Policies and procedures for detecting and preventing fraud, waste, and abuse include:

Internal:

- ◆ Monthly internal audits of individual case records to assure that Medicaid funded services have been provided and only Medicaid eligible services have been claimed.
- ◆ Billing claims submitted are independently reviewed for accuracy and correctness and approved through the supervisory structure. The claims process is structured so that no one person has the authority to prepare and submit a Medicaid billing claim.

External:

- ◆ Annual audits by the State of Iowa Auditor's Office to ensure that each facility:
 - Employs generally accepted accounting practices,
 - Employs an adequate system of checks and balances to reduce or eliminate opportunities for fraud, and
 - Appropriately calculates rates that are used to bill Medicaid or other guarantors.
- ◆ Financial reviews, audits or investigations by the Department of Inspection and Appeals, Division of Investigations, immediately upon report of suspected fraud, waste, or abuse or at any time at the discretion of the Department.
