

# Electronic Visit Verification (EVV) Stakeholder Sessions

August 22, 2023

Iowa Medicaid EVV Team:

*Latisha McGuire, Brooke Watson, Christy Casey, Rebecca Wedemeier, Kimberley Pierson,  
Emily Eppens & Bianca Finley*

# Topics to be Covered

- Review Stakeholder Session goals
- EVV Current State
- EVV Early Adopters Overview

# Stakeholder Session Goals

- 1 Iowa Medicaid, MCOs, and vendors can offer support to providers.
- 2 Constructively discuss concerns and use problem solving techniques to help prepare for the federally mandated full implementation on January 1, 2024.
- 3 Provide suggested timelines for providers to enable a smooth transition when full implementation is expected.
- 4 Keep providers up to date on progress and requirements.
- 5 Work collectively to identify needs and highlight training opportunities.
- 6 Prevent delays in implementation to avoid financial sanctions.

# EVV Current State

Current state of EVV Implementation

HHS, MCOs and CareBridge have taken feedback and are working diligently to support providers.

Diagnosis code

and Claim line(s)  
update

# Early Adopters Overview

Providers that have signed up to be an Early Adopter will have the option to be on a new EVV Workgroup that is being developed by HHS.

This workgroup will be held separate from the Stakeholder Sessions.

This will be a valuable opportunity for providers to share firsthand experience and struggles regarding EVV Implementation; as well as supporting the process of finding potential solutions.

Currently only six providers have signed up to be an Early Adopter. If interested in becoming an Early Adopter, please email [EVV@dhs.state.ia.us](mailto:EVV@dhs.state.ia.us)

# Early Adopters Overview

HHS has been compiling a list of providers who have expressed interest
