Provide a description of the organization and functions of the Medicaid agency.

IOWA DEPARTMENT OF HUMAN SERVICES
NATURE AND EXTENT OF SERVICES

The Iowa Department of Human Services (the Department) is the single state agency responsible for the administration of the Iowa Medicaid Program.

The Mission of the Iowa Department of Human Services (IDHS) is to help individuals and families achieve safe, stable, self-

Medicaid Administration

sufficient, and healthy lives, thereby contributing to the economic growth of the state. We do this by keeping a customer focus, striving for excellence, sound stewardship of state resources, maximizing the use of federal funding and by working with our public and private partners to achieve results.

The Department has six divisions, five field services area offices, and nine state facilities that serve developmentally disabled, mentally ill or juvenile clients. The six divisions of the Department include:

- a. The Division of Fiscal Management.
- b. The Division of Data Management.
- c. The Division of Field Operations.
- d. The Division of Adult, Children, and Family Services.
- e. The Division of Mental Health and Disability Services.
- f. The Division of Medical Services, Iowa Medicaid Enterprise.

The Appeals Unit operates under the Director. The Iowa Medicaid agency is not delegating eligibility determinations or fair hearings to the Exchange or Exchange appeals entity. The Medicaid agency will retain the authority to issue policies, rules and regulations on program matters and retain authority to exercise administrative discretion.

For fair hearings, the Medicaid agency has an interagency agreement with the Iowa Department of Inspections and Appeals (DIA), a state agency independent of the Medicaid agency, to handle state administrative appeals. The Medicaid agency receives the fair hearing requests, logs the request and determines if the appellant can receive an appeal hearing. If the appellant is eligible for a fair hearing, the appeal file is then provided to DIA who schedules and holds the appeal hearings and issued Proposed Decisions.

A review of the Proposed Decision may be requested within ten days of issuance by either the appellant or the Department of Human Services via the Appeals Advisory Council. The standard practice is that reviews of Proposed Decisions are conducted by the Director based on interpretation of law. The Final Decision reflects review by the Director. A "de novo" process may be used by the Director in limited situations when an appellant requests further review, which may include presentation of additional evidence their behalf.

The above process is used for all appeals requested due to medical assistance actions determined by the Department. These actions include, but are not limited to: eligibility determinations for Medicaid, determinations of Level of Care for services, non-payment of medical claims by Medicaid, CHIP determinations, recoupment of member benefits or assessed premiums, of certification of providers, and payments for provider services as well as any other medical assistance issue that an appellant may disagree with.

The responsibilities for the Medicaid program have been dispersed within the Division of Adult, Children, and Family Services, the Division of Data Management, the Division of Fiscal Management, Division of Mental Health and Disability Services and the Division of Medical Services led by the State Medicaid Director, all reporting to the Director for the Department.

The Division of Medical Services, also known as the Iowa Medicaid Enterprise (IME), administers the Iowa Medicaid Program and the CHIP Program and coordinates the activities of its bureaus: Long Term Care, Adult and Children's Medical Programs, Operations, Program Integrity, and the Contracting teams. All activities associated with national Health Care Reform, as it applies to the Medicaid program, except policy related to expanded eligibility, are also administered out of this Division. Support of the Medical Assistance Advisory Council (MAAC) is also provided.

The division directs, coordinates, and oversees the IME operations, quality assurance, and cost containment activities in order to ensure effective program administration and adherence to laws, rules, regulations, and established policies. The IME operations include claims processing, member support and services, provider support and services, medical services, pharmacy medical and pharmacy point of sale services, provider cost audit, revenue collections, program integrity, and data warehouse.

IME ADMINISTRATION/OPERATIONS UNIT INCLUDES: PROGRAM INTEGRITY

This unit is responsible for all activities necessary to ensure the integrity of the Medicaid program and oversight of the transportation brokerage contract. Program integrity encompasses activities associated with initiating sanctions for excluded providers and oversight of the timeliness and accuracy of claims filed by Medicaid providers. The activities of the transportation broker include arranging and paying for non-emergency transportation for eligible Medicaid members.

Medicaid Administration

HEALTH CARE REFORM This unit is responsible for those activities necessary to administer the Medicaid expansion provisions of the Patient Protection and Affordable Care Act (H.R. 3590), except eligibility policy and procedures. Administration includes planning, developing, and implementing work activities that impact the various units of the Iowa Medicaid Enterprise to ensure that appropriate medical services are approved for Members eligible under the Act.

DIRECTOR OF CLINICAL SERVICES

The staff of this unit have responsibility for policy development and quality oversight for the Department's managed care efforts as they relate to Health Maintenance Organizations (HMO's), prepaid insurance plans, and managed mental health and substance abuse plans.

PHARMACIST

This unit serves as the Pharmacy Consultant and Program Manager for the prescribed drug program within the Iowa Medicaid program and the advisor on medical science and healthcare policy. The unit will be responsible for planning, developing, and implementing all work activities related to the Medicaid drug program; including developing and interpreting federal regulations and federal and state laws to ensure accuracy of program policies and procedures, supervising the functions and activities of the Medicaid DUR, pharmacy budget development, writing rules, manuals, acting as a liaison for the Iowa Department of Human Services regarding pharmacy issues, and other pharmacy duties.

IME CONTRACT ADMINISTRATION OFFICE INCLUDES:

MEDICAID CONTRACT ADMINISTRATIVE UNIT

This unit is responsible for oversight and performance monitoring of the Iowa Medicaid Enterprise (IME) contracts to ensure compliance with the contract between the Contractors and Department of Human Services. Staff in this cost center specifically approve and facilitate system changes to the Iowa Medicaid Management Information System (MMIS) necessitated by program policy change including HIPAA, and other changes required to enhance the system. Other responsibilities include: oversight of day to day activities of IME components including the provider services unit, oversight of the IME facility including building security, and production of the MMIS related Advanced Planning Documents and requests for proposals.

IME BUREAU OF LONG TERM CARE INCLUDES:

The staff of this bureau have responsibility for policy development and quality oversight for the State's Skilled Nursing Facilities (SNF), Intermediate Care Facilities (ICF), ICF-Mental Retardation (ICF-MR), Home Health agencies, Rehabilitative Services, and Medicaid waiver programs.

WEB-BASED PROVIDER TRAINING

Contract to expand the provision of nationally accredited and recognized internet-based training to include mental health and disability services providers. This will pay for access for users, server-side set-up, telephone-based implementation training and support, and maintenance and backups. This also includes expenditures for coordination of provider access and user administration.

TRAINING AND TECHNICAL ASSISTANCE

Implement a program to provide technical assistance, support, and consultation to providers of habilitation services and home and community-based waiver services for adults with disabilities under the medical assistance program. This contract provides training to providers in the areas of rules and regulations, audits and compliance, quality assurance, and transitioning consumers to community settings. These expenditures are for training and technical assistance including in-person training programs, and technical assistance provided both in-person and by email, as well as oversight and coordination through a statewide provider association.

IME BUREAU OF ADULT AND CHILDREN'S MEDICAL PROGRAMS INCLUDES:

The staff of this bureau provide supervision and support for the Clinical Services policy unit, the hawk-i unit, and the Health Insurance Premium Payment (HIPP) unit.

CLINICAL SERVICES POLICY UNIT

The staff of this unit are responsible for policy development and quality oversight for IowaCare and hospitals, clinics, and individual practitioner services.

IOWACARE

Medicaid Administration

This unit is responsible for all activities necessary to administer the IowaCare program and management of miscellaneous special projects. Administration of the IowaCare program includes planning, developing, and implementing all work activities associated with the IowaCare program, including IowaCare expansion activities and development of a “medical home” associated with the expansion providers.

hawk-i

The staff of this unit have responsibility for policy development and ongoing administration of the Department’s Children’s Health Insurance Program (CHIP) which is known in Iowa as the Healthy and Well Kids in Iowa (hawk-i) program.

HEALTH INSURANCE PREMIUM (HIPP) PROGRAM UNIT

The Health Insurance Premium Payment (HIPP) Program unit is responsible for enrolling eligible Medicaid recipients in employer-related group health insurance plans when it is determined cost effective to do so. The activities of this unit result in reduced costs to the Medicaid program by establishing or maintaining a third-party resource as the primary payer of the recipient’s medical expenses. Section 4402 of the Omnibus Budget Reconciliation Act (OBRA) permits states to pay for the costs of this unit.

The HIPP Program Unit is also responsible for enrolling non-Medicaid eligible persons in the 100% state-funded AIDS/HIV HIPP program. Costs for the AIDS/HIV HIPP program are identified and tracked separately from the regular HIPP program through use of a separate sub organization within this cost center. Staff time and costs are determined by using current quarter caseload information. Other costs are determined proportionate to the number of AIDS/HIV cases to regular HIPP cases.

The Division of Fiscal Management is part of the DHS General Administration infrastructure that supports all other functions of the department. This division works to:

- Ensure policy and program are compliant with federal and state regulations
- Ensure sound stewardship of State resources, including oversight and management of more than a \$5.2 billion budget annually
- Position the Department to leverage and maximize federal funding by developing, implementing, and monitoring the DHS federal cost allocation plan
- Track and measure results achieved through performance monitoring, review, and oversight of all contracts
- Manage public and private partnerships to support the DHS business and vendor relationships
- Provides corporate human resources support for the department.

Division of Mental Health and Disability Services

MHDS is responsible for planning, coordinating, monitoring, improving and partially funding mental health and disability services for the State of Iowa. The division engages in a wide variety of activities that promote a well-coordinated statewide system of high quality disability-related services and supports including:

•Setting disability policy

The division provides leadership and sets the direction of state policy for the system of mental health and disability services for Iowa. MHDS plans for and oversees the provision of disability-related services for children and adults with a wide range of disability conditions, including mental illness, serious emotional disturbance, intellectual disabilities, developmental disabilities, and brain injury. MHDS is the designated State Mental Health Authority. It is responsible for statewide planning and oversight of mental health services and distribution of federal funds received through the Community Mental Health Block Grant.

•Service coordination

The division works with counties, advisory and planning councils, other DHS programs, and other state agencies to coordinate services. We provide staff support to the Mental Health and Disability Services Commission; the Mental Health Planning and Advisory Council; and the Olmstead Consumer Task Force, and welcome input from individuals and families.

•Quality review

The division works with service providers to assure quality by setting standards for certain facilities and services that are provided to adults and children with mental illness, intellectual disabilities, developmental disabilities and brain injury and evaluating how well those standards are met through an accreditation process.

•Managing grants and contracts

The division distributes and oversees the use of federal and state funding through contracts with providers or other agencies that

Medicaid Administration

offer services or coordinate projects that promote the division's goals.

The Division of Adult, Children, and Family Services includes the Bureau of Financial Health and Work Supports (FHWS), Bureau of Child Care and Community Services, and Bureau of Child Welfare and Protective Services.

Medicaid Policy Managers in the Bureau of FHWS:

develop Medicaid eligibility policy and determine work processes for the eligibility workers

- program policy and budget development
- State Plans
- federal data reporting
- communication and collaboration with stakeholders and other systems serving the same populations

Bureau of Child Care and Community Services

Key work performed by this Bureau includes policy and budget development as well as grants management and federal data reporting for, child care programs, family planning, teen pregnancy prevention, Community Partnerships for Protecting Children, permanency planning, and community empowerment. The Bureau is also responsible for provider accreditation/certification.

Bureau of Child Welfare and Protective Services

Key work performed by this Bureau includes policy and budget development as well as grants management and federal data reporting for child welfare and child protection programs. The Bureau is responsible for the child and dependent adult abuse registries, as well as record check evaluations, the CAPTA and CJA plans. The Bureau is also responsible for family safety, risk, and permanency services, adoptions, foster care and kinship care and federal data reporting for foster care transition services. The Bureau is also responsible for group care and group care licensing, and interstate compacts. The Bureau is also acts as lead on the federal Child and Family Services Review and federal child welfare outcomes. The Team is also responsible for the Title IV-B and IV-E state plans.

Division of Field Operations

The Service Area offices are overseen by Field Operations. Income Maintenance Workers in the six Service Areas process and make eligibility determinations for medical assistance programs.

The core functions of Field Operations include the following:

- Human Resource Management
- Results-based strategic planning, monitoring and reporting of performance and results
- Technical assistance to promote quality, accountability and continuous improvement
- Technical assistance for compliance with Accountable Government Act performance-based contracting
- Quality Control/Auditing of food stamp and Medicaid cases for accurate eligibility determination and benefits
- Federal and management reporting
- Service Authorization Review and Appeal process for Title XIX Targeted Case Management cases
- Research and data analysis

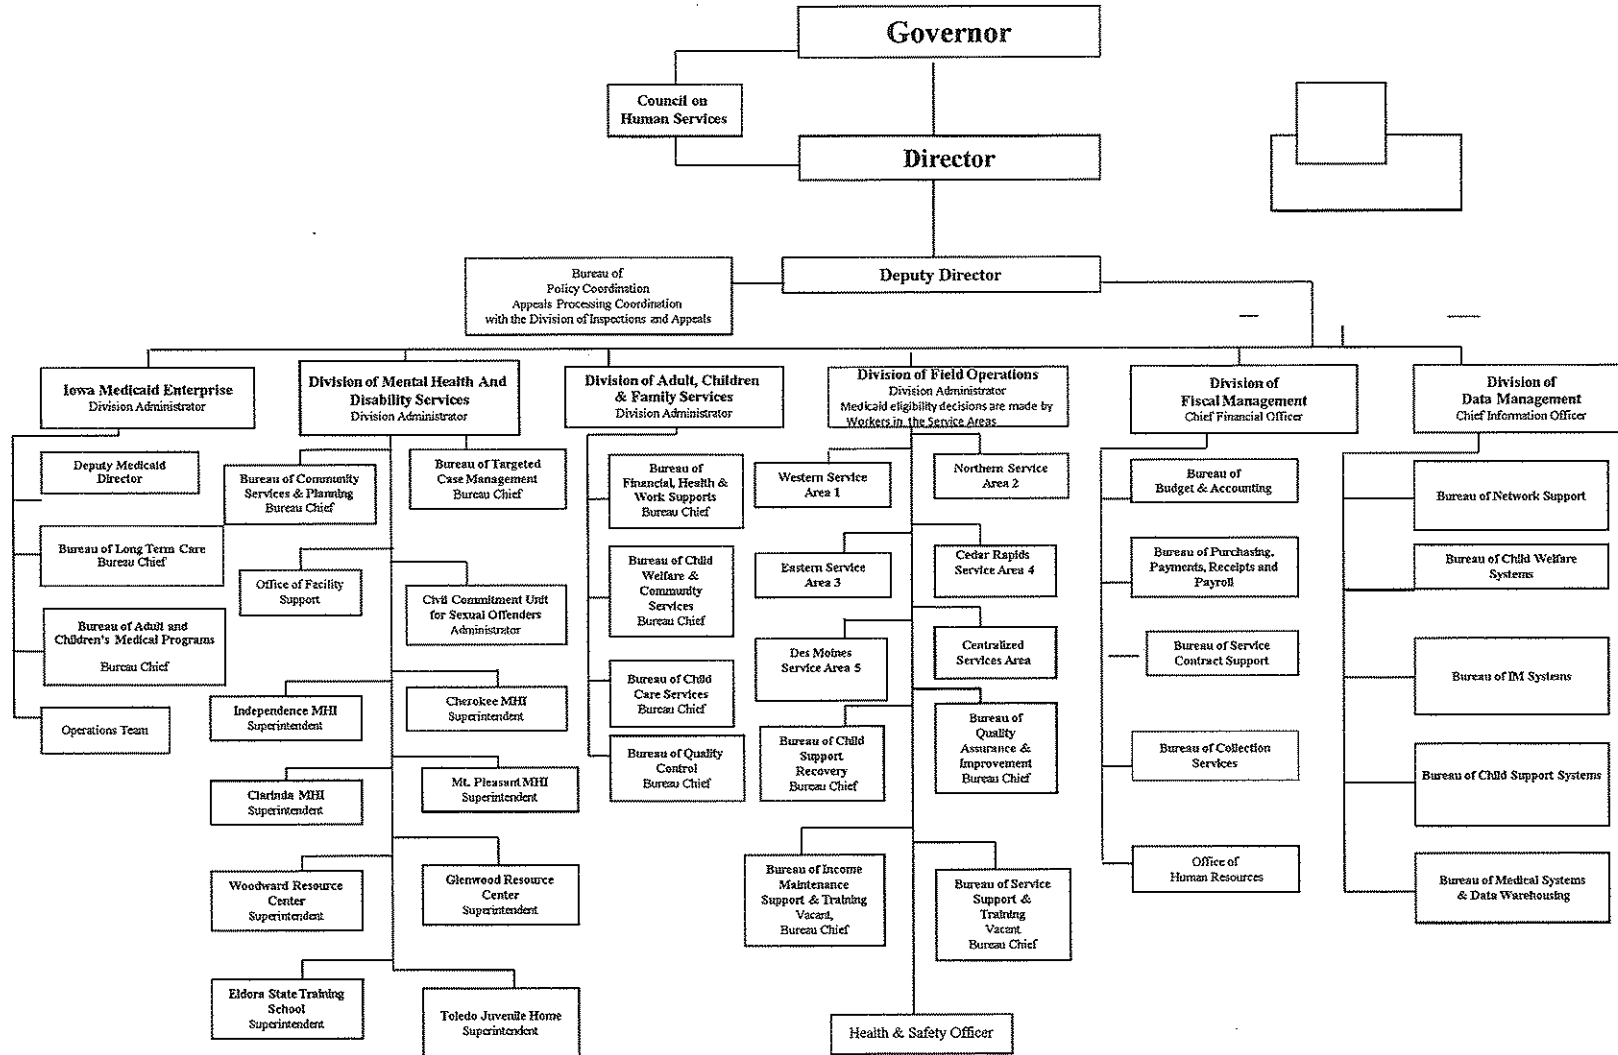

Division of Data Management

The Division of Data Management is the primary responsible entity for information technology support for the Department of Human Services. Ensuring that guidelines and policies for both federal and state guidelines on security and administration of data networks are being met is the responsibility of the Division of Data Management. The Division of Data Management (DDM) is responsible for providing or facilitating most Information Technology services consumed throughout the agency. These services consist of applications development, maintenance, enhancement, support, operations, and project management. In addition, the division supports and maintains a large enterprise network that includes approximately 160 physical sites, 400 servers, 6000 desktop and laptop computers, 2000 printers, and numerous other types of network attached devices.

State of Iowa Department of Human Services

July 2013

Medicaid Administration

Provide a description of the structure of the state's executive branch which includes how the Medicaid agency fits in with other health, human service and public assistance agencies.

State of Iowa Executive Branch Organization

The agencies which make up the executive branch of state government are organized into a number of departments, each with a department head.

The department head coordinates, directs, and executes the department's functions, compiles a comprehensive budget, and submits an annual report to the Governor and the Legislature on the operation of the department.

Executive branch departments: Administrative Services, (Department for the) Blind, Civil Rights Commission, College Student Aid Commission, Commerce, Corrections, Cultural Affairs, Drug Control Policy, Economic Development, Education, Elder Affairs, Human Rights, Human Services, Inspections and Appeals, Iowa Communications Network, Iowa Finance Authority, Iowa Public Employee Retirement System, Law Enforcement Academy, Lottery, Management, Natural Resources, Public Defense, Public Health, Public Safety, (Board of) Regents, Revenue, Transportation, Veterans Affairs, Veterans Home, Workforce Development.

The Iowa Department of Human Services (IDHS) actively reaches out to work with other state agencies and to expand community partnerships and involvement across Iowa. Projects are often undertaken with the Department of Corrections, Department of Education, Department of Elder Affairs, Department of Public Health, the Iowa Veteran's Home, Department of Administrative Services, the Iowa Regent Universities, Department of Management, and Iowa's Homeland Security and Emergency Management Department.

IDHS delegates fair hearings to the Department of Inspections and Appeals (DIA). The Administrative Law Judges who hear state administrative appeals are employed and appointed to particular cases by the Iowa Department of Inspections and Appeals. The Administrative Law Judge writes and issues a Proposed Decision.

Examples of successful partnerships with other Departments are:

- Partners with the Iowa Department of Public Health (IDPH) by making referrals to Women, Infants and Children programs to enable pregnant women and children in low-income families to receive nutrition assistance through the WIC program administered by IDPH.
- DHS also partners with the Department of Public Health to conduct state-wide and local grassroots outreach efforts for the CHIP hawk-i program that focus on schools, health care providers, businesses and faith-based organizations.
- DHS partners with the Department of Education to conduct outreach activities in conjunction with the Free and Reduced Meals programs.
- When needed, DHS partners with the Iowa Disaster and Emergency Management, for Crisis Hotlines and Emergency Food Assistance. In the past, DHS has partnered with the Department of Homeland Security and Emergency Management and the Federal Emergency Management Agency (FEMA), the Small Business Administration (SBA) and many county emergency response teams, managed the state's Other Needs Assistance Program (ONA), provided Crisis Counseling, and received federal approval to implement an enhanced Disaster Food Assistance benefit in the designated Federal Disaster Relief Areas.
- Partners with counties to provide targeted case management for persons with mental retardation, chronic mental illness, and/or developmental disabilities.
- Partners with Juvenile Court Services to contract for services for youth adjudicated delinquent.
