Instructions

Introduction

The Iowa Department of Human Rights – Division of Community Action Agencies (DCAA), in partnership with the Iowa Community Action Association (ICAA) and Iowa's 17 community action agencies, conducted a client needs assessment survey to collect information about the needs of community action agency clients.

This statewide report contains the survey and instructions that were developed and used by the community action agencies, and the data that was collected from the surveys.

The information in this statewide report will be considered by the community action agencies for planning, developing, and delivering agency programs and services to the low-income people that reside in their neighborhoods and communities.

Procedures

This project began in February 2018. A seven member committee consisting of four community action agency staff, two DCAA staff, and an ICAA staff person, were responsible for the survey design, instructions, and this statewide report.

The committee completed the design of the survey in April 2019. Prior to the final design, a draft was sent out for review and comment to all community action agency Executive Directors and agency CSBG staff. In May 2019, the survey and instructions were distributed to the community action agencies.

The committee used the SurveyMonkey.com online survey software for the project's data collection. In April 2019, the DCAA programmed a survey for each community action agency into the online software.

Each community action agency was responsible for managing the sampling and distribution of the survey in their agency's service area, and the collection of the survey responses. Agencies were expected to ensure a minimum of 250 surveys were completed and entered into SurveyMonkey by February 10, 2020.

The DCAA exported the survey data from SurveyMonkey.com to create this statewide report. This report was completed on February 14, 2020.

A number of questions in the survey were open-ended. For those questions, each client had the option of answering them by typing a response. Those responses were exported from SurveyMonkey.com and provided to each agency. The typed responses are not included in this report.

IOWA COMMUNITY ACTION AGENCIES CLIENT NEEDS ASSESSMENT SURVEY

INSTRUCTIONS

TIMELINE:

May 2019

- Agencies will receive (by e-mail) their client survey document (hardcopy)
- Agencies will receive (by e-mail) their SurveyMonkey client survey link
- Agencies can start surveying their clients
- Agencies can start using their SurveyMonkey client survey link (clients can access and complete the survey on a smartphone)

January 31, 2020

• Each agency must have at least 250 client surveys inputted in SurveyMonkey

February 2020

- The DCAA will prepare a statewide client needs assessment and client satisfaction report using the client survey data and information collected from May 2019 through January 31, 2020
- The DCAA will distribute (and/or post on the DCAA website) the statewide client needs assessment and client satisfaction reports

AGENCY RESPONSIBILITIES:

- Each agency will decide how they will manage the sampling, distribution, and collection of their client survey
- Each agency will decide how their client surveys will be inputted into SurveyMonkey
- Each agency will be responsible for ensuring a minimum of 250 completed surveys are inputted into SurveyMonkey by January 31, 2020

The following are some suggested methods for distributing and collecting client surveys:

- Send clients, by e-mail or regular mail, a letter* with the SurveyMonkey link
- Make the SurveyMonkey link available on the agency website and direct clients to the website link
- Have a computer(s) available at agency offices for clients to complete the agency's SurveyMonkey survey online
- Hand out hardcopies of the survey to clients and collect completed surveys by mail or dropoff (agency staff would be responsible for inputting the information into SurveyMonkey)
- Mail hardcopies of the survey to clients and collect completed surveys by mail or drop-off (agency staff would be responsible for inputting the information into SurveyMonkey)

^{*} a sample letter is available for agencies to use for distributing the client survey

CSBG ORGANIZATIONAL STANDARDS:

The completed statewide client needs assessment report will have comprehensive community assessment data and information (including both qualitative and quantitative) that your agency can use when developing your agency specific community assessment report (<u>CATEGORY 3: Community Assessment</u>). The completed statewide community needs assessment report will include:

- Data and information collected from low-income individuals (Standard 1.2)
- Data and information specific to poverty (Standard 3.2)
- Qualitative and quantitative data and information specific to your agency's service area (Standard 3.3)
- Data and information on the causes and conditions of poverty specific to your agency's service area (<u>Standard 3.4</u>)

This statewide client needs assessment process is a systematic approach for collecting customer satisfaction data, information, and input. The completed statewide client satisfaction report can be used by your agency to address Standards 1.3 and 6.4.

SAMPLE LETTER

Dear			
or			
Good afternoon			

lowa's Community Action Network is conducting a study of the needs individuals and families may be experiencing in their lives. Information for the study will be collected by surveying our clients. The results will be considered by [insert your agency name here] for planning, developing, and delivering agency programs and services to the people that reside in our neighborhoods and communities.

The survey takes approximately 10 minutes to complete; there are 50+ multiple choice type questions and a few questions that are open-ended (questions you can type a response). <u>All replies are anonymous and will be treated confidentially.</u>

To complete the survey, please click here >>> [insert your agency SurveyMonkey link here]

If you have trouble accessing the link, you can copy and paste the following link: [insert your agency SurveyMonkey link here]

Thank you for participating. Your feedback is very valuable to us.
