

## Member Education and Enrollment Events

**Summary:** Iowa Medicaid is hosting a mix of in-person meetings and webinars branded as “tele-townhall meetings” in 11 cities across Iowa.

These meetings provide the public with an opportunity to receive information about the transition, ask questions directly to DHS staff, and receive in-person enrollment assistance. The tele-townhalls feature a short presentation, which will be posted online for those with Internet access. Iowa Medicaid is working with local venues such as public libraries, to offer these educational events free to the public, with the capacity to accommodate larger audiences. Iowa Medicaid will track the questions that are asked, and use these meetings to prepare further communications and planned responses.

**Target Audience:** Medicaid members transitioning to the IA Health Link program, family members, and member representatives.
