Trauma Facilities Map

Trauma Facilities Map

The screenshot shows a web-based map of Iowa with county boundaries. Numerous blue and purple pins are placed across the state, representing trauma care facilities. A search bar at the top of the map area contains the text "Find a Trauma Center in Your /" and a magnifying glass icon. The map includes standard navigation controls like zoom in (+), zoom out (-), and a home button. A scale bar at the bottom indicates 60 miles. The ESRI logo is visible in the bottom right corner of the map area.

2021 Trends in Trauma Conference

Friday, November 5 / 8 a.m. - 3 p.m. / Zoom

A collaborative multidisciplinary approach to caring for trauma patients: TQIP Best Practices

PURPOSE

Provide an interactive forum for health care staff to discuss and learn best practice guidelines when caring for trauma patients.

CME/CONTACT HOURS/CEH INFORMATION

CME

MercyOne Des Moines Medical Center is accredited by the Iowa Medical Society (IMS) to provide continuing medical education for physicians.

MercyOne Des Moines Medical Center designates this live activity for a maximum of 5.5 credits-AMA PRA Category 1. Physicians should only claim credit commensurate with the extent of their participation in the activity.

CONTACT HOURS

Nurses will be awarded ____ contact hours from MercyOne Des Moines Medical Center, Iowa Board of Nursing Provider #17.

CEH

Mercy College of Health Sciences EMS Program will award _____ continuing education hours (CEH) of credit. CEHs earned will be applicable for renewal of an EMS provider certification/license in Iowa.

Other health care participants who successfully complete this course will receive a certificate of attendance.

[Mercyone.org/desmoines/event/trends-in-trauma-conference](https://mercyone.org/desmoines/event/trends-in-trauma-conference)

MERCYONE.

OBJECTIVES

1. Discuss the management of common traumatic orthopedic injuries
2. Discuss general and specific imaging guidelines in the assessment of the trauma patient
3. Discuss the unique difficulties engendered when dealing with the sudden death of patients with whom the trauma provider has little to no pre-existing relationship
4. Discuss the unique features of specific types of injuries seen in the elderly such as rib and pelvic fractures and traumatic brain injury
5. Discuss massive transfusion guidelines in trauma
6. Recognize multimodal pain management techniques to consider across the spectrum of trauma care, from pre-hospitalization through discharge
7. Describe the goals of treatment in the setting of traumatic brain injury

REGISTRATION

The registration fee is \$20. Please register using this QR code.
