

Montgomery County CHNA Report

Part I. Contact Information

Community Health Needs Assessment (CHNA) Report for

Montgomery

Revised

11/1/2023

For additional information about this report:

We engaged the community by doing a survey during the county fair, National Night Out, and other community events. We also kept a survey at the office and had walk in traffic fill out. We met with other community members including the local hospital.

Part II. Community Health Needs Assessment Details

Priority 1: Lack of mental health providers

According to the County Health Rankings and Roadmaps, there is one mental health provider per 900 residents in Montgomery County.

Is this issue addressed in an improvement plan? No. We have a lack of staff to try and work with existing mental health providers to come to our area.

Part II. Community Health Needs Assessment Details

Priority 2: Population Health

According to the US News article on healthiest communities, Montgomery County has a score of 55/100 for population health. Montgomery County ranks lower than the state and US average for choosing health foods or activities.

Is this issue addressed in an improvement plan? Yes

Priority 3: Drugs and Alcohol Use

Montgomery County sits at 21% usage in adults for smoking, versus the state at 17% and the US at 16%.

Is this issue addressed in an improvement plan? Yes
