#### **Income Eligibility Results**

Unearned Income Total	\$ (from chart)
Earned Income Total	\$ (from chart)
Total Countable Income	\$

Cost of Care: \$ {worker entered}

(maximum of \$480.55 for one person or \$961.10 for a couple when both are applying for or receiving IHHRC)

Financially eligible for IHHRC: YES/NO

By comparing Total Countable Income vs. Cost of Care
If Total Countable Income is less than the Cost of Care, YES to financially eligible
If Total Countable Income is more than Cost of Care, NO to financially eligible

This worksheet can be used for applications and ongoing cases. If the individual is financially eligible for IHHRC, enter the results on the LTC/State Supp page in ELIAS and continue with the eligibility determination process. If the individual is not financially eligible for IHHRC, make appropriate entries in ELIAS to deny or discontinue eligibility.

## Entries in ELIAS:
