When are premium payments due?

A billing statement will be sent to you that lists the months for which you have been approved and for which a premium is due. Generally, premiums should be paid by the last day of the month for the next month's coverage.

IMPORTANT: When you are first approved, the bill may be for more than one month and the premium amount or due dates may vary. **Please read the billing statement carefully.**

What happens when I do not pay the premiums?

If you do not pay the premium by the due date, your MEPD will be canceled. You may have to file a new application to get MEPD again.

If you make a late payment:

- ◆ MEPD can be reinstated if your ongoing month's payment is received by the last working day of the month it is due.
- ◆ MEPD coverage can be reopened if the payment is late but is received in the month after the month it is due.
