Confirmation of Coverage
Confirmation of Coverage Letters are sent to members who change their Health or Dental Plan from their initial assignment.

Health or Dental Plan Informed
The Medicaid system sends enrollment information to the Health and Dental Plans at month-end, for enrollment effective on the first of the upcoming month. This occurs approximately 2-5 days before the beginning of the month, allowing the Health or Dental Plan time to prepare and mail member ID cards.

Health and Dental Plans have access to upcoming tentative assignments and choice prior to receiving the enrollment file.

Providers Informed
The Medicaid system feeds into the Eligibility Verification System (ELVS) line and online portal. Providers have access to ELVS which is updated on the first of the month to reflect eligibility for that month.

Health or Dental Plan Outreach
The member's Health or Dental Plan begins sending outreach materials and the Health or Dental Plan member ID card within seven days of receipt of enrollment information.

Coverage Begins
Coverage is effective the first of each month.

The effective date is determined by the Health or Dental Plan choice date cut-off.
