Mandatory Reporter Training Requirements

- Every individual required to report suspected abuse as defined in Iowa Code 232.69(1) and Iowa Code 235B.3(2) must complete 2 hours of mandatory reporter training within their first six months of employment or self-employment and one hour of additional training every three years (unless otherwise specified by federal regulations). If your employment qualifies you as a mandatory reporter for both child abuse and dependent adult abuse, you are required to take both trainings and maintain certification for both curricula.
- If you have a valid certificate that has not yet expired before July 1, 2019, then you do not need this training until your certificate expires.
- To be eligible for a recertification course, you must have an unexpired 2-hour certificate completed after July 1, 2019.
- Every individual must create their own account with a valid email address to receive a certificate in their name here: <https://lsglm700.learnsoft.com/lsglm/login/iowalogindhs.aspx>
