## **Directory of Facilities Treating Viral Hepatitis Patients**

This is not an exhaustive list of facilities that provide viral hepatitis services. The facilities listed responded to a survey conducted by the Iowa Department of Public Health.

***Facilities listed are those who see patients for medical evaluation and treatment of viral hepatitis. This list is not an endorsement of their services, and it does not guarantee that these facilities will see new patients.*** Providers are listed alphabetically by the county where the office is located.

Providers who wish to be included in future editions or who would like to update their information should contact Shane Scharer, Viral Hepatitis Epidemiologist at the Iowa Department of Public Health, 515-657-1129 or [shane.scharer@idph.iowa.gov](mailto:shane.scharer@idph.iowa.gov).
