HUMAN SERVICES DEPARTMENT[441]

Adopted and Filed

Rule making related to provider rates.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code section 249A.4.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 249A.4 and 2022 HF 2578.

Purpose and Summary

During the 2022 Legislative Session, 2022 Iowa Acts, House File 2578, appropriated funds to increase specific home- and community-based services (HCBS) waiver and HCBS habilitation provider reimbursement rates over the rates in effect June 30, 2022, as follows:

- Increase rates for behavioral health intervention services (BHIS) by 20.6 percent.
- Increase rates for applied behavior analysis (ABA) by 8.9 percent.
- Increase rates for home health agencies providers located in rural areas. These are the providers covered under the low utilization payment adjustment (LUPA) methodology, whose rates may vary depending on type of provider. LUPA is a standard per-visit payment for episodes of care with a low number of visits. Currently, LUPA occurs when there are four or fewer visits during a 60-day episode of care.

As part of the American Rescue Plan Act (ARPA), Section 9817, HCBS implementation plan, the Department has designated $14.6 million in state funds to increase HCBS waiver and habilitation reimbursement rates by 4.25 percent. The following rate changes are in effect:

- Increase the reimbursement rates and upper rate limits for providers of HCBS waiver and habilitation services beginning July 1, 2022, by 4.25 percent over the rates that are in effect on June 30, 2022.
- Increase the monthly caps on the total monthly cost of HCBS waiver and habilitation services.
- Increase the monthly cap on HCBS support employment and intellectual disabilities (ID) waiver respite services.
- Increase the annual or lifetime limitations for home and vehicle modifications and specialized medical equipment.

The amendments also corrected the following technical errors:

- Remove the individual placement and support supported employment (IPS SE) from the HCBS waiver supported employment and add it under the HCBS habilitation supported employment services. IPS SE is only provided to individuals enrolled in the 1915(i) habilitation program.
- Align the total monthly cap on supported employment services under the HCBS habilitation program with the HCBS waiver employment service monthly cap, as is the current practice.
Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on December 14, 2022, as ARC 6736C.
No public comments were received.
No changes from the Notice have been made.

Adoption of Rule Making

This rule making was adopted by the Council on Human Services on February 9, 2023.

Fiscal Impact

During the 2022 Legislative Session, HF 2578 appropriated funds to increase home health agency rates for providers operating in rural areas and to increase BHIS and ABA provider rates. As part of the American Rescue Plan Act (ARPA), Section 9817 HCBS implementation, the Department has designated $14.6 million in state funds to increase HCBS waiver and habilitation reimbursement rates by 4.25%

Jobs Impact

This amendment raises the rate of reimbursement for rural home health agencies, behavioral health intervention and applied behavior analysis. This amendment raises the rate of reimbursement for HCBS Waiver and HCBS Habilitation service providers. This rate will directly benefit HCBS members accessing Consumer Directed Attendant Care and Consumer Choices Option by enabling them to offer an increased wage to potential employees which may increase the recruitment and retention rates of CDAC workers and CCO employees. This increase could assist HCBS providers with recruitment and retention efforts which may provide improved quality of services for HCBS members. The rules may have a positive influence on private-sector jobs and employment opportunities in Iowa.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to 441__1.8(17A, 217)

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its regular monthly meeting or at a special meeting. The Committee’s meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rule making will become effective on April 1, 2023.

1. Give a brief purpose and summary of the rulemaking:

As part of the American Rescue Plan Act (ARPA) Section 9817 HCBS implementation plan, the Department has designated $14.6M in state funds to increase HCBS Waiver and Habilitation reimbursement rates by 4.25 percent. The proposed changes include revisions to 441-Chapter 78, 79 and 83:

- To increase the reimbursement rates and upper rate limits for providers of Home and Community Based Service (HCBS) Waiver and HCBS Habilitation services beginning July 1, 2022, by 4.25 percent over the rates in effect on 06/30/2022
- To increase the monthly caps on the total monthly cost of HCBS waiver services and Habilitation
- To increase the monthly cap on HCBS Supported Employment and ID Waiver Respite services.
- To increase annual or lifetime limitations for Home and Vehicle Modifications, Specialized Medical Equipment

During the 2022 Legislation Session HF 2578 appropriated funds to increase specific provider’s reimbursement rates over the rates in effect 06/30/2022:

- Behavioral Health Intervention services 20.6 percent rate increase over the rate in effect 06/30/2022
- Applied Behavior Analysis 8.9 percent rate increase over the rate in effect 06/30/2022
- Home Health Agencies providers located in rural areas

These amendments also correct the technical errors:

- by removing Individual Placement and Support Supported Employment from the HCBS Waiver Supported Employment and adding it under the HCBS Habilitation Supported Employment services. IPS SE is only provided to individuals enrolled in the 1915(i) Habilitation Program.
- Aligning the total monthly cap on supported employment services under the HCBS Habilitation program with the HCBS Waiver employment service monthly cap as is current practice.

2. What is the legal basis for the change? (Cite the authorizing state and federal statutes and federal regulations):

249A.4 – HF2578

3. Describe who this rulemaking will positively or adversely impact.

This amendment raises the rate of reimbursement for HCBS Waiver and HCBS Habilitation service providers. This rate increase will directly benefit HCBS members accessing Consumer Directed Attendant Care (CDAC) and Consumer Choices Option (CCO) by enabling them to offer an increased wage to potential employees which may improve the recruitment and retention rates of CDAC workers and CCO employees. This increase could assist HCBS providers with recruitment and retentions efforts which may provide improved quality of services for HCBS members.

This amendment raises the rate of reimbursement for rural home health agencies, behavioral health intervention and applied behavior analysis.

4. Does this rule contain a waiver provision? If not, why?
A waiver provision is not necessary. 441 -1.8(17A, 217) provides for waiver of administrative rules in exceptional circumstances.

5. What are the likely areas of public comment?
   Providers and Medicaid members will respond positively to the increase in reimbursement rates.

6. Do these rules have an impact on private-sector jobs and employment opportunities in Iowa? (If yes, describe nature of impact, categories and number of jobs affected, state regions affected, costs to employer per employee.)
   These rules may have a positive influence on private-sector jobs and employment opportunities in Iowa.
