

INSTITUTIONAL STATE PLAN AMENDMENT
ASSURANCE AND FINDING CERTIFICATION STATEMENT

STATE: IOWA

TN - MS-97-25
Supersedes TN 96-31

REIMBURSEMENT TYPE: Inpatient hospital _____
 Nursing Facility _____
 ICF/MR X _____

PROPOSED EFFECTIVE DATE: July 1, 1997

A. State Assurances and Findings. The State assures that it has made the following findings:

1. 447.253(b)(1)(i) - The State pays for inpatient hospital services and long-term care facility services through the use of rates that are reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated providers to provide services in conformity with applicable State and Federal laws, regulations, and quality and safety standards. X

2. With respect to inpatient hospital services --

a. 447.253(b)(1)(ii)(A) - The methods and standards used to determine payment rates take into account the situation of hospitals which serve a disproportionate share of low income patients with special needs.

NA

b. 447.253(b)(1)(ii)(B) - If a State elects in its State plan to cover inappropriate level of care services (that is, services furnished to hospital inpatients who require a lower covered level of care such as skilled nursing services or intermediate care services) under conditions similar to those described in section 1861(v)(1)(G) of the Act, the methods and standards used to determine payment rates must specify that the payments for this type of care must be made at rates lower than those for inpatient hospital level of care services, reflecting the level of care actually received, in a manner consistent with section 1861(v)(1)(G) of the Act.

NA

If the answer is "not applicable," please indicate:

Not applicable.

App MAR 10 1998

- c. 447.253(b)(1)(ii)(C) - The payment rates are adequate to assure that recipients have reasonable access, taking into account geographic location and reasonable travel time, to inpatient hospital services of adequate quality.
NA
- 3. With respect to nursing facility services --
 - a. 447.253(b)(1)(iii)(A) - Except for pre-admission screening for individuals with mental illness and mental retardation under 42 CFR 483.20(f), the methods and standards used to determine payment rates take into account the costs of complying with the requirements of 42 CFR part 483 subpart B.
NA
 - b. 447.253(b)(1)(iii)(B) - The methods and standards used to determine payment rates provide for an appropriate reduction to take into account the lower costs (if any) of the facility for nursing care under a waiver of the requirement in 42 CFR 483.30(c) to provide licensed nurses on a 24-hour basis.
NA
 - c. 447.253(b)(1)(iii)(C) - The State has established procedures under which the data and methodology used to establish payment rats are made available to the public.
NA
- 4. 447.253(b)(2) - The proposed payment rate will not exceed the upper payment limits as specified in 42 CFR 447.272:
 - a. 447.272(a) - Aggregate payments made to each group of health care facilities (hospitals, nursing facilities, and ICFs/MR) -will not exceed the amount that can reasonably be estimated would have been paid for under Medicare payment principles.
X
 - b. 447.272(b) - Aggregate payments to each group of State-operated facilities (that is, hospitals, nursing facilities, and ICFs/MR) -- when considered separately -- will not exceed the amount that can reasonably be estimated would have been paid for under Medicare payment principles.
X

If there are no State-operated facilities, please indicate "not applicable."

c. 447.272.(c) - Aggregate disproportionate share hospital (DSH) payments do not exceed the DSH payment limits at 42 CFR 447.296 through 447.299. NA

d. Section 1933(g) - DSH payments to individual providers will not exceed the hospital-specific DSH limits in section 1923(g) of the Act. NA

B. State Assurances. The State makes the following additional assurances:

1. For hospitals --

a. 447.253(c) - In determining payment when there has been a sale or transfer of the assets of the hospital, the State's methods and standards provide that payment rates can reasonably be expected not to increase in the aggregate solely as a result of changes of ownership, more than payments would increase under Medicare under 42 CFR 413.130, 413.134, 413.153 and 413.157 insofar as these sections affect payment for depreciation, interest on capital indebtedness, return on equity (if applicable), acquisition costs for which payments were previously made to prior owners, and the recapture of depreciation. NA

2. For nursing facilities and ICFs/MR --

a. 447.253(c) - In determining payment when there has been a sale or transfer of the assets of a NF or ICF/MR, the State's methods and standards provide that payment rates can reasonably be expected not to increase in the aggregate solely as a result of changes of ownership, more than payments would increase under Medicare under 42 CFR 413.130, 413.134, 413.153 and 413.157 insofar as these sections affect payment for depreciation, interest on capital indebtedness, return on equity (if applicable), acquisition costs for which payments were previously made to prior owners, and the recapture of depreciation. X

b. 447.253 (d)(2) - When there has been a sale or transfer of the assets of a NF or ICF/MR on or after October 1, 1985, the State's methods and standards provide that the valuation of capital assets for purposes of determining payment rates will not increase (as measured from the date of acquisition by the seller to the date of the change of ownership) solely as a result of a change of ownership, by more than the lesser of:

(i) 1/2 of the percentage increase (as measured from the date of acquisition by the seller to the date of the change of ownership) in the Dodge construction index applied in the aggregate with respect to those facilities that have undergone a change of ownership during the fiscal year; or

(ii) 1/2 of the percentage increase (as measured from the date of acquisition by the seller to the date of the change of ownership) in the Consumer Price Index for All Urban Consumers (CPI-U) (United States city average) applied in the aggregate with respect to those facilities that have undergone a change of ownership during the fiscal year.

X

3. 447.253(e) - The State provides for an appeals or exception procedure that allows individual providers an opportunity to submit additional evidence and receive prompt administrative review, with respect to such issues as the State determines appropriate, of payment rates. X
4. 447.2563(f) - The State requires the filing of uniform cost reports by each participating provider. X
5. 447.253(g) - The State provides for periodic audits of the financial and statistical records of participating providers. X
6. 447.253(h) - The State has complied with the public notice requirements of 42 CFR 447.205.

Notice published on: none

If no date is shown, please explain:

not required as no change-methodology remains the same-80th percentile.

7. 447.253(l) - The State pays for inpatient hospital and long-term care services using rates determined in accordance with the methods and standards specified in the approved State plan. X
