intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)? Yes No

Note: This response will link to the corresponding CSBG assurance, item 14.5.

9.4a. WIOA Combined Plan: If the state selected "yes" under item 9.4, provide the CSBG-specific information included in the state's WIOA Combined Plan. This information includes a description of how the state and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

9.4b. Employment and Training Activities: If the state selected "no" under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the state and by eligible entities providing activities through the WIOA system.

Iowa's Department of Workforce Development is the lead agency for planning and implementation of the Unified Plan for WIOA. The Iowa Department of Human Rights (IDHR) and its Division of Community Action Agencies (DCAA) are involved in the following WIOA activities: The IDHR's Division of Community Advocacy and Services and its Client Assistance Program (CAP) work extensively with WIOA rules and regulations and their impact on individuals with disabilities, with an emphasis on youth with disabilities seeking and obtaining gainful, competitive, integrated employment. CAP is authorized to monitor implementation and compliance of policy regulated by WIOA affecting Iowa Vocational Rehabilitation Services, Iowa Department for the Blind, Iowa's six Centers for Independent Living, and Community Rehabilitation Programs that receive funding under the Rehabilitation Act. CAP also represents the IDHR as a member of the State Rehabilitation Council as well as in partnership and collaboration with a variety of state, local and private sector partners. In Iowa, the community action agencies coordinate employment and training activities with their local IowaWorks Centers and IWD's PROMISE JOBS program (Promoting Independence and Self-Sufficiency through Employment). PROMISE JOBS is Iowa's welfare reform employment program designed to assist Iowa's Family Investment Program (FIP) recipients to become self-sufficient. These coordinated partnerships help provide equal access to employment and training opportunities to low-income individuals and families. Some of the opportunities available to a agency clients through these coordination efforts include: job placement and recruitment, job loss assistance, training assistance, personal development, and employment related supports.

9.5. Emergency Energy Crisis Intervention:

Describe how the state will assure, where appropriate, that emergency energy crisis intervention programs under Title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the state, as required by the assurance under Section 676(b)(6) of the CSBG Act.

Note: This response will link to the corresponding CSBG assurance, item 14.6.

The Administrator of the State CSBG Office also administers the State Low-Income Home Energy Assistance Program (LIHEAP) Office. The State LIHEAP Office administers LIHEAP by contracting with Iowa's 16 community action agencies. Iowa's LIHEAP is a statewide program that assists qualifying low-income households in the payment of a portion of their winter heating costs and encourages energy conservation through client education and weatherization. A component of Iowa's LIHEAP is the Emergency Crisis Intervention Program (ECIP). ECIP provides immediate assistance to households to alleviate life-threatening situations. ECIP payments are made for repair or replacement of a furnace or heating system, obtaining temporary shelter, emergency fuel deliveries, purchasing or repairing air conditioning equipment when medically necessary, purchasing blankets and/or heaters, purchasing fans, and transporting clients to cooling centers during times of extreme heat. All agencies receive an annual LIHEAP monitoring review and evaluation to ensure compliance with LIHEAP regulations. The State LIHEAP Office Program Manager and Program Planner conduct the reviews. A number of agencies also receive emergency energy crisis intervention funds through General Relief, United Way, Salvation Army, County Relief, Embrace Iowa, Emergency Solutions Grants Program, Emergency Food and Shelter National Board Program, churches, ministerial associations, local utilities, and customer contribution funds. These funds are used for emergency payment arrangements with local utilities, emergency fuel deliveries, and reconnection services.

9.6. Faith-based Organizations, Charitable Groups, Community Organizations:

Describe how the state will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the state's assurance under Section 676(b)(9) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.9.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency will assure coordination and partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations that serve low-income individuals and families. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance. All agencies have processes in place for developing partnerships and coordinating programs and services. Although agencies report different processes, all agencies participate in community meetings, planning coalitions, and network with state and local service providers. Through these meetings, coalitions, and networking, agencies share and receive information regarding services and resources for low-income individuals and families, and develop partnerships and coordinate with other anti-poverty organizations in their communities. These partnerships help ensure their clients will receive current information and referrals regarding available services and assistance. In FFY 2020, Iowa's agencies reported actively working with 5,935 public and private organizations to expand resources and opportunities in order to achieve family and community outcomes. Of those organizations, 1,141 were no-profit organizations and 752 were faith-based organizations. The State CSBG Office's CSBG program operations reviews and CSBG organizational standards assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each of those partnerships.

9.7. Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:
Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

Note: this response will link to the corresponding assurance, item 14.3c.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to describe how their agency coordinates their CSBG funds or CSBG funded resources (i.e. office space, equipment, supplies, staff time) with public resources (i.e. city and county governments) and with private resources (i.e. foundations, corporations, non-profit organizations). All agencies receive public and private funding, in-kind goods and services, and donations. In FFY 2020, agencies reported receiving over \$237 million in federal, state, public, and private resources. Of the \$237 million in resources, the following was leveraged from public and private entities: leveraged public (local) funding (\$2,207,173), value of in-kind goods/services received from local government (\$1,720,399), leveraged private funding (\$16,124,692), value of donated items (\$17,275,290), value of in-kind services received from businesses (\$6,978,150), and TOTAL public (local) and private resources leveraged (\$44,305,704). Most agencies will use their public and private resources and CSBG funding to support their outreach services and outreach operation costs. Some outreach services supported by these funds and resources include: emergency food assistance, disaster and crisis assistance, utility assistance, rent assistance, case management services, prescription drugs, school supplies, household items, and clothing. Agencies will also coordinate their public and private resources and CSBG funding to support, enhance, or expand agency programs, services, and initiatives, and to meet matching or cost sharing requirements in order to leverage additional federal and state funding.

9.8. Coordination among Eligible Entities and State Community Action Association:
Describe state activities for supporting coordination among the eligible entities and the state community action association.

Region VII Regional Performance Innovation Consortia (RPIC) - The Administrator of the State CSBG Office and ICAA staff serve on the Region VII RPIC. The Region VII RPIC provides training and technical assistance, coordinates state, regional and national efforts, and disseminates information on CSBG Organizational Standards, Results-Oriented Management and Accountability (ROMA), and Evidence-Based/Evidence-Informed Service Strategies. Needs Assessment Committee - The committee consists of 7 members (both State CSBG Office Program Managers, the ICAA Training Director, and 4 agency staff). The committee is responsible for designing client and community surveys, developing instructions and guidance for administering the surveys, and creating statewide reports using the survey results. Integrated Information for Iowa (I/3) is the State of Iowa's Enterprise Resource Planning system. I/3 supports Iowa's financial processes such as accounts payable, accounts receivable, procurement, general accounting, fixed assets, budget preparation, and applicant tracking. The I/3 system requires at least two I/3 authorized individuals to approve each expenditure (claim for payment) that is entered into the system. The I/3 system allows authorized individuals to download information into I/3's Data Warehouse software program. From the I/3 Data Warehouse, Iowa Department of Human Rights (IDHR), Central Administration accountants are able to query reports for financial information which enables the accountants to complete monthly revenue and expenditure reports in electronic spreadsheets (IDHR Report of Expenditures) with varying degrees of needed detail. The I/3 Data Warehouse allows the accountants to complete the SF-425 federal fiscal reports accurately and timely. The IDHR, Central Administration adheres to the State of Iowa's payment policies and procedures in the State Accounting Policy and Procedures Manual, the State of Iowa's purchasing rules and guidelines, and uses the Office of Management and Budget, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for guidance on allowable and unallowable costs. Annually, Iowa's community action agencies receive a CSBG fiscal monitoring review and evaluation to determine financial management stability and compliance with CSBG regulations, contracts, procedures, and other requirements established by the State of Iowa and the State CSBG Office. The reviews include an examination and review of financial transactions, time sheets, management level compensation, interest earned documentation, indirect cost rate and cost allocation applications, and monthly funding requests and advances.

10.12. Single Audit Management Decisions:

Describe state procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521.

The auditing firm is required to submit a completed audit to the agency. The agency is required to provide that audit to the IDHR, Central Administration, as directed in the agency's CSBG contract. The IDHR, Central Administration reviews all agency annual audits. Once the IDHR, Central Administration receives an agency audit, IDHR accountants will: document the receipt of the audit, review all findings and questioned costs in the audit (if applicable), review the expenditures reported in the audit, and issue a response letter to the agency within 180 calendar days of receipt of the audit. The response letter will notify the agency if the provisions in their IDHR contracts have been met and generally accepted accounting principles followed. Any audit issues or findings related to the agency's IDHR contracts will be communicated in the response letter along with the necessary corrective action requirements. The Office of Auditor of State reviews IDHR, Central Administration's audit review procedures annually. The Office of Auditor of State also audits the IDHR annually for compliance with the requirements of laws, regulations, contracts, and grant applications. The audit of compliance is conducted in accordance with U. S. Generally Accepted Auditing Principles, the standards applicable to financial audits contained in Government Auditing Standards as issued by the Comptroller General of the United States, and the Office of Management and Budget, Uniform Administrative Requirements, Cost Principles, and Audit Requirements.

10.13. Assurance on Federal Investigations:

Iowa's community action agencies, as part of their annual CSBG Community Action Plan and Application, certify that their agency has procedures in place that meet the requirements in Section 676(b)(10) of the CSBG Act. The State CSBG Office also has CSBG contract requirements and written policies specific to this CSBG Act assurance. The requested mechanism must assure decision making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs funded under the CSBG Act. The requested mechanism must also meet the requirements in the Iowa Code (Chapter 216A.94). Public agencies interested in using another governing board mechanism must contact the State CSBG Office for request and submittal instructions. Public agencies are not allowed to implement and use a mechanism that has not been approved (in writing) by the State CSBG Office. As of October 1, 2020, all of Iowa's community action agencies are private nonprofit organizations.

12.1a. Income Eligibility Policy and Procedures: Describe any state policy and/or procedures for income eligibility, such as treatment of income and family/household composition.	
<p>The following policies are included in Iowa's CSBG policies and procedure manual: CLIENT INCOME VERIFICATION AND ELIGIBILITY - Iowa's community action agencies are required to use 125% of the current U. S. Department of Health and Human Services (HHS) Poverty Guidelines as the ceiling for determining a client's eligibility for CSBG funded services or benefits. Agencies providing CSBG funded services or benefits to clients are required to verify the client's income. Agencies must use Iowa's Low-Income Home Energy Assistance Program (LIHEAP) procedures for verifying the income (see the State of Iowa-LIHEAP Procedures Manual). Once the income has been verified, the agency must use the current HHS Poverty Guidelines for determining the client's eligibility for the CSBG services or benefits. INCOME ELIGIBILITY FOR GENERAL/SHORT TERM SERVICES - For emergency and non-emergency general/short term CSBG funded services or benefits, agencies can use proxy income verification procedures (obtaining a client's income verification through another agency program) or self-declaration of income procedures to verify a client's income. Once the income has been verified, the agency must use the current HHS Poverty Guidelines for determining the client's eligibility for the CSBG services or benefits. INCOME ELIGIBILITY FOR FAMILIES WITH FOSTER CHILDREN OR YOUTH THAT ARE WARDS OF THE COURT - The public funds for the child's or youth's support should not be used when verifying the family's income for CSBG funded services or benefits. Once the income has been verified, the agencies must use the current HHS Poverty Guidelines for determining the family's eligibility for the CSBG services or benefits. POVERTY LINE - Iowa's CSBG State Plan and Application (Section 12: Individual and Community Income Eligibility Requirements) establishes the poverty line for Iowa's CSBG program.</p>	
12.2. Income Eligibility for General/Short-Term Services: Describe how the state ensures eligible entities generally verify income eligibility for those services with limited in-take procedures (where individual income verification is not possible or practical). An example of these services is emergency food assistance.	
<p>The following policy is included in Iowa's CSBG policies and procedure manual: INCOME ELIGIBILITY FOR GENERAL/SHORT TERM SERVICES - For emergency and non-emergency general/short term CSBG funded services or benefits, Iowa community action agencies can use proxy income verification procedures (obtaining a client's income verification through another agency program) or self-declaration of income procedures to verify a client's income. Once the income has been verified, the agency must use the current U. S. Department of Health and Human Services (HHS) Poverty Guidelines for determining the client's eligibility for the agency's CSBG services or benefits. As part of their CSBG Community Action Plan and Application, agencies are required to explain how their agency verifies client income and determines client eligibility for emergency and non-emergency general/short term agency CSBG funded services and benefits. As part of the State CSBG Office CSBG program operations reviews, the State CSBG Office inspects a sample of the agency's emergency and non-emergency general/short term services client income verification and eligibility documentation from the last three years. The inspection confirms whether or not the agency is verifying client income and determining client eligibility as specified in their CSBG application, and is using Iowa's CSBG required income eligibility threshold as the ceiling for determining income eligibility for clients receiving agency CSBG funded emergency and non-emergency general/short term services or benefits.</p>	
12.3. Community-targeted Services: Describe how the state ensures eligible entities' services target and benefit low-income communities for services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations).	
<p>The following policy is included in Iowa's CSBG policies and procedure manual: COMMUNITY-TARGETED SERVICES - Iowa community action agency CSBG supported community-targeted services must benefit low-income communities. The agency is responsible for having supporting information available for the State CSBG Office to inspect. As part of their CSBG Community Action Plan and Application, agencies are required to explain how their agency ensures the community-targeted services their agency uses CSBG funds to support targets and benefits low-income communities. As part of the State CSBG Office's CSBG program operations reviews, the State CSBG Office inspects the agency's community-targeted services documentation from the last three years to confirm the purpose of the services the agency supported with CSBG funds benefitted low-income communities.</p>	

Section 13: Results Oriented Management and Accountability (ROMA) System

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES Administration for Children and Families Community Services Block Grant (CSBG)	Form Approved OMB No: 0970-0382 Expires:06/30/2021
SECTION 13 Results Oriented Management and Accountability (ROMA) System	

13.1. Performance Management System:
 Identify the performance measurement system that the state and all eligible entities use, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act.

Note: This response will also link to the corresponding assurance, Item 14.12. and will pre-populate the Annual Report, Module I, Item I.1.

- The Results Oriented Management and Accountability (ROMA) System
- Another performance management system that meets the requirements by Section 678E(b) of the CSBG Act
- An alternative system for measuring performance and results

13.1a. ROMA Description: If ROMA was chosen in Item 13.1, describe the state's written policies, procedures, or guidance documents on ROMA.

The model ROMA performance measurement system that the Office of Community Services facilitated the development of is the Community Action National Performance Indicators (NPIs). Iowa's CSBG Program adopted and uses the Community Action NPIs for community action data collection and reporting. The Community Action NPIs measure the impact Iowa's community action programs, services, and initiatives have on individuals, families, and communities, and measure progress towards achieving the three national Community Action goals: 1. Individuals and families with low incomes are stable and achieve economic security. 2. Communities where people with low incomes live are healthy and offer economic opportunity. 3. People with low incomes are engaged and active in building opportunities in communities. Iowa's CSBG policies and procedures manual includes written policies, procedures, and Iowa community action agency participation requirements on implementing the ROMA performance measurement system. Also, Iowa's CSBG Community Action Plan and Application includes requirements for Community Action NPI collection and reporting. Iowa's CSBG policies and procedures manual also includes ROMA concept policies. These policies require agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG application and agency-wide strategic plan. This ensures that each agency's CSBG application and strategic plan will be outcome-based, anti-poverty focused, and tie directly to community needs assessments. The State CSBG Office also includes ROMA participation requirements in the CSBG contracts it issues to the agencies.

13.1b. Alternative System Description: If an alternative system was chosen in Item 13.1, describe the system the state will use for performance measurement.

13.2. Outcome Measures: Indicate and describe the outcome measures the state will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act.

Note: This response will also link to the corresponding assurance, Item 14.12.

- CSBG National Performance Indicators (NPIs)
- NPIs and others
- Others

The model ROMA performance measurement system that the Office of Community Services facilitated the development of is the Community Action National Performance Indicators (NPIs). The Community Action NPIs measure the impact Community Action programs, services, and initiatives have on individuals, families, and communities, and measure progress towards achieving the following three national Community Action goals: 1. Individuals and families with low incomes are stable and achieve economic security. 2. Communities where people with low incomes live are healthy and offer economic opportunity. 3. People with low incomes are engaged and active in building opportunities in communities. Iowa's CSBG program has adopted and uses the Community Action NPIs for collecting and reporting community action agency outcomes, and for measuring agency performance.

13.3. Eligible Entity Support: Describe how the state supports the eligible entities in using the ROMA or alternative performance measurement system.

Note: The activities described under Item 13.3 may include activities listed in "Section 8: State Training and Technical Assistance." If so, mention briefly, and/or cross-reference as needed. This response will also link to the corresponding assurance, item 14.12.

Iowa law (2021 Iowa Acts, House File 895) addresses and provides the requirements for how Iowa's FFY 2022 and FFY 2023 CSBG allotments are to be distributed and allocated by the State CSBG Office. The Iowa law does not distribute or allocate CSBG funds to the State CSBG Office for remainder/discretionary activities. Although the State CSBG Office does not receive CSBG funding for remainder/discretionary activities, the State CSBG Office still collaborates with and provides supports to Iowa's community action agencies in using the ROMA performance measurement system. The following is a list of the State CSBG Office's ROMA supports and activities: Iowa's CSBG Community Action Plan and Application - Iowa's CSBG application requires agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program. The CSBG application ensures that each agency's CSBG program will be outcome-based, anti-poverty focused, and tie directly to community needs assessments. ROMA Subgroup Meetings - The State CSBG Office Program Managers attend all of the agencies' ROMA Subgroup meetings. The subgroup meets at least five (5) times a year. The subgroup is made up of agency staff that have ROMA and CSBG roles and responsibilities at their agencies. The CSBG Program Managers are on all meeting agendas and provide federal and state CSBG and Community Action updates and information. Iowa Community Action Association (ICAA) Annual Training Conference - The State CSBG Office Program Managers are members of ICAA's conference planning committee. The State CSBG Office provides funding and resources for conference training needs, workshop speakers, and recognition awards. The conference offers ROMA training and information workshops. State Training and Technical Assistance (T&TA) Plan - The State CSBG Office Program Managers collaborate with ICAA on the planning and development of the state's comprehensive T&TA Plan. The T&TA Plan includes ROMA training opportunities for the agencies. Iowa Community Action Agency Trainings - The State CSBG Office Program Managers work with ICAA on identifying agency training needs and assisting ICAA on developing, organizing, and scheduling agency trainings. ICAA provides onsite, on-line, and on-demand ROMA training for agency staff and governing board members. The ICAA Training Director is a Master ROMA-Certified Trainer. Nationally Certified ROMA Trainer and Implementer Candidates - The State CSBG Office supports, and will continue to support, agency staff that plan to apply to the R

OMA-Certified Trainer or ROMA-Certified Implementer training programs. Agency Client Tracking Systems - The State CSBG Office and ICAA work with the agencies' client tracking system vendors to ensure the systems track, collect, and report individual, family, and community level data, information, and outcomes. Needs Assessment Committee - The Needs Assessment Committee consists of seven members (the State CSBG Office Program Managers, the ICAA Training Director, and 4 agency CSBG staff). The committee is responsible for designing client and community surveys, developing instructions and guidance for administering the surveys, and creating statewide reports. Information from the reports can be used by the agencies for planning, developing, and prioritizing agency programs, services, and community initiatives. State CSBG Office's Website - The State CSBG Office's website includes a community assessment resources section. Agencies can access and use the information on the website for planning and developing a comprehensive community assessment.

13.4. Eligible Entity Use of Data:

Describe how the state plans to validate that the eligible entities are using data to improve service delivery.

Note: This response will also link to the corresponding assurance, Item 14.12.

Annually, Iowa's community action agencies are required to complete and submit a CSBG Community Action Plan and Application to the State CSBG Office. The CSBG application requires agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program. This ensures their agency's CSBG program will be outcome-based, anti-poverty focused, and tie directly to community needs assessments. The CSBG application's evaluation section requires agencies to 1) report the final outcomes of their agency's individual and family programs and services, and community initiatives using the ROMA performance measurement system: Community Action NPIs, 2) review the final outcomes to determine the impact their agency's programs, services, and initiatives had on individuals, families, and communities, and 3) explain how they will use their final outcomes review to adjust their agency's individual and family programs and services, and community initiatives. The State CSBG Office reviews each agency's Community Action NPIs throughout the CSBG program year and provides feedback. The State CSBG Office also inspects and discusses the Community Action NPIs with the agency during their CSBG program operations review. The State CSBG Office's CSBG organizational standards assessments include confirming that agencies are updating their governing board on the progress and outcomes in their CSBG application (CSBG Organizational Standard 4.4) and their agency's strategic plan goals (CSBG Organizational Standard 6.5). Also, the State CSBG Office reviews and confirms agency operational or strategic program adjustments and improvements to their CSBG application or their agency's strategic plan goals as a result of the agency's progress and outcomes reports (CSBG Organizational Standard 9.3) Annually, agencies are required to provide information about changes they made to improve service delivery and enhance impact for individuals, families, and communities with low incomes based on their agency's review and analysis of performance data and information. The State CSBG Office reviews the information the agency provides. The State CSBG Office also discusses the information with the agency during their CSBG program operations review.

Community Action Plans and Needs Assessments

13.5. Community Action Plan: Describe how the state will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, Item 14.11.

Annually, Iowa's community action agencies are required to complete and submit an agency CSBG Community Action Plan and Application to the State CSBG Office. Agency CSBG application requirements and State CSBG Office application review and acceptance requirements are addressed in the Iowa Administrative Code (427-22.5 and 427-22.6), Iowa's CSBG policies and procedures manual, and in the CSBG application instructions. An agency's CSBG application must be accepted by the State CSBG Office before a CSBG contract will be issued to the agency. No CSBG costs incurred are reimbursable until the agency receives a CSBG contract that is signed by the Administrator of the State CSBG Office.

13.6. Community Needs Assessment:

Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.

Note: this response will link to the corresponding assurance, Item 14.11.

Annually, Iowa's community action agencies are required to complete and submit a CSBG Community Action Plan and Application to the State CSBG Office. The CSBG application instructions and forms require agencies to follow the ROMA cycle of assessment, planning, implementation, achievement of results, and evaluation for planning and administering their CSBG program. This ensures their agency's CSBG program will be outcome-based, anti-poverty focused, and tie directly to community needs assessments. The CSBG application's assessment section requires agencies to use their community needs assessment report when planning and determining the individual and family programs and services their agency will implement, and the community initiatives their agency will implement and be involved in during the CSBG program year. Agencies must include a copy of their community needs assessment report, or the executive summary from the report, with their CSBG application.

(B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency will assure their CSBG funds and/or CSBG funded resources (i.e. office space, equipment, supplies, staff time) are used to address youth needs through youth development programs, and programs and services with youth components. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance. All agencies support, collaborate, and make client referrals to youth programs in their communities. Some of the youth programs and services agencies are involved with include: teen pregnancy education, youth employment, mentoring, after school programs, job training, park and recreation activities, education and reading programs, education scholarships, anti-bullying programs, drug and alcohol programs, abstinence education, suicide prevention, and volunteering. A number of agencies administer programs that include youth components, such as, the Family Development and Self-Sufficiency program; Women, Infants, and Children (WIC); and Stork's Nest. These programs provide health, nutrition, counseling, education, and/or protection services for youth and teenaged parents.

Coordination of Other Programs

14.1c. 676(b)(1)(C) Describe how the state will assure "that funds made available through grant or allotment will be used -

(C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency will assure

e their CSBG funds and/or CSBG funded resources (i.e. office space, equipment, supplies, staff time) are used to support or coordinate with other programs and services that are designed to assist low-income individuals and families. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance. All agencies refer their clients to other public and private anti-poverty organizations that provide programs and services for low-income Iowans. These referrals expand the resources and assistance opportunities for the clients and their families. The State CSBG Office's CSBG program operations reviews and CSBG organizational standards assessments include a review of the agency's partnerships with public and private anti-poverty organizations.

State Use of Discretionary Funds

14.2 676(b)(2) Describe "how the state intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the state will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle."

Note: The State describes this assurance under "State Use of Funds: Remainder/Discretionary," items 7.9 and 7.10

Eligible Entity Service Delivery, Coordination, and Innovation

14.3. 676(b)(3) "Based on information provided by eligible entities in the state, a description of..."

14.3a. 676(b)(3)(A) Describe "the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;"

Annually, ninety-six percent (96%) of Iowa's CSBG allotment is distributed to Iowa's community action agencies. All 99 counties in Iowa will receive CSBG funded programs and services through these agencies. The agencies are required to use their CSBG allocation for efforts to reduce poverty, revitalize low-income communities, and empower low-income individuals and families. Agencies, as part of their CSBG Community Action Plan and Application, are required to describe their agency's service delivery system. The description must include: their agency's service delivery system for providing programs and services to low-income individuals and families; information about their agency's service area, office locations, accessibility, and intake processes; how their agency will provide or coordinate services for low-income individuals and families that need services and assistance during their agency's non-business hours; how their agency will provide or coordinate services for low-income individuals and families that are unable to come to their offices for services or assistance (e.g., home visits, phone calls); and how their agency will provide or coordinate services for low-income individuals with disabilities or special needs (e.g., a physical disability, deafness, blindness, limited English proficiency, low literacy). All agencies have outreach site office systems in place for serving individuals and families. The outreach staff are trained to provide case management and assessment services. These services ensure that the individuals and families will be enrolled and/or referred to appropriate assistance programs and services. Outreach staff also provide follow-up case management and assessment services as needed. For individuals that are homebound or are unable to visit an agency for programs and services, agencies provide assistance by phone, mail, electronic communications, and/or home visits. Some agencies have special outreach services hours in the mornings or evenings to serve working individuals and those who are unable to visit the agency during normal business hours.

Eligible Entity Linkages - Approach to Filling Service Gaps

14.3b. 676(b)(3)(B) Describe "how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and followup consultations."

Note: The state describes this assurance in the state linkages and communication section, item 9.3b.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to describe how their agency will coordinate with other organizations to ensure low-income individuals and families receive the necessary and appropriate assistance they are seeking, including information about their agency's information and referral processes. All agencies have processes in place for developing, creating, and maintaining partnerships and linkages that are essential for addressing service gaps and ensuring service duplication is avoided. Although agencies report different processes for developing partnerships, all agencies participate in community meetings, planning coalitions, and network with state and local service providers. Through these meetings and networking, agencies gather information regarding other community services available and develop contacts in their communities. These processes ensure that agency clients receive current information and referrals regarding community services. The State CSBG Office's CSBG program operations reviews and CSBG organizational standards assessments (CSBG Organizational Standard 2.1) include verifying the agency's community-wide partnerships and the purpose for each of those partnerships.

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

S

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources."

Note: The state describes this assurance in the state linkages and communication section, item 9.7.

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to describe how their agency coordinates their CSBG funds or CSBG funded resources (i.e. office space, equipment, supplies, staff time) with public resources (i.e. city and county government) and with private resources (i.e. foundations, corporations, non-profit organizations). All agencies receive public and private funding, in-kind goods and services, and donations. In FFY 2020, agencies reported receiving over \$237 million in federal, state, public, and private resources. Of the \$237 million in resources, the following was leveraged from public and private entities: leveraged public (local) funding (\$2,207,173), value of in-kind goods/services received from local government (\$1,720,399), leveraged private funding (\$16,124,692), value of donated items (\$17,275,290), value of in-kind services received from businesses (\$6,978,150), and TOTAL public (local) and private resources leveraged (\$44,305,704). Most agencies will use their public and private resources and CSBG funding to support their outreach services and outreach operation costs. Some outreach services supported by these funds and resources include: emergency food assistance, disaster and crisis assistance, utility assistance, rent assistance, case management services, prescription drugs, school supplies, household items, and clothing. Agencies will also coordinate their public and private resources and CSBG funding to support, enhance, or expand agency programs, services, and initiatives, and to meet matching or cost sharing requirements in order to leverage additional federal and state funding.

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

14.3d. 676(b)(3)(D) Describe "how the local entity will use the funds [made available under Section 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting."

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may

y also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to describe how their agency will use their CSBG funds or CSBG funded resources (i.e. office space, equipment, supplies, staff time) to support community and neighborhood initiatives that are designed to revitalize low-income communities, and to support fatherhood initiatives and initiatives that have goals of strengthening families and encouraging parental responsibility. All agencies use their CSBG funds or CSBG funded resources to support community and neighborhood initiatives and strategies. Some of the community initiatives and strategies agencies are involved with include: health clinics, dental clinics, mental health centers, substance abuse programs, immigration services, flood recovery, low-income housing projects, neighborhood clean-ups, after school care programs, community centers, and building renovations. Agencies also use their CSBG funds or CSBG funded resources to support a number of family and effective parenting initiatives. These initiatives are mostly components of the programs and services they administer, such as, the Family Development and Self-Sufficiency program; Head Start and Early Head Start programs; Women, Infants, and Children (WIC); Maternal Health; and Child Health. The fatherhood initiatives included in these programs and services encourage fathers to participate in meetings, activities, and literacy events that focus on family relationships and parenting skills. All agencies report supporting, collaborating, and partnering with programs and services in their communities that focus on strengthening families and encouraging effective parenting.

Eligible Entity Emergency Food and Nutrition Services

Iowa's community action agencies, as part of their CSBG Community Action Plan and Application, are required to explain how their agency will assure food will be provided in emergency situations to low-income individuals and families that are seeking immediate food assistance. Agencies are also required to sign a certification statement acknowledging that their agency understands and agrees to this CSBG assurance. All agencies operate their own food pantries and/or partner with existing pantries in their service area, and provide food or food vouchers for emergency purposes. In most emergency situations, agencies provide households with a 3 to 7 day supply of nutritious food. Households with transportation problems are referred to other food providers or delivered a food package. Once a household's emergency food needs are met, agencies will assess and provide case management services to the household and enroll them or refer them to appropriate food assistance and other necessary programs and services. Agencies also administer a number of programs and services that address the conditions of starvation and malnutrition. Programs and services, such as, the Child and Adult Care Food Program; Women, Infants, and Children (WIC); farmers' markets; holiday food projects and baskets; garden and canning programs; surplus foods; nutritional counseling and education services; and congregate and senior meals. Fourteen agencies administer the Head Start and/or the Early Head Start programs. Children participating in these programs receive nutritious meals during the day. Since FFY 2005, the agencies have partnered with the Iowa Department of Human Services to provide outreach and enrollment support for Iowa's Food Assistance program (SNAP). This effort has assisted in leveraging thousands of dollars in additional Food Assistance program funds for Iowa's low-income individuals and families.

15.2. CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1986: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645 (a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For grantees other than individuals, Alternate I applies.

4. For grantees who are individuals, Alternate II applies.

If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or state highway department while in operation, state employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
